TARIFF FORMAT

- A. Sheet Numbering** – page numbers appear in the upper right corner of the page. Pages are numbered sequentially. When a new page is added between pages already in affect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** – Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Connecticut Department of Public Utility Control (hereafter “the Commission”). For example, the 4th revised page 14 cancels the 3rd revised page 14. Consult the Check Page for the page currently in effect.
- C. Check Sheets** – When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*).
