3.8 Satisfaction Guarantee

This offer is available to a New Customer, which is defined as a Customer who has not subscribed to any XO service during the one year period prior to subscribing to new XO service. Pursuant to this offering, a New Customer may cancel its new Service, without incurring contractual penalties, within three (3) months of the Service installation date if the New Customer is not completely satisfied with the Services provided by XO. (A month is equal to 30 calendar days.) In order to be eligible for this offering, a New Customer must not have received telecommunications service from another Service Provider at the location to which the new XO services are provided, or the New Customer must switch back to the Service Provider that provided New Customer's telecommunications service prior to New Customer subscribing to the new XO service.

New Customer must notify XO, in writing (via certified or overnight delivery with signature) with the XO claim form no later than three (3) months from the date of Service installation and before contacting their previous provider, of its intent to discontinue the Services. New Customer must allow XO a minimum of 30 days from the day of New Customer's notice, for the cancellation of the Services, including re-connection to the original Service Provider. After receipt of New Customer's timely notice, XO, in conjunction with the termination of New Customer's Service, will waive any applicable contract termination charges.

XO also will reimburse the New Customer for any installation charges incurred by New Customer to restore the New Customer to its previous Service Provider at the identical level and type of service provided by the previous Service Provider at the same customer location. In order to receive the reimbursement, the New Customer must, within (3) months of the installation date, provide XO with the following: (1) the XO reimbursement form; (2) a copy of the invoice from the other Service Provider posting the non-recurring charges for restoring New Customer's service to the other Service Provider; and (3) a copy of the last invoice that the New Customer had received from the other Service Provider prior to switching to XO, if applicable.

If New Customer previously did not have a provider other than XO at the location to which the Services are provided, or if the previous Service Provider will not or cannot provide the identical level and type of service previously provided to New Customer, XO will reimburse New Customer any initial XO installation charges New Customer incurred in conjunction with the installation of Service. All reimbursements will be in the form of a check. Credits will not be given.

3. SERVICE AND RATE DESCRIPTIONS (Cont'd)

3.8 Satisfaction Guarantee (Cont'd)

XO is not liable for any outage or inconvenience to New Customer relating to restoring the New Customer to its previous Service Provider. The New Customer is responsible to pay XO for all charges for XO new Service provided to the New Customer through and including the date of Service termination prior to receiving reimbursement from XO.

This offering is not available to customers receiving non-standard pricing, non-standard products, or non-standard terms and conditions (e.g., individual case basis prices, products, or terms and conditions), or customers for whom XO performed Special Construction or Special Configurations. Special Construction is defined in Section 2.1.7 of this tariff. Special Configuration refers to the situation in which a customer's service connection is established through a non standard network architecture design.

3.10 InterLATA Network Access

3.10.1 Description of Service

Company InterLATA Network Access is an InterLATA service that provides a dedicated transmission path between a customer designated premises and a Company Point of Presence (POP). Where InterLATA Network Access is available, service is offered as a high capacity dedicated transmission facility available 24 hours per day, 7 days per week in the following bandwidths: DS1 (1.544 Mbps) and DS3 (44.436 Mbps).

The facilities to the customer-designated premises may be entirely On-Net or Off-Net. Customers may commit to one, two or three year service terms. The minimum service period for InterLATA Network Access is one year. Should the Customer terminate service prior to the end of the term commitment, the Customer will be billed a termination charge equal to the monthly recurring charge times the number of months remaining in the term.

3.10.2 Rates and Charges

Rates and charges for InterLATA Network Access service are defined herein and are based on the locations of the customer designated premises in relation to Company's network. Specifically, Customers will be charged according to whether the customer-designated premises are On-Net or Off-Net. As used herein, On-Net service shall mean service to the Customer designated premises is provided entirely over Company facilities. Off-Net service shall mean service to the Customer designated premises is not provided entirely over Company facilities. Instead, service to the Customer designated premises is provided by Company, in whole or in part, through the use, purchase or lease of facilities from a service provider other than Company.

3. SERVICE AND RATE DESCRIPTIONS (Cont'd)

3.10 InterLATA Network Access (Cont'd)

3.10.2.1 Rate Elements:

Two rate elements apply to Off-Net InterLATA Network Access: Channel Termination and Network Access Mileage. One rate element applies to On-Net InterLATA Network Access: Channel Termination.

Channel Termination
The Channel Termination rate element provides for the dedicated transmission path between the customer-designated premises and the Company POP. One Channel Termination charge applies per point of termination. A Channel Termination charge applies when the customer designated premises and the serving wire center are collocated in the same building.

Network Access Mileage
The Network Access Mileage rate element provides for the dedicated transmission facilities path between the customer's serving wire centers associated with the customer designated premises and the Company POP. The Mileage rate element is made up of two charges: a flat rate per circuit ("Fixed") and flat a per-mile rate ("Variable").

The Mileage rate element will be rounded up to the next mile for any fraction of a mile. For example, 0.001 miles will be charged at 1 mile. If both the Customer's designated premises and the Company POP are within the same central office, Mileage charges will not apply.

3.12 Property Tax Recovery Charge

All intrastate services will be subject to a monthly Property Tax Recovery (PTR) charge of 0%-10%. The PTR charge provides for recovery of property taxes imposed on the Company's telecommunications facilities. The PTR, however, is applied only to net intrastate charges, after the application of any service discounts and credits.

3.12.0 Historic Invoices

The Company will furnish, upon Customer's request, copies of invoices which were originally issued to the Customer more than thirteen months prior to the request or copies of invoices that are available on-line, but that customer does not wish to retrieve from the available on-line system. Customers can request the invoice in one of two formats: electronic copy (portable data file/.pdf) or CSV/CD of Call Detail Record. Customer will be charged based on the format requested and on a per invoice basis.

Format	Rate Per Invoice
Electronic	$0.00-$20.00
CSV/CD of CDR	$0.00-$50.00

3.12.1 XO Corporate Long Distance Plan

XO Corporate Long Distance Plan is a long distance calling plan available to Customers who subscribe to Company's local or long distance facilities-based service. Customer subscribes to a monthly long distance revenue commitment level. Usage for domestic interstate dedicated and switched service and intrastate dedicated and switched service contribute to the Customer's commitment level. The commitment level subscribed to by the customer will determine the per minute rate billed to the Customer. If customer's monthly total usage does not meet its subscribed commitment level, customer will be charged the difference between its usage and its commitment level.

Customers must subscribe to this service for a minimum of one year.

Operator Assistance and Directory Assistance services are not included in this plan, but are available to customers subject to the provisions of this tariff. Switched usage will be charged at the per minute rate described in this tariff's Switched Long Distance Product.

The service is billed in six (6) second increments after an initial billing increment of six (6) seconds. The duration of each call will be rounded off to the nearest higher increment for billing purposes. Additionally, fractional cents will be rounded off to the next highest cent. Unless specified otherwise in this Tariff, the duration of each call for bill purposes will be rounded off to the nearest highest increment. The monthly recurring charge does not include any taxes, surcharges, or fees.

For Customers subscribed to the $10,000 commitment level, toll free usage cannot exceed 60percent of customer's total long distance usage.

3. SERVICE AND RATE DESCRIPTIONS (Cont'd)

The following sections will apply to customers who are served by a Central Office where the former Allegiance Telecom of New York, Inc. has facilities and to existing Customers of XO Communications Services, Inc. as of February 19, 2005.
Category Two - Sections 3.13 thru 3.24 (T)

3.13 IntraLATA Toll Service

IntraLATA toll service is furnished for communication between telephones in different local calling areas within a particular LATA in accordance with the regulations and schedules of charges specified in this tariff. The toll service charges specified in this section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff.

IntraLATA toll calling includes the following types of calls: direct dialed, collect, 3rd number billed, special toll billing, requests to notify of time and charges, person to person calling and other station to station calls.

3.13.1 Classes of Calls

Service is offered as two classes: station to station calling and person to person calling.

3.13.1.1 Station to Station Service is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.

3.13.1.2 Person to Person Service is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person to person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.

3. SERVICE AND RATE DESCRIPTIONS (Cont'd)

3.13 IntraLATA Toll Service (Cont'd.)

3.13.2 Timing of Calls

Unless otherwise indicated, all calls are timed in one minute increments and all calls which are fractions of a minute are rounded up to the next whole minute.

For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.

For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.

Call timing ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.

Calls originating in one time period as defined in Section 3.13.3 and terminating in another will be billed the rates in effect at the beginning of each minute.

3.13.4 Regulations and Computation of Mileage

Calls for which rates are mileage sensitive are rated on the airline distance between the originating rate center and the terminating rate center.

A. Originating Rate Center

A Customer's primary local exchange number includes an NXX code that is associated with a specific rate center. The originating point of all calls charged to that Customer's account shall be the location of the Customer's rate center.

B. Terminating Rate Center

The terminating point for all calls shall be the location of the local rate center associated with the called number.

C. Calculation of Mileage

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call. The serving wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between any two rate centers is determined as follows:

3. SERVICE AND RATE DESCRIPTIONS (Cont'd)

3.13 IntraLATA Toll Service (Cont'd.)

3.13.4 Regulations and Computation of Mileage, (Cont'd)

Airline mileage, where mileage is the basis for rating calls, is obtained by using the "V" and "H" coordinates assigned to each rate center and contained in NECA FCC Tariff No. 4 or successor tariffs. To determine the airline distance between any two locations, proceed as follows:

1. Obtain the "V" and "H" coordinates for each location. The "V" coordinate is the first four digits in the "VH" column. The "H" coordinate is the next four digits.

2. Obtain the difference between the "V" coordinates of each of the locations. Obtain the difference between the "H" coordinates.

3. Square each difference obtained in step b., above.

4. Add the square of the "V" difference and the "H" difference obtained in step c., above.

5. Divide the sum of the square by 10. Round to the next higher whole number if any fraction is obtained.

6. Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

3.14 UNI-Rate Long Distance Service (ULD)

3.14.1 Description - Uni-Rate Long Distance Service (ULD) is a communications service which is available for use by the Customer twenty-four (24) hours a day. The Customer may originate ULD from locations served by the Company and may terminate in all locations within the state but outside of the county from which the call is placed. ULD calls will be billed in six (6) second increments with an initial billing period of sixty (60) seconds.

3.14.2 Variations - The service is offered in two variations depending on the method that the Customer employs to gain access to the Company's network for use of the service:

A. Presubscription – ULD is offered in Feature Group D (FGD) exchanges whereby the Customer's local telephone lines are presubscribed by the local exchange company (LEC) to the Company's ULD service, such that "1+" interLATA calls are automatically routed to the Company's network.

B. Dedicated – ULD is offered to the extent that facilities are available in those cases where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk-compatible PBX or other suitable equipment to the Company's POP. The Customer shall be responsible for all costs and charges associated with the dedicated access facilities.

3.16 TOLL FREE 800/888/877 SERVICE

Description – 800/888/877 Service provides the Customer with a telephone number within the 800/888/877 NPAs, enabling the Customer or User to receive incoming calls to that number which originate from any station on the public switched telecommunications network within the State of New York. All charges for incoming 800/888/877 calls are billed to the Customer. 800/888/877 Service calls may be received over:

Company-Provided Exchange Access Services - The Customer must designate one Exchange Access Service, or channels on a Digital Trunk, for use in conjunction with the Company's 800/888/877 Service, prior to commencement of service. Service provided in this manner is Dedicated 800/888/877; or

Exchange Access Lines – Exchange Access Lines are provided to the Customer by another certificated local exchange carrier, and must be pre-subscribed by the Customer to the Company's Switched 800/888/877 Service.

3.16.1 General – The 800/888/877 Service arrangement is an inward calling switched service which permits a call to be completed at the Customer's location without charge to the calling party. Access to the service is gained by an end user dialing a 10 digit telephone number (e.g., 800+NXX-XXXX) which will terminate at the Customer's location. The usage is billed on a flat rated basis. 800/888/877 Service calls are billed in six (6) second increments, with an initial billing period of sixty (60) seconds per call. An MATR of sixty (60) second increments after an initial increment of sixty (60) seconds per call applies during the billing period, which if adjusted, will be billed as a nonrecurring charge. In addition, there is a nonrecurring and monthly recurring 800/888/877 service number charge, which will be applied either on a "per 800/888/877 number" basis for shared access or on a "per routing arrangement" basis for dedicated access. Two types of 800/888/877 Service are offered by the Company.

3.16.2 Switched 800/888/877 calls are originated via shared-use facilities and are terminated via the Customer's LEC-provided local exchange access line.

Customers must be subscribed to the Company's local, intraLATA, and interLATA service at the subscribed-to location. The plan includes outbound and inbound intraLATA and interLATA calling. Toll free calls that terminate on XO facilitates are included in the plan. A Monthly Recurring Charge will apply per service location. Calls to off-net toll free numbers will be charged separately and billed at the switched toll-free per minute rate. Operator Assistance, and Directory Assistance services are available to customers subject to the provisions of this tariff.

Customer chooses a plan based on minutes of use. If Customer's service location monthly usage exceeds the minutes of use for the plan chosen, it will be charged a per minute overage rate. Unused minutes will not be carried over to a subsequent month. Monthly recurring charge does not include any taxes, surcharges, or fees. Calls are billed in six (6) second increments except the XO LD Business Plan ($0.00 MRC) which will be billed in sixty (60) second increments. Operator Assistance, and Directory Assistance services are available to customers subject to the provisions of this tariff.
