5. METHOD FOR CALCULATION OF AIRLINE MILEAGE

The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) Coordinates as obtained by reference to AT&T's Tariff F.C.C. No. 10 according to the following methods:

1. Reserved for Future Use

2. Metered Use Service
To determine the mileage between any two cities proceed as follows:

1. Obtain the "V" and "H" Coordinates for each city.

2. Obtain the difference between the "V" Coordinates of the two cities.
Obtain the difference between the "H" Coordinates.

Note: The difference is always obtained by subtracting the smaller coordinate from the larger coordinate.

3. Divide each of the differences obtained in 2 by three, rounding each quotient to the nearer integer.

4. Square these two integers and add the two squares. If the sum of the squares is greater than 1777, divide the integers obtained in 3 by three, and repeat step 4. Repeat this process until the sum of the squares obtained in 4 is less than 1778.

5. The number of successive divisions by three in steps 3 and 4 determines the value of "N". Multiply the final sum of the two squares obtained in step 4 by the multiplier specified in the following table for this value of "N" preceding.

N	Multiplier	Minimum Rate Mileage
1	0.9	-
2	8.1	41
3	72.9	121
4	656.1	361
5	5,904.9	1,081
6	53,144.1	3,241

* Result will always be rounded to the next highest mile.

6. Obtain square root of product in 5 and, with any resulting fraction, round up to next higher integer. This is the rate mileage except that when the mileage so obtained is less than the minimum rate mileage shown in 5, preceding, the minimum rate mileage corresponding to the "N" value is applicable.

Example:

The rate mileage between Los Angeles and San Francisco, California is calculated as follows:

		V	H
(a)	Los Angeles	9213	7878
	San Francisco	8492	8719
(b)	difference	721	841

(c1) divide each difference be three and rounding to nearer integer = 240 and 280

(d1) square integers and add, 240 x 240 = 57,600
280 x 280 = 78,400
sum of squared integers 136,000

sum of squared integers is greater than 1777, so divide integers in (c1) by three and repeat (d1)

(c2) divide integers in (c1) by three and rounding = 80 and 93

(d2) square integers and add, 80 x 80 = 6,400
93 x 93 = 8,649
sum of squared integers 15,049

sum of squared integers is greater than 1777, so divide integers in (c2) by three and repeat (d2)

(c3) divide integers in (c2) by three and rounding = 27 and 31

(d3) square integers and add, 27 x 27 = 729
31 x 31 = 961
sum of squared integers 1,690

sum of squared integers is less than 1778, and was obtained after 3 successive divisions by 3, therefor, "N" = 3.

(d)	Multiply final sum of squared integers by factor 72.9 (corresponding to "N" = 3)	1,690 x 72.9 123,201.0

(e) Square root of 123,201 = 351 miles. The 351 miles is larger than the minimum of 121 miles applicable when "N" = 3, so the rate mileage is 351 miles.

6. RESERVED FOR FUTURE USE

7. SERVICE AREA MAP

(See below for definition).

Application for Service: A standard MCI order form which includes all pertinent billing, technical and other descriptive information which will enable MCI to provide a communication service as required.

Authorization Code: One or more codes (consisting of 5 or more digits), which are made available to Metered Use Service customers to identify themselves as customers entitled access to and use of, MCI's services.

Authorized User: A person, firm, corporation or other entity authorized by the customer to receive or send communications.

Bandwidth: The total frequency band, in hertz, allocated for a channel.

Billing Record Change: A change in customer billing address.

Calling Circle: For customers subscribing to the Friends & Family Program, a Calling Circle includes U.S. telephone numbers of Subscribers and Members which are presubscribed to MCI. Subscribers and Members must also be a customer of Metered Use Service Execunet. As used in conjunction with the Friends of the Firm Program, a Calling Circle is defined as follows: In connection with Metered Use Service Option F (Prism Plus), a Calling Circle is a
group of up to twenty (20) U.S. telephone numbers, which numbers are presubscribed to MCI, one telephone number in an international location served by MCI, plus the Subscriber's own telephone number or numbers.

Telephone numbers which are not capable of being presubscribed to an interexchange carrier and telephone numbers which are associated with MCI 800 Service or MCI 900 Service, payphone numbers, institutional telephone
numbers and numbers associated with MCI services other than switched services will not be eligible for inclusion in Calling Circles.

The domestic telephone numbers included in a Calling Circle may be changed by the Subscriber from time to time. The international telephone number may be changed not more than once during the Subscriber's monthly billing cycle.

Cancellation of Order: A customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to completion. Cancellation charges will be assessed for each circuit-end or dedicated access line canceled from an order prior to its completion by MCI, under the following circumstances: (1) if the local Telco has confirmed in writing to MCI that the circuit-end or dedicated access line will be installed; or (2) if MCI has already submitted facilities orders to an interconnecting telephone company. (This differs from a Disconnection, see following page for definition.)

Casual Caller: Denotes any person who uses MCI service from an equal access end office who does not have a current account with the Company for services offered under this Catalog Schedule. Casual Caller is further defined as: (i) any person who has not established an account with the Company who places calls over the Company's network from an equal access area; (ii) any presubscribed customer located in an equal access area who has either voluntarily terminated his MCI account or has had his MCI account terminated in accordance with the terms and conditions set forth in Sections B-5 and B-11; or (iii) new or allocated customers whose accounts are not yet established in the Company's billing system.

Customer: The person, firm, corporation or other entity which orders service -- either for its own use, as a resale carrier, or as a non-profit manager of a sharing group -- and which is responsible for the payment of charges and for compliance with MCI tariff regulations. The term "customer" also includes a casual caller (as defined previously in this Catalog Schedule), person, firm, corporation or other entity that (1) has not presubscribed to MCI service, but accesses MCI Dial "1" by dialing the access number 1010222, or any other MCI carrier identification code, or (2) remains presubscribed to MCI service after its account is removed from MCI's billing system, subsequently continues to use MCI's network, and is billed by a local exchange service company in compliance with MCI tariff regulations. For billing purposes, a customer is considered to be an account. In the Metered Use Services, if a person, firm, corporation or other entity orders the service in more than one MCI originating city, or requests the assignment of more than one account number in a particular city, each such account is a separate customer for billing purposes.

Customer-Provided Terminal Equipment: Terminal equipment, as defined herein, provided by a customer.

Pay-Per-Call Service: Pay-per-call services are telecommunications services which permit simultaneous calling by a large number of callers to a single telephone number and for which the calling party is assessed, by virtue of completing the call, a charge that is not dependent on the existence of a presubscription relationship and for which the caller pays a per-call or per-time-interval charge that is greater than, or in addition to, the charge for transmission of the call.

If a group meets these criteria, it qualifies for discounts under the commercial Affinity Program (CAP).

(B) A trade association representing business entities or individuals within an industry, professional or business classification, or a commercial organization with affiliated franchisees, independent agents, independent distributors, or other multiple commercial representatives, a buying group not organized for the purpose of qualifying for the discounts provided for herein, or a group consisting of business entities or individuals engaged in business in common which agrees to meet the following set of criteria within twelve (12) months of undertaking to qualify and thereafter maintain them, and enters into an agreement with MCI for the marketing of MCI's services. If a group meets these criteria, it qualifies for discounts under the Commercial Affinity Program Plus (CAP Plus).

In either case, if a group fails to achieve the prescribed minimums within twelve (12) months of undertaking to qualify or, having qualified, fail for three (3) consecutive months to maintain these minimums, the CAP or CAP Plus arrangement shall end. If for any reason a CAP or CAP Plus arrangement ends, the members of the designated group who subscribed to MCI service through the CAP or CAP Plus arrangement will continue to receive the program discounts specified throughout this Catalog Schedule for an additional six (6) months, after which the group members will revert to the standard tariffed discounts as specified under the eligible MCI services.

Qualified Residential Affinity Group: A group with a common employer whose employer agrees to meet the following set of criteria within twelve (12) months of undertaking to qualify and thereafter maintain them, and enters into an agreement with MCI for the marketing of MCI's services to its employees. The group's employer must: (1) commit to a minimum term of service of one year; and (2) generate monthly revenue of at least $20,000 attributable to its employees' use of Metered Use Service Execunet (Execunet, including Premier Calling Plans) and Credit Card Service (Credit Card). Each member of the group who signs up for either or both of these services is a customer of MCI and is subject to all rules and regulations set forth in this Catalog Schedule. Each member will be entitled to the benefits accorded to members of the Qualified Residential Affinity Group only so long as he or she remains a member of the group. If MCI is not certain that it has a valid address, it will include a notice with the final invoice, which will be mailed to the customer's last known address, asking the customer to verify the address so that it can make a refund, or it will write to the customer at that address and request verification. Such verification can be made by calling a designated telephone number or by writing to a specified address. Upon receiving verification, a check for the balance will be mailed. If the final invoice or the notification letter is returned by the post office as undeliverable, or if no response is received within thirty days of mailing, MCI will begin applying a closed account maintenance charge of $2.50 per month in the second monthly billing period following the month in which the account was closed, and will continue to apply that charge until the customer requests a refund or the balance is exhausted.

RULE NO. 7

DEPOSITS

Applicants for service or existing customers whose financial condition is not acceptable to MCI, or is not a matter of general knowledge, may be required at any time to provide MCI a security deposit. For residential customers the deposit will be in cash or the equivalent of cash, and/or up to two months' estimated charges based upon MCI's experience with residential customers whose service has been discontinued for non-payment of their first three MCI invoices. In case of a cash deposit, simple interest at the rate of seven percent (7%) annually will be paid for the period during which the deposit is held by MCI, unless a different rate has been established by the appropriate legal authority in the jurisdiction in which the MCI service in question is provided. At MCI's option, such deposit may be refunded to the customer's account at any time. Also, MCI reserves the right to cease accepting and processing service orders after it has requested a security deposit and prior to the customer's compliance with this request. Failure to provide a social security number shall not be cause for requiring a deposit.

Deposits shall earn on the monthly, unused balance not less than simple annual interest based on the three-month financial commercial paper rate published by the Federal Reserve Board, on November 30th, of the prior year.

Carriers shall refund deposit amounts associated with basic service, with interest, after one continuous year of timely payments for basic service, and not later than 30 days after basic service is discontinued. In addition, where a Local Exchange Carrier purchases MCI's customer receivables, late payment provisions imposed by the Local Exchange Carrier as set forth in the local tariff of the Local Exchange Carrier will apply to the customer's MCI service, as represented by the purchased receivables.

5. MCI will cease billing the Special Access Surcharge upon receipt of the Exemption Certification (as defined herein). If, based on an order by a customer, any construction has either begun or been completed, but no service provided, the nonrecoverable cost of such construction shall be borne by the customer.

.02 If an order for installation is delayed for more than 30 days beyond the due date, and such delay is not requested or caused by the customer, the customer may cancel the order without incurring cancellation charges.

2. CANCELLATION FOR CAUSE BY MCI

.01 MCI may discontinue the furnishing of any and/or all service(s) to a customer, without incurring any liability:

.011 Immediately and without notice if MCI deems that such action is necessary to prevent or to protect against fraud or to otherwise protect its personnel, agents, facilities or services, MCI may discontinue service pursuant to this sub-section A.2.011 if:

.0111 The customer refuses to furnish information to MCI regarding the customer's credit-worthiness, its past or current use of common carrier communications services or its planned use of service(s); or

.0112 The customer provided false information to MCI regarding the customer's identity, address, credit-worthiness, past or current use of common carrier communications services, or its planned use of MCI service(s); or

.0113 The customer states that it will not comply with a request of MCI for security for the payment for service(s) in accordance with Rule No. 7; or

.0114 Carriers shall provide notices in writing to subscribers whose payments are overdue not less than 7 calendar days prior to terminating service for nonpayment. Each termination notice shall include all of the following:

(4) The time or date by which payment, or arrangement for payment, must be made to avoid termination.

(5) A toll-free telephone number to reach a carrier service representative who can provide subscriber assistance. The toll-free number must be staffed to meet the same standard as described in Rule 1(e)(1).

(6) The telephone number of the Commission's Consumer Affairs Branch where the subscriber may direct inquiries.

If the notice is sent via text message to the device to be terminated, the terminating carrier will be deemed to have complied with this rule if it provides the information in 9(a)(3) through 9(a)(6).

Rule 9(a) and Rule 11(b) do not apply to termination of non-tariffed service for having reached either: (1) a usage or spending limit, prepaid or otherwise, that was arranged with the subscriber in advance; or (2) the end of a prepaid period of service known to and anticipated by the subscriber in advance.

.0115 The customer either (1) accesses MCI service by dialing 1010222, or any other MCI carrier identification code, or (2) having (T) presubscribed to MCI's Dial "1" Long Distance Service (Execunet), has had its account(s) canceled and has been removed from MCI's billing system and is being billed for its subsequent use of MCI's network by the local exchange carrier, and either refuses to pay when billed for MCI service(s) or indicates to MCI or its billing entity that it will not pay for MCI services(s) used by it; or

.0116 A subscriber to Execunet who accesses the service by use of an authorization code has not used the service, with the exception of calls to Directory Assistance, for 90 days. In such case, MCI will deactivate his or her code to reduce the danger of abusive use. If he or she wishes to renew usage of the service, e.g. upon returning from a vacation, MCI will promptly supply a new code. This provision does not apply to customers of MCI Dial "1" Long Distance Service in central offices where equal exchange access is available; or

.0117 Upon written notice to the customer's billing address or actual notice to the customer who is a subscriber to Credit Card Service who has not used the service (with the exception of calls to Directory Assistance) for 180 days. In such case, MCI will deactivate his or her card to reduce the danger of abusive use. If he or she wishes to renew usage of the service (e.g., upon returning from a vacation), MCI will promptly supply a new card.

.0118 The customer uses service to transmit a message, locate a person or otherwise give or obtain information without payment for the service; or

.0119 The customer uses, or attempts to use, service with the intent to avoid payment, either in whole or in part, of the tariffed charges for the service by:

.01191 Using or attempting to use the service by rearranging, tampering with, or making connections to MCI's service not authorized by this Catalog Schedule; or

.01192 Using tricks, schemes, false or invalid numbers, false credit devices, electronic devices; or

.01193 Any other fraudulent means or devices; or

.01111 The customer previously was provided with notice of noncompliance under Section A.2.014, took corrective action within the requisite seven (7) day period, but thereafter engages in the same non-compliant activity.

.01112 The customer acts, or fails to act, in a manner that hinders or frustrates any investigation by MCI or others possessing legal authority to investigate the customer's compliance with this Catalog Schedule or with its other legal obligations.

.012 Immediately upon written notice to the customer of any sum thirty (30) days past due; or

.013 Immediately upon written notice to the customer, after failure of the customer to comply with a request by MCI for security for the payment of service in accordance with Rule No.7; or

.014 Seven (7) days after sending the customer written notice of noncompliance with any other provision of this Catalog Schedule if the noncompliance is not corrected within that seven (7) day period.

.015 After sending the customer written notice of the customer's failure to fulfill a contractual commitment to pay for tariffed services previously furnished to the customer.

.016 Notwithstanding Section A.2.014, if MCI determines that an 800 Service for which MCI is the carrier is being used in violation of Rule No. 21, Section 7.04, or Rule No. 11, Section A.2.01110, MCI will immediately terminate the service. Simultaneously, MCI will notify the Customer by certified mail of the action it has taken and the reasons therefor.

Absent a showing by the Customer that Rule No. 21, Section 7.04, or Rule No. 11, Section A.2.01110 have not been violated, MCI will retain control for six months of all 800 numbers disconnected for violation of these sections. During the six-month period, MCI will refuse to transfer the number to any other Customer, will refuse to reconnect the number for the

previous Customer except upon direction from the FCC or a court; will refuse to honor transfer of service arrangements between the disconnected Customer and any third party; and will refuse to honor any change of Resp Org forms from the disconnected Customer.

If the FCC or a court directs MCI to return the number to the control of the disconnected Customer, or if MCI determines that the referenced tariff sections have not been violated, MCI will reestablish service without charge to the Customer. MCI will also insure that the Customer does not incur underutilization or other tariffed charges by reason of a disconnection by MCI that is overruled by the FCC or the courts, or if MCI determines that the referenced tariff sections have not been violated.

At the end of the six-month period, assuming that there is no outstanding challenge to the disconnection, MCI will return control of the 800 number to the NASC to be made available on a first-come, first-service basis pursuant to existing industry practices.

The discontinuance of service(s) by MCI pursuant to this Section does not relieve the customer of any obligation to pay MCI for charges due and owing for service(s) furnished up to the time of discontinuance. In the event MCI Cancels the customer's service for cause, and the customer is committed to a term or other plan for which charges apply in the event of customer termination for convenience, MCI will charge, and the customer will be obliged to pay, as though it had terminated its service for its own convenience.

RULE NO. 14

$$\text{Credit} = \frac{T \text{ times } C}{24}$$

"T" is outage time in hours
"C" is total daily charge for the affected facility

2. For the purpose of determining the amount of allowance, every month is considered to have 30 days. Only those segments of service actually affected by the interruption shall be considered in determining the amount of allowance.

3. The length of an interruption shall be measured from the time the customer notifies MCI of the interruption, or from the time a major outage is known to MCI.

4. The term "service" means the circuits or equipment provided by MCI, and/or a participating carrier.

A single valued limit for all applications cannot be specified. Therefore, the power of the signal in the band above 300 Hertz which may be applied by the customer-provided equipment at the point of termination will be specified by MCI for each applications network.

   .02 To protect the telecommunications services from interferences at frequencies which are about the band of services provided, MCI will specify the acceptable signal power in the following bands to be applied by the customer-provided equipment or communications systems at the point of termination will be specified by MCI for each application, to be consistent with the signal power allowed on the telecommunications network.

When a Metered Use Service call is established in one time-of-day rate Application period and ends in another, the rate in effect in each rate application period applies to the portion of the call occurring within that rate application period. V. 500 PERSONAL NUMBER SERVICE

As of April 15, 1999, 500 Personal Number Service will no longer be available to new subscribers.

500 Personal Number Service is an inbound voice-grade telecommunications service that permits calling from stations in diverse geographical service areas within the State of Iowa to a station at one location, or to a set of stations of up to three stations at more than one location in the State of California, based upon pre-established priorities.

For any 500 Personal Number Service call, there are two customers: the "Subscriber" (i.e., the party at whose designated location(s) the 500 Personal Number Service call terminates) and the "Calling Party" (i.e., the party who places the call). Each party is fully and equally subject to all applicable provisions in this Catalog Schedule which pertain to customers. The Calling Party has three billing options available for this service: Calling Party ANI billing, local exchange carrier calling card, and commercial credit card.

The following types of calls are not permitted using this service: collect; third party billed; and person-to-person.

All 500 Personal Number Service calls are subject to a 60-second minimum duration, with 60-second additional increments. If the computed charge for any call includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

Neither the Subscriber nor the Calling Party is required to designate MCI as his or her Primary Interexchange Carrier (PIC). Each 500 Personal Number Service call will include a recorded or live operator announcement to the Calling Party indicating that MCI is the provider of the service.

Users of 500 Personal Number Service may have access to non-tariffed enhancements (e.g., information services) provided by MCI.

.01 Basic Service Package

The Basic Service Package, which all 500 Personal Number Service Subscribers receive, includes the following:

- Friends & Family 500 Number: Each Subscriber is assigned a 500 number.
- Passcode: Each 500 Personal Number Service number is assigned a 6-digit passcode which can be used by the Subscriber to manage service features.
- Multiple Numbers: Permits Subscribers to pre-establish in priority up to three telephone numbers in the United States, Puerto Rico, the U.S. Virgin Islands, and/or international locations for the completion of calls placed by Calling Parties to the Subscriber. Numbers will successively be attempted if a busy-signal or answering machine is detected or if the call does not complete after four rings.
- Final Message: If calls are not completed at any of the three alternate numbers, the call will be sent to a Final Message. The Subscriber may choose among various options for the final message, including a closing message which informs the caller that the Subscriber is not available.
- Alternate Number: A Subscriber may temporarily override the pre-established priority sequence by designating an alternate number without having to change any of his or her Multiple Numbers. If there is no answer at the alternate number, the call will be forwarded to the Final Message. This feature can be activated and deactivated by the Subscriber. For these features, calls may not be forwarded to: service numbers (e.g., numbers beginning with 500, 700, 800 or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g., numbers with a 976 prefix).
- Call Screening: Call Screening allows a Subscriber to screen calls by prompting the Calling Party to state his or her name, and allowing the Subscriber to accept or redirect the call. This feature can be activated and deactivated by the Subscriber.

The Subscriber will be charged $1.00 per month per 500 Personal Number Service number for the Basic Service Package. The Calling Party is not subject to any monthly recurring charges but will be obligated to pay usage charges associated with calls he or she places. This charge is waived through December 31, 1995.

3. Rates and Charges

Verizon Prepaid Phone Cards are provided in various minute/unit and dollar based denominations by MCI or through its distributors with a stated interstate per minute/unit value not to exceed $0.35. One unit equals one minute (or fraction thereof) of interstate calling.

For completed in-state calls using a Verizon Prepaid Phone Card, the value of a Verizon Prepaid Phone Card may be decremented up to 2 times the interstate minute/unit value described above. The value of each in-state minute/unit equals 2 times the current interstate minute/unit value as described in this service. Other charges or surcharges may apply to card use. Partial minutes used are billed as full minutes.

Certain Verizon Branded Dollar based phone cards have a maximum per minute interstate rate of $0.35 plus a surcharge assessed for each completed call. Those cards and their associated surcharge are listed below:

Card Name	Surcharge
Verizon New Penny Pincher:	$0.79
Wholesale Domestic Surcharge C:	$0.50
Domestic Surcharge A:	$0.79
3.9 cent Express:	$0.49
OCP #8 New Televia:	$0.65
Vending Express:	$0.75

4. Recharging

Verizon Prepaid Phone Cards are rechargeable, meaning that additional value may be added to a card, subject to a maximum allowed value per card, unless the card has expired or as otherwise expressly

stated on the card, card packaging, or in the Service Agreement. Such additional minutes/units will be charged at the prevailing per minute/unit rate as of the date of recharging. A minimum of ten dollars ($10.00) and up to a specified maximum amount may be added to the card per each recharge.

In addition to the foregoing, rechargeable cards are also subject to the following terms and conditions:

.01 Upon recharge, a recharge fee of up to a maximum of fifteen percent (15%) of the recharge value may be assessed.

.02 Recharge may be accomplished in any of the following manners:

.021 By direct payment at selected distributors= locations.

.022 By credit or debit card using the toll free access number printed on the card and following the audio prompts.

.023 By registering the card for Aauto-recharge,@ an expedited recharge process that alerts the consumer when their calling card balance falls below a certain level and offers the option of an automatic recharge in the same dollar amount of the customer's previous recharge.

Recharge methods and availability may be based on distributor's preference. Recharge minutes/units or dollars of service purchased via the toll free access number or through auto-recharge must be paid for with a verified valid credit or debit card.

5. Exclusions:
Verizon Prepaid Phone Cards cannot be used for calls to 700-, 900-, or 976 services or for certain operator assisted, third party billed or collect calls. Any unused balance on a Verizon Prepaid Phone Card cannot be transferred to or combined with one or more other Verizon Prepaid Phone Cards.

6. Availability of Service
There are no time of day or day of year restrictions for use of Verizon Prepaid Phone Cards.

7. Regulations
Use of Verizon Prepaid Phone Cards is available by calling the Company toll free number printed on the card.

A completed call may only be charged to a Verizon Prepaid Phone Card that has a balance sufficient to cover the charges assessed for the call. The Verizon Prepaid Phone Card balance will be reduced by the appropriate minutes/units or dollars charged for the completed call.

After the number of the called party is dialed, but before the call is completed, the available balance of talk time based upon the telephone number of the called party will be announced to the caller. A Verizon Prepaid Phone Card call will be interrupted with an announcement when the available balance on the card drops to one minute/unit, based on the originating/terminating phone numbers of the call. Once the balance on the card is insufficient to continue, the call will terminate.

Credit allowances for interruptions: MCI will credit one minute/unit on a consumer's Verizon Prepaid Phone Card in the event of poor call transmission or call cut off caused by MCI. To receive a credit, the consumer must promptly notify MCI Customer Service of the service problem by calling the Customer Service number printed on the card. Credit will not be given when interruptions are caused by the failure of systems not provided by MCI, by the failure of other MCI services connected to the Verizon Prepaid Phone Card, for wrong telephone numbers or other causes outside the control of MCI.

Activated Verizon Prepaid Phone Cards are non-refundable. Once activated, and subject to applicable terms and condition, a Verizon Prepaid Phone Card may be used to originate direct dialed calls until the available card balance is depleted or the card expires, whichever first occurs. Card expiration dates will be specified on the card or the card packaging.

8. Other Conditions of Service

.01 The U.S. Public Payphone Surcharge applies when a Verizon Prepaid Phone Card is used to place a call from a U.S. public or semi-public payphone.

.02 State Universal Service Charge - the Company may, at its option, apply the State Universal Service Charge at point of sale.
