GENERAL TARIFF
STATION EQUIPMENT

The following rates and charges apply in addition to the applicable rates and charges specified in other Sections of this Tariff. When more than one item of supplemental station equipment is associated with the same telephone, the applicable charge for such items is the sum of the rates and charges for each individual item, unless specifically stated otherwise.

A. REGISTRATION JACKS

The following registration jacks are provided by the Company at a Demarcation Point. The charges below apply for standard jacks, as defined by Part 68 of the Federal Communications Commission's Rules and Regulations for the connection to the telecommunications network and private line services of inside wire and registered terminal equipment.

1. Indoor and Outdoor Jacks

Flush or non-flush jacks are furnished for use with any class of service. The following registered jacks are provided when used as a network interface as specified in Section 1 of this Tariff.

	<u>Monthly Rate</u>	<u>Installation* Charge</u>	<u>USOC</u>
Miniature Modular Jack	None	\$11.92	RJ1 RJ11C RJ11W RJ12 RJ13 RJ14C RJ14W RJ16X RJ1DC RJ17C RJ25C
Standard Network Interface (SNI)**	None	16.50	NWI
Series, per jack	None	28.25	RJ31X to RJ38X

NOTE: Unusual installations such as in auditoriums and public dining rooms are furnished at charges based on cost.

* No installation charge applies where a registration jack is reused in place.

** See Section 1.B.3 of this Tariff for regulations.

Effective: January 15, 2018
