GENERAL TARIFF
MOVES AND CHANGES

A. GENERAL

The Company reserves to itself the exclusive right of making changes in the wiring and in the location of its lines and equipment. When it is found that a move or change of such lines or equipment had been made by others, charges apply as if the work had been done by the Company.

The total of the charges for a move and other changes made at the same time shall not be in excess of the charge which would apply to a connection or installation of the equipment moved and the lines that terminate therein (excluding multiple terminations).

Exceptions:

1. Charges based on cost apply to moves of a concentrator-identifier equipment and equipment for which neither a connection nor a move charge is specified.

C. REWIRES

1. General

- a. A rewire is a change at the subscriber's initiative in the termination of lines or wiring. Such changes may be made either in a central office or at a subscriber's premises.
- b. A rewire of a line includes corresponding changes in the multiple terminals of the line.
- c. Rewire charges shall not apply when other non-recurring charges, in addition to Service Order Charges, apply to connect, move or substitute stations associated with the lines rewired.
- d. Rearrangements, such as the following, are classified as rewires:
 - (1) Changes in restriction arrangements on stations, each station.
 - (2) Provision of, change in or discontinuance of line hunting arrangements subsequent to connection of stations, each line.
 - (3) Changes of bridged stations from one line to another, each station.
 - (4) Interchange of numbers on two or more individual or auxiliary lines of the same subscriber, each line.
 - (5) Retermination of inside wiring, each line.
 - (6) Changes in terminations in the Company central office, such as changes to different circuits for alarm circuits, each line.
 - (7) Changes of individual line, each primary station.

2. Charges

In addition to a Service Order Charge and Premises Visit Charge, if applicable, as specified in Section 6.A.3 of this Tariff, and any other applicable charges, the following charge applies:

E. SUSPENSION OF RESIDENCE SERVICE

1. General

Incoming and outgoing service will be suspended at the subscriber's request on all or part of the subscriber's central office lines. The subscriber may also arrange for suspension of facilities associated with a suspended central office line. The equipment is left in place and directory listings are continued without change.

At the subscriber's request, the Company will inform persons calling the telephone number of the suspended service, that the subscriber's calls are being received at another number.

In determining the minimum charges specified in Section 1 of this Tariff any period of suspended service is disregarded.

Service may be established at a new location and immediately suspended provided the subscriber occupied the premises.

Temporary Suspension is available to a customer for a maximum period of nine (9) months. The customer's number must be working for at least 90 days in a calendar year.

2. Rates and Charges

The reduce rates and charges specified below, apply in lieu of all Tariff rates, including mileage, for the suspended service and facilities excepting cable carrying charges and monthly construction charges which apply regardless of suspension. Where the suspension period includes a fraction of a month, the subscriber's monthly allowance in local calls under message rate schedules is prorated.

<u>Period of Suspension</u>	<u>Rates and Charges</u>	<u>USOC</u>
(1) For the first five months or fraction thereof, to suspend and subsequently restore service.	A Service Order Charge and, for each line suspended, a Line Change Charge shall apply as specified in Section 6.A.3. of this Tariff	
(2) Each additional month of suspension	\$ 1.96
