ACCESS SERVICE

23. Tariffed Service Components

The Tariffed Service Components offered in this Section 23 are for the exclusive use of customers for connecting to the interstate services provided by the Telephone Company as described in more detail herein.

23.2 Point To Point SONET Service Switched Facilities (C)

23.2.1 General

Telephone Company provided point to point SONET service is provided where technically and operationally feasible as determined by the Telephone Company and provides a customer with SONET based broadband access transport over the Telephone Company's shared SONET network. The customer has the option to order the service with multiplexing capability from which lesser capacity Switched Access channels can be derived via riders. (T)

(M)

(A) Transport |

Shared Transport is applicable when the transport between Node and/or Links is ordered at different bandwidth levels. |

(M)

Shared Transport may be ordered in bandwidths of DS1 or DS3/STS1.

Certain material on this page formerly appeared on 5th Revised Page 20-13.

ACCESS SERVICE

23. Tariffed Service Components (Cont'd)

23.2 Point To Point SONET Service Switched Facilities (Cont'd) (C)

(B) Rider (M)

The Rider is the customer's service(s) traversing a higher bandwidth level. Riders may be provided at DS1, DS3, or STS1 bandwidth levels as required by the customer.

Intrastate Riders may be transported on the customer's interstate Optical Networking facility. (M)

23.2.2 Application of Rates and Charges (T)

(D)

(D)

(A) The transport is mileage sensitive and will be calculated based on the V&H coordinates of the wire centers comprising each segment of the connect. The meet point billing mileage calculation is specified in 2.7.3. (M)

(B) The Rider is provided at a flat-rated monthly recurring charge and is applicable per rider circuit order. A Rider is not charged with a CDL Link – Single or Diverse Route – Concatenated/Non-concatenated optical interface. The Rider charges for Express Connect is included in their monthly rates.

(C) In jointly provided meetpoint arrangements, Rider charges apply in addition to other applicable charges when the Telephone Company provides any OCn mux node, whether provided at the customer premise or in the central office. (M)

23.2.3 Term Plans (T)

Shared Transport and Riders are provided on a month-to-month basis. (C)

23.2.4 Minimum Period (T)

There is no minimum period for point to point SONET service.

Certain material on this page formerly appeared on 5th Revised Pages 20-13 and 20-13.1.
