APPLICABILITY

This catalog applies to Intrastate Telecommunications Services furnished by the Company between and among points within the Commonwealth of Massachusetts in conjunction with the Company's interstate telecommunications services originating and terminating in Massachusetts. These services are provided in accordance with the conditions set forth herein and in conjunction with the Company's interstate tariff, the Company's Tariff F.C.C. No. 1.

Effective August 1, 2001, pursuant to the direction of the Federal Communications Commission (FCC), MCI WorldCom is canceling its federal tariffs for services with certain exceptions, including those pertaining to exchange access, casual calling, and basic long distance service during a 45-day period for customers who sign up for WorldCom service with a Local Exchange Carrier (LEC). International services for Residential and Small Business customers will also remain tariffed through January 27, 2002. Beginning August 1, service descriptions, definitions, terms and conditions, and pricing for the Business Markets services no longer federally tariffed may be found in the "Service Publication and Price Guide" located at the website at http://www.worldcom.com. Also, beginning August 1, service descriptions, definitions, terms and conditions, and pricing for state-to-state Residential and Small Business services no longer federally tariffed may be found i) at http://www.mci.com/service for Residential services and http://www.mci.com/sb/service_agreement for Small Business services, or ii) by calling 1-800-444-3333.

SECTION A - DEFINITION OF TERMS

For the purpose of this catalog, the following definitions shall apply:

Access Line

A dedicated arrangement which connects a customer location to a Company terminal location or a Company switching center.

Accounting Code

A code which is available to subscribers o the Company's Metered Use Service which enables them to identify individual users and thereby allocate the cost of their long distance service.

Administrative Change

The modification of an existing circuit, dedicated access line or port, at the request of the customer, that involves changes to authorization codes, speed numbers, route guide, consolidation of billing within Dedicated Leased Line Service, verification of testing performed by parties other than the Company, or any other administrative change not covered by a Billing Record Change. (See below for definition.)

Application for Service

A standard Company order form which includes all pertinent billing, technical and other descriptive information which will enable the Company to provide a communication service as required.

Authorization Code

One or more codes (consisting of 5 or more digits), made available to Metered Use Service customers to identify themselves as customers entitled access to and use the Company's services.

Bandwidth

The total frequency band, in hertz, allocated for a channel.

Billing Record Change

A change in customer billing address.

Called Station

The station called, or the terminating point of a call.

Calling Circle

For customers subscribing to the Friends & Family Program Option A, a Calling Circle includes U.S. telephone numbers, (excluding Puerto Rico and the U.S. Virgin Islands) including the number of the Subscriber, which are presubscribed to the Company and enrolled in Metered Use Service Option A (Execunet).

For customers subscribing to the Friends & Family Program Option B and Option C, a Calling Circle includes U.S. telephone numbers, (excluding Puerto Rico and the U.S. Virgin Islands) including the number of the Subscriber, which are presubscribed to the Company and enrolled in Metered Use Service Option A (Execunet).

As used in conjunction with the Friends of the Firm Program, a Calling Circle is a group of up to twenty (20) US telephone numbers, which numbers are presubscribed to the Company, plus the subscriber's own telephone number or numbers.

Telephone numbers which are not capable of being presubscribed to an interexchange carrier and telephone numbers which are associated with MCI 800 Service (other than associated with the Personal 800 option), MCI 900 Service, payphone numbers, institutional telephone numbers, and numbers associated with the Company's services other than switched services will not be eligible for inclusion in Calling Circles.

These Calling Circles may be amended by the Subscriber from time to time.

Calling Station

The station from which a call is originated.

Cancellation of Order

A customer initialed request to discontinue processing a service order, either in part or in its entirety, prior to its completion. Cancellation charges will be assessed for each circuit-end or dedicated access line canceled from an order prior to its completion by the Company, under the following circumstances: (1) if the local Telco has confirmed in writing to the Company that the circuit-end or dedicated access line will be installed; or (2) if the Company has already submitted facilities orders to an interconnecting telephone company. (This differs from a Disconnection, see page 8 for definition.)

Casual Caller

Casual Caller denotes any person who uses the Company's service from an equal access end office who does not have a current account with the Company for services subject to this catalog, to include: (i) any person who has not established an account with the Company who places calls over the Company's network from an equal access area; (ii) any presubscribed customer located in an equal access area who has either voluntarily terminated his Company account or has had his Company account terminated in accordance with the terms and conditions set forth in Sections B-5 and B-11; and (iii) new or allocated customers whose accounts are not yet established in the Company's billing system.

Channel or Circuit

A communications path between two or more points, having a bandwidth or transmission speed selected by a customer.

Channel Termination

The point at which the Company's channel originates, terminates, or drops for the insertion or removal of a customer's signal.

CCSA

An arrangement for switched service networks in which common control Company switching machines are used to switch network trunks. The switching machines may be shared with other users.

Collect Call

A billing arrangement which bills the charge for a long distance call to the called station's telephone number. The person agreeing to accept the call, whether they are a customer of the Company or not, is responsible for all charges related to the call. Regardless of whether the person is a Company customer or not, he or she is subject to the provisions of this catalog which are applicable to the call accepted.

Company

MCI Communications Services LLC d/b/a Verizon Business Services

Customer

The person, firm, corporation or other entity which orders service either for its own use, as a resale carrier, or as a non-profit manager of a sharing group -- and which is responsible for the payment of charges and for compliance with the Company's catalog terms and conditions. For billing purposes, a customer is considered to be an account. In the Metered Use Services, if a person, firm, corporation or other entity orders the service in more than one Company originating city, or requests the assignment of more than one account number in a particular city, each such account is a separate customer for billing purposes. A Customer may also function as a Casual Caller as defined in this catalog.

Customer-Provided Terminal Equipment

Terminal equipment, as defined herein, provided by a customer.

Disconnection

The disconnection of a circuit, dedicated access line or port connection being used for existing service. (This differs from a Cancellation; see page 6.1 for definition).

Exemption Certification

A written notification provided by the customer certifying that his or her dedicated facility should be exempted from the monthly Special Access Surcharge because (a) the facility terminates in a device not capable of interconnecting the Company's service with the local exchange network (b)the facility is associated with a Switched Access Service that is subject to Carrier Common Line Charges or (c) that the line is not used in a manner that subjects it to the Special Access Surcharge (e.g., used for InterLATA Access Surcharge only). Credit provisions are available, as detailed in Section B.7.06.

Expedite

A service order initiated at the request of the customer, plus the accompanying installation or change to related circuits, that is processed in a time period shorter than the Company's standard service interval.

Four-Wire Circuit

A circuit using two one-way transmission paths, which include two carrier paths and two wire-pairs.

Installation

The connection of a circuit, dedicated access line or port for new or additional service.

Institutional Phones

Telephones, other than payphones, located in public institutions such as universities, prisons, or public offices, or in hotels or motels, or in other premises where the subscriber to the Company's service may not be able to control access to the phones.

Interswitch Trunk

A circuit which connects two CCSA switching centers.

Joint Users

A person, firm or corporation designed by the customer as a user of communication facilities furnished to the customer by the Company, and to whom a portion of the charge for such facilities are billed under a joint user arrangement.

LATA - (Local Access Transport Area)

A geographical area established by the U.S. District Court for the District of Columbia in Civil Action No. 17-49, within which a local exchange company provides communications services.

Local Exchange Carrier Card

Denotes any calling card issued by a Local Exchange Carrier (LEC).

MCI WorldCom

MCI Communications Services LLC d/b/a Verizon Business Services and/or one or more Concurring Carriers.

MCI WorldCom Dial "1" Long Distance Service

A form of Metered Use Service Option A which is available in exchanges that have been converted to equal access in which customers who have established accounts with the Company place their long distance calls by dialing the area code plus the phone number, or by dialing "1" plus the area code and phone number, or by dialing 1010222 (or any other Company carrier identification code) plus the area code and phone number.

MCI WorldCom Dial-Up Service

A form of Metered Use Service Option A which is available in areas that have not been converted to equal access in which customers who have established accounts with the Company place their long distance calls by dialing a seven-digit access number plus a five- or six-digit authorization code followed by the area code and phone number. Customers must utilize a touch-tone phone in order to access Execunet Service via this method.

MCI WorldCom Metropolitan Area Terminal City Location (called Terminal Location)

Locations specified herein where the Company maintains a terminal facility for purposes of providing interLATA and intraLATA Intercity Telecommunication Services as described herein.

MCI WorldCom Terminal
Any location where the Company provides services as described herein.

Member
As used in conjunction with the Friends & Family or the Friends of the Firm Programs, a Member is a customer whose telephone number is included in a Calling circle. An Company customer may be a Member of an unlimited number of Calling Circles.

Multiline Terminating Device
Denotes switching equipment, key telephone type systems or other similar customer premise terminating equipment which is capable of terminating more than one access line.

Network Trunks
Access lines, interswitch trunks, and circuits connecting services and facilities of the Company or other carriers to the Company CCSA switching centers.

Non-Qualified Commercial Affinity Group
An association or affiliation of business entities whose members/individuals are not organized for the sole purpose to qualify for the discounts described herein.

Non-Qualified Residential Affinity Group
An association or affiliation of residential users whose members/individuals are not organized for the sole purpose to qualify for the discounts described herein.

Off-Network Access Line
A local exchange, foreign exchange, or WATS line connecting both incoming and outgoing traffic from a Company switched service network to the DDD network.

One-Way Transmission
The capability of transmission in only one direction.

Operator Station
Service other than Person-to-Person and Local Exchange Carrier Card billing which requires the assistance of a Company operator to complete the call.

Other Common Carrier
A person, firm, corporation or entity which subscribes to the Company's communication services and facilities and resells these communication services and facilities to the public for profit. Unless otherwise indicated herein, the term "other common carrier" when used in this catalog also means "customer" and includes entities which are brokers of the service (act as intermediaries for the purposes of reselling), those entities which are processors of the service (enhance the value of the service through substantial incurred costs), and those entities which are underlying carriers (own transmission facilities).

Person-to-Person

A service for which the person originating the call specifies to the Company operator a particular person, mobile station, department, extension, or office to be reached. If the called party is unavailable and the calling party requests or agrees to speak to a party other than the party initially specified, the call is still billed as a Person-to-Person call.

Physical Change

The modification of an existing circuit, dedicated access line or port, at the request of the customer, requiring some physical change or retermination.

Premises

The space designated by a customer at its place or places of business for termination of the Company's service, whether for its own communications needs or for the use of its resale customers. In the case of the non-profit sharing group, this term includes space at each sharer's place or places of business, as well as space at the customer's place of business.

Qualified Association

An association, representing business entities within an industry, professional, or business classification, which meets the following criteria within twelve (12) months of undertaking to qualify and thereafter maintains them: The members who have subscribed to the Company's service through the association under Section C-3.02 must have aggregate billings, net of taxes, promotional credits and surcharges, of at least $42,000 per month, have at least 70 percent of their usage in the Business Day Rate Period as designated in Section C-3.0212 below, and have average usage per member of a least $75.00 per month. Any association which fails to achieve these minimums, will cease to be a "qualified association", and its members who have subscribed to the Company's service under Section C-3.02 will thereupon become subject to the terms applicable to all other customers of the Company's Option A service.

Two-Wire Circuit

A circuit using two one-way carrier transmission paths, plus one wire-pair.

Two-Way Transmission

The capability of transmission in either direction or in both directions at once.

SECTION B - RULES AND REGULATIONS

1. DESCRIPTION OF SERVICE

.01 InterLATA and intraLATA Intercity Telecommunication Services is the furnishing of the Company services for communications between specified locations under the terms of this catalog. Channels will be those of the Company alone, or the Company's in conjunction with those of other participating, concurring or connecting carriers.

.02 InterLATA and intraLATA Intercity Telecommunication Services consists of the furnishing for the use of customers, of channels for the direct transmission and reception of communications between the Company's Metropolitan Area Terminal City Locations or the Company terminals and all service offerings contained herein which anticipate the provision of such channels as part of the offering are included in this category. Such service has the capability of being extended beyond the respective Company Terminal Locations.

.03 The Company, when acting at the customer's request and as his authorized agent, will make reasonable efforts to arrange for service requirements which may include terminal equipment and circuit conditioning.

2. LIMITATIONS

.01 Service is offered subject to the availability of facilities and the provisions of this catalog.

.02 the Company reserves the right to discontinue furnishing service, upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this catalog, or in violation of the law.

.03 Service may be discontinued by the Company, without notice to the customer, by blocking traffic to certain cities, or NXX exchanges, or by blocking calls using certain customer authorization codes, when the Company deems it necessary to take such action to prevent unlawful use of its service. The Company will restore service as soon as it can be provided without undue risk, and will, upon request by the customer affected, assign a new authorization code to replace the one that has been deactivated.

.04 Toll access will not be provided to local 976 numbers because the proprietors of the services offered through such numbers have not provided the Company with a schedule of their charges.

.05 The Company reserves the right to discontinue the use of any code provided to a customer of its Metered Use Service Option A (Execunet) or its Metered Use Service Option B (Credit Card) and to substitute another code for such customer's use. Nothing herein, or in any other provision of this catalog, or in any marketing materials issued by the company shall give any person any ownership interest or proprietary right in any given Company' code; provided, however, that a customer that continues to subscribe to the Company's Metered Use Service Option A or Option B will be provided a replacement code in the event such customer's initial code is canceled.

.06 Calls may not be placed using a Local Exchange Company's calling card whenever there is no obligation on the part of the Local Exchange Company issuing the calling card to invoice such calls on the Company's behalf, and calls may not be placed or received using 10XXX dialing or collect third party calling conventions, e.g., 1-800-COLLECT, whenever there is no obligation on the part of the serving Local Exchange Carrier to invoice such calls on the Company's behalf or whenever that Carrier fails to provide billing name and address (BNA) information to the Company in connection with such calls.

1. DESCRIPTION OF SERVICE

.07 Call Blocking:

Without notice, the Company may block calls to or from certain countries, country codes, cities, city codes, NXX exchanges, individual telephone stations, groups or ranges of individual telephone stations or calls that use certain authorization codes, whenever the Company deems it necessary to take such action to prevent: (a) the unlawful use of service; (b) fraud; (c) nonpayment for service; (d) the use of service in violation of the requirements of this catalog; or (e) Company network blockage or the degradation of service furnished to the Customer or to other customers; or when actions taken by foreign governments or foreign telecommunications agencies, or responsive actions taken by the U. S. Government or any instrumentality thereof, render it impossible or impracticable to provide service. The Company will unblock as soon as it determines it can do so without undue risk, and it will, upon request by an affected Customer, assign new authorization codes to replace any that were deactivated. Whenever call blocking occurs on lines presubscribed to the Company, Customers or former Customers will be unable to make calls via any of the Company's CICs or those of its affiliates. At the request of a private payphone owner, the Company will arrange to block direct dial (i.e., completed without the assistance of an operator) calls made from a payphone to Puerto Rico and the U.S. Virgin Islands and to all international locations, except Canada. The Company may refuse to accept calling or credit card, collect calling and/or third number calls which it determines are or may be fraudulent, or it may limit the use of these billing options to or from certain countries or areas, including all or part of the United States, Puerto Rico, and the U.S. Virgin Islands.

3. TERMS AND CONDITIONS

.01 Service is provided and billed on the basis of a minimum period of at least one month, beginning on the date that billing becomes effective, and continues to be provided until canceled, by the customer, in writing, on not less than 30 day's notice from the date of postmark on this letter.

.02 Service is offered on a monthly basis, 24 hours per day. It is also offered on a Metered Use basis, as described in Paragraph C-3 following.

.03 For the purpose of computing charges in this catalog, a month is considered to have 30 days.

.04 The name(s) of the customer(s) desiring to use the service must be stipulated in the application for service.

.05 The customer agrees to operate Company-provided equipment in accordance with instructions of the Company or the Company's agent. Failure to do so will void the Company's liability for interruption of service and may make customer responsible for damage to equipment pursuant to Section B.3.06 below.

.06 Customer agrees to return to the Company all Company-provided equipment delivered to customer within five (5) days of termination of the service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to customer's failure to comply with this provision.

4. LIABILITY

.01 The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service, and not caused by the negligence of the customer or of the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate change to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission occurs.

.02 MCI shall be indemnified and held harmless by the customer against:

.021 claims for libel, slander, or infringement of copyright arising out of the material, data, information, or other content transmitted over the Company's channels; and

.022 patent infringement claims arising from combining or connecting Company-furnished channels with apparatus and systems of the customer; and

.023 all other claims arising out of any act or omission of the customer in connection with any service provided by the Company.

.03 The Company is not liable for any act or omission of any other company or companies furnishing a portion of the service.

.04 The Company does not guarantee or make any warranty with respect to any equipment provided by it where such equipment is used in locations containing an atmosphere which is explosive, prone to fire, dangerous or otherwise unsuitable for such equipment. The customer indemnifies and holds the Company harmless from any and all loss, claims demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment so used.

.05 The customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to, or death of, any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment where such installation, operation, failure to operate, maintenance, condition, location or use is not the direct result of the Company's negligence.

.06 The Company is not liable for any defacement of, or damage to, the premises of a customer resulting from the furnishing of channel facilities or the attachment or instruments, apparatus and associated wiring furnished by the Company on such customer's premises or by the installation or removal thereof, when such defacement or damage is not the result of the Company negligence. No agents or employees of other participating carriers shall be deemed to be agents or employees of the Company.

.07 The customer is responsible for taking all necessary legal steps for interconnecting his customer-provided terminal equipment of communications systems with the Company facilities. He shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.

.08 The customer shall ensure that his equipment and/or system is properly interfaced with the Company facilities, that the signals emitted into the Company's network are of the proper mode, bandwidth, power, data speed, and signal level for the intended use of the customer and in compliance with the criteria set forth in Section B.13.03 following, and that the signals do not damage the Company equipment, injure personnel or degrade service to other customers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, the Company will permit such equipment to be connected with its channels without the use of protective interface devices. If the customer fails to maintain and operate his equipment and/or system properly, with resulting imminent harm to the Company equipment, personnel, or the quality of service to other customers, the Company may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written notice, terminate the customer's service.

5. CANCELLATION OF SERVICE BY A CUSTOMER (See Section B,11 for cancellation by the Company)

If a customer cancels his order for service before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the customer and the Company, a charge will be levied upon the customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by the Company and not fully reimbursed by installation and monthly charges. If, based on an order by a customer, any construction has either begun or been completed, but no services provided, the nonrecoverable cost of such construction shall be borne by the customer.

6. USE OF SERVICE

.01 The services offered herein may not be used for the unauthorized provision of Message Telecommunications Service or Wide Area Telecommunications Service equivalents. Service furnished by the Company may be used for one or more of the following:

.011 for the transmission of communications by the customer.

.012 for the transmission of communications to or from an authorized user or joint user.

.013 for the transmission of communications to or from a customer of another common carrier, which has subscribed to the Company's communications services for purposes of resale.

.02 Service furnished by the Company may be arranged for joint use or authorized use. The joint user or authorized user shall be permitted to use such service in the same manner as the customer, but subject to the following:

.021 One joint user or authorized user must be designated as the customer. The designated customer does not necessarily have to have communications requirements of his own. The customer must specifically name all joint users or authorized users in the Application for Service. Orders which involve the start, rearrangment or discontinuance of joint use or authorized use service will be accepted by the Company only from that customer and will be subject to all regulations of this catalog.

.022 All charges for the service will be computed as if the service were to be billed to one customer. The joint user or authorized user which has been designated as the customer will be billed for all components of the service and will be responsible for all payments to the company. In the event that the designated customer fails to pay the company each joint user or authorized user shall be liable to the company for all charges incurred as a result of its use of the Company's Service. Each joint or authorized user must submit to the designated customer a letter accepting contingent liability for its portion of all charges billed by the company to the designated customer. This letter must also specify that the joint or authorized user understands that the company will receive a copy of the guaranty from the designated customer. Unless Supportive Services are provided (See Section D), the customer shall be responsible for allocating charges to each joint user or authorized user.

.03 Metered Use Service Option A (Execunet) combined with Metered Use Service Option B (Credit Card) furnished by MCI Section C-3.02, C-3.03) may, at a customer's option, be arranged for use under Corporate (Group) Account Billing. Group Account Billing specifies a combined monthly minimum usage charge for multiple business locations which the customer owns, franchises, manages, or directs, of $2,500 for all sub-accounts. The applicable Volume Discount, as set forth in Section C-3.02131, will be based upon the total combined monthly usage for all sub-accounts. Charges for optional features, detailed in Section C-3.0214, will be waived for all Corporate (Group) Account Billing customers of Metered Use Service Option A. Customers who elect this billing option are subject to the following:

.031 the customer electing this option shall be designated as the Sponsor, and as such must accept financial responsibility for all sub-accounts included under the Group Account Billing arrangement. Should the total monthly usage charges for all sub-accounts fail to satisfy the applicable monthly minimum usage charge, the Sponsor is responsible for payment of the difference. [A grace period, consisting of the initial (partial) month and the next three full billing months, will be extended to all new customers. During this period, the monthly minimum usage charge will not be billed.]

.032 The Sponsor must specifically name all sub-accounts in the application for Corporate Account Billing. Further, orders which involve the start of discontinuance of service will be accepted by the Company only from the Sponsor and will be subject to all regulations in this catalog. A.033 Each sub-account will be deemed to be a customer of the Company, and will be billed separately for its the Company service and will be responsible for payments to the Company. In the event that a sub-account fails to pay the Company the Sponsor shall be liable to the Company for all charges incurred as a result of such sub-account's use of the Company's service. Prior to initiation of service under Corporate Account Billing, the Sponsor must submit to the Company a letter accepting the terms and conditions set forth herein.

.034 A customer, at its option, may obtain Corporate Account Service PLUS if it agrees to: (1) place a single unified order for service for multiple business locations that the customer owns, franchises, manages or directs; (2) subscribe to services furnished under this catalog for one year; (3) pay a monthly fee of $1,500.00 for this service; and (4) be bound to the other terms and conditions set forth in this Section B.6.03.[1] A customer electing this option may will be given discounts as provided in Sections C.3.02132, C.034, and C.-3.0913 for itself and its sub-accounts. Customers who elect to subscribe to this service option shall not be entitled to any other discount or promotion offered by the company on charges arising from services furnished pursuant to this option. Customers who elect this option are also subject to the following:

.0341 The customer electing this option shall be designated as the Sponsor and, as such, must accept financial responsibility for the $1,500.00 monthly Corporate Account Service PLUS fee. If service under this option is canceled at any time after three full billing months, the Sponsor will be responsible for paying the company the remaining balance for the remainder of the one year service term. [For the first three billing months of service the monthly fee will not be billed. Thereafter, if a customer cancels from this option, other than to convert to MCI Vnet service, the customer will be financially responsible for payment of the $1,500.00 monthly fee times the number of full months remaining in the one-year Corporate Account Service PLUS commitment.]

.0342 Each sub-account will be deemed to be a customer of the Company, will be billed separately for its the Company service, and will be responsible for payments to the Company. In the event that a sub-account fails to pay the Company, the Sponsor shall be liable for all charges incurred as a result of the sub-account's use of the Company's service.

.0343 Prior to initiation of service under Corporate Account Service PLUS, the Sponsor must sign a Letter of Understanding accepting the terms and conditions set forth herein.

.04 Service furnished by the Company may be arranged for use by other common carriers for the purposes of resale subject to the following:

.041 Other Common Carriers will be responsible for charges, costs, etc. incurred by the Company with respect to Supportive Services as referenced in Section D.

.042 Other Common Carriers will be responsible for all interaction and interface with their own subscribers or customers.

.05 Service furnished by the Company shall not be used:

.051 For any unlawful purpose.

.052 For any purpose for which any payment or other compensation is received by the customer, except when the customer is an entity which holds itself out as being a communications common carrier. This provision does not prohibit an agreement between the customer, authorized user or joint user to share the cost of the service as long as this arrangement generates no profit for anyone participating in a joint use or authorized use arrangement.

.06 Payphone Use Charge [The Payphone Use Surcharge for Options O (MCI Prepaid) and V (Phonecash) is 2 Units. This does not apply for calls placed to Customer Service.]
An undiscountable $0.55 per call charge is applicable to calls that originate from any payphone within the state used to access the Company services as follows. This charge, which is in addition to standard cataloged usage charges and any applicable surcharges associated with the Company service, applies for the use of the instrument used to access the Company service and is unrelated to the Company service accessed from the payphone. Customers will be charged the Payphone Use Charge for each call, using the products listed below, which is placed from a payphone within the state.

The Payphone Use Charge does not apply to: calls using Telecommunications Relay Service; calls originated by customers with qualified hearing or speech impairments who are certified as described in Section C-3.021; and calls placed from payphones at which the customer pays for service by inserting coins during the progress of the calls.

The Payphone Use Charge of $0.55 will be applied to payphone calls made by customers of the Metered Use Service Options in this catalog, except where indicated below:

.07 Service Cancellation Request Received From Local Exchange Carrier

If the Company cancels a Customer account or service at the request of the Local Exchange Carrier (LEC) serving the Customer, but the Customer nevertheless continues to complete calls over the Company's network by dialing 1+ or 1010222, then, for a period not to exceed thirty (30) days from the date the Company first received the service cancellation request, the following provisions shall apply:

Customers who had subscribed to residential service under this catalog will be charged the rates set forth in Section C-3.02111 for direct dial usage; Section C-3.03111 for calling card access (excluding third party billed and station to station) usage; Section C-3.0218 for toll free service usage; and Section C-3.022 for direct dial operator assisted usage.

Customers who had subscribed to Metered Use Service Option U (Commercial Dial 1 Service), Option L (MCI Preferred), Option Z (MCI Flat Rate), Option BB (Advanced Option I for Small Business), Option CC (MCI Flat Rate Plus) or Option EE (Advanced Option II for Small Business) will receive service under the terms and conditions, including rates and charges, set forth under the offering to which the customer subscribed at the time of cancellation under those services.

For direct dial calls completed over the Company's network after the subject thirty (30) day period, the Casual Caller Surcharge in Section C-3.029 will apply, unless the Customer subscribes to another offering under this catalog, in which event the applicable offering rates will apply.

.08 Instate Access Recovery Fee

A monthly service charge that is applied to Customers subscribed to the Company for long distance services associated with a residential telephone line or billed to a residential account. This charge reflects costs incurred by the company in providing in-state long distance service over Customer’s local exchange provider’s network.

Monthly Charge: $0.00

.09 Effective February 1, 2009, the Company will no longer offer presubscribed long distance service to new residential and small business customers. Residential and small business customers currently subscribed to Company long distance service will no longer be able to move, add to, or change the service to which they are subscribed, except that customers may switch to a different Company service for which they are eligible if they wish, and customers of local/long distance integrated service may cancel local features on their service if they wish. All residential and small business end users will continue to be able to access the Company network and will be subject to this catalog on a non-presubscribed basis, e.g. collect calling, “dial around” services, or where their local exchange carrier installs the Company as the long distance PIC without the customer directly signing up with the Company for any calling plan.

7. PAYMENT ARRANGEMENTS

.01 The customer is responsible for payment of all charges for services furnished to the customer. Subject to the provision of Rule 3.4 of Exhibit A hereto, charges for installation, physical or administrative changes, expedites, or for cancellation of orders are payable upon completion. If, because of any such activity a non-Company carrier or supplier levies additional charges, these charges shall be passed on to the customer. Recurring charges are billed in advance.

.02 Billing will be payable upon receipt. The Company offers pre-payment credits which are considered to be financial transactions and are the subject of separate letter agreements. [A grace period, consisting of the initial (partial) month and the next three full billing months, will be extended to new customer. During this period, the monthly minimum usage charges will not be billed.]

.03 Applicants or customers whose financial condition is not acceptable to the Company, or is not a matter of general knowledge, may be required at any time to make a deposit not to exceed an amount equal to three times the average bill during the preceding six-month period for services at the customer's premises, or if such information is not available, up to an amount equalling the installation charges, if applicable, and/or up to three months' estimated charges for the service to be provided. In the case of a cash deposit, interest at the rate paid in that locality for escrow accounts will be paid for the period during which the deposit is held by the Company. Such deposit may be refunded or credited to the customer at any time after six months of good credit upon request of the customer prior to termination of service. Upon termination of service, the deposit, with accrued interest, shall be credited to the final bill, and any credit balance shall be returned promptly to the customer.

.04 The charges set forth in this catalog for channel terminations contemplate installations made in normal locations and under normal working conditions. Any installations to be made under other circumstances are subject to additional charges.

.05 If notice of a dispute as to charges in not received, in writing, by the Company within two years after an invoice is rendered, such invoice shall be deemed to be correct and binding upon the customer.

.06 The Company will cease billing the Special Access Surcharge upon receipt of the Exemption Certification (as defined herein). If the status of the private line facility was changed prior to receipt of the exemption certification, the Company will credit the customer's account, not to exceed three months, based on the effective date of the change specified by the customer in the letter of certification.

Upon the effective date of the Special Access Surcharge, the Company will bill such surcharges for private line facilities presently in-service. Customers who provide exemption certification within the first three months following the surcharge effective date, will be given credit for the surcharge to the surcharge effective date.

.07 [Reserved for Future Use]

.08 When the state, any municipality, other political subdivision, local agency of government, or public utility commission imposes upon and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee or assessment fee, such taxes and fees shall, insofar as practicable, be billed pro rata to the Company's customers receiving service within the territorial limits of the state municipality, other political subdivision, local agency of government, or public utility commission.

.09 Deposits

.091 Applicants for service or existing Customers whose financial condition is not acceptable to the Company, or is not a matter of general knowledge, may be required at any time to provide the Company a security deposit. The deposit requested will be in cash or the equivalent of cash, and will be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation.

For Residential Service customers, the deposit will not exceed an amount equal to: $50 for a service or facility which has a minimum payment period of one month; or the charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in event that a termination charge is applicable. In addition, the Company shall be entitled to require such an applicant or Customer to pay all its bills within a specified period of time, and to make such payments in cash or the equivalent of cash. At the Company's option, such deposit may be refunded to the Customer's account at any time. Also, the Company reserves the right to cease accepting and processing Service Orders after it has requested a security deposit and prior to the Customer's compliance with this request.

For Local Small Business Service customers, the deposit will not exceed an amount equal to: $50 for a service or facility which has a minimum payment period of one month; or the charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in event that a termination charge is applicable. In addition, the Company shall be entitled to require such an applicant or Customer to pay all its bills within a specified period of time, and to make such payments in cash or the equivalent of cash. At the Company's option, such deposit may be refunded to the Customer's account at any time. Also, the Company reserves the right to cease accepting and processing Service Orders after it has requested a security deposit and prior to the Customer's compliance with this request.

- A deposit may be required in addition to an advance payment.

- When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account.

- Interest on a deposit shall accrue annually and, if requested, shall be annually credited to the customer by deducting such interest from the amount of the next bill for service following the accrual date.

8. CHANGE IN SERVICE ARRANGEMENT

When a change in service arrangement involves the continued use by the customer of channels furnished by the Company, installation charges do not apply to the channels continued in use. The minimum service period for the channels continued in use is determined from the date of the initial acceptance thereof.

9. RESTORATION OF SERVICE

The use and restoration of service in emergencies shall be in accordance with Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

10. INSPECTION

The Company may, upon reasonable notice, make such tests and inspections as may be necessary to determine that the requirements of this catalog are being complied with in the installation, operation or maintenance of the customer or the Company's equipment. The Company may interrupt the service at any time, without penalty to the Company, because of departure from any of these requirements.

11. CANCELLATION FOR CAUSE BY MCI (See Section B,5 for Cancellation by Customer)

.01 Upon nonpayment of any sum owing to the Company, or upon a violation of any of the provisions governing the furnishing of service under this catalog, The Company may, upon written notification to the customer, without incurring any liability, immediately discontinue the furnishing of such service, except as otherwise provided in the following subparts, or by Section B 17 and Exhibit A hereto.

.02 Upon 14 days written notification, the Company will discontinue furnishing service to a subscriber to Option A (Execunet) of Metered Use Service who has not used the service for a period of 90 days and who appears, after investigation to have left the community or who advises the Company that he or she does not desire to continue to be carried as a customer.

.03 Subscribers accessing the service through the use of an authorization code will not be notified of the service deactivation. If the customer wishes to renew usage of the service (e.g., as in the case of returning to a vacation home), the Company will promptly supply a new code.

12. TESTING AND ADJUSTMENT

Upon reasonable notice, the channels provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.

13. TERMINAL EQUIPMENT

.01 Terminal equipment, such as teleprinters, handsets or data sets at the premises of the customer and connecting local channels between such premises and the Company's terminals, shall be furnished by and maintained at the expense of the customer, except as otherwise provided.

.02 The characteristics of equipment at either end of the channel shall be such that its connection to the channel complies with the minimum protection criteria set forth below, and does not interfere with services furnished to other customers. Additional protective equipment, where required, shall be at the customer's expense.

.03 When services using Bell voice grade facilities are terminated in customer--provided terminal equipment, channel derivation devices, or communications systems, the customer shall comply with the minimum protective criteria set forth below:

.031 When the facilities furnished under this catalog are used in common with Bell System services, it is necessary in order to prevent excessive noise and crosstalk that the power of the signal applied to Bell lines be limited. A single valued limit for all applications cannot be specified. Therefore, the power of the signal in the band above 300 Hertz which may be applied by the customer-provided equipment at the point of termination will be specified by the Company for each application, to be consistent with the signal power allowed on the telecommunications network.

.032 To protect the telecommunications services from interference at frequencies which are about the band of service provided, the Company will specify the acceptable signal power in the following bands to be applied by the customer-provided equipment or communications system at the point of termination to insure that the input to Bell facilities does not exceed the limits indicated:

- the power in the band from 3,995 Hertz to 4,005 Hertz shall be at least 18 dB below the power of the signal as specified in Section 13.031 preceding.

- the power in the band from 4,000 Hertz to 10,000 Hertz shall not exceed 24 dB below one milliwatt.

- the power in the band from 10,000 Hertz to 25,000 Hertz shall not exceed 24 dB below one milliwatt.

- the power in the band from 25,000 Hertz to 40,000 Hertz shall not exceed 36 dB below one milliwatt.
- the power in the band above 50,000 Hertz shall not exceed 50 dB below one milliwatt.

.033 Where there is connection via customer-provided terminal equipment or communications system to a Message Telecommunications Service or a WATS service to prevent the interruption or disconnection of all call, or interference with network control signaling, it is necessary that the signal applied by the customer-provided equipment to the interface at no time has energy solely in the 2450 to 2750 Hertz band. If signal-power is in the 2450 to 2750 Hertz band, it must not exceed the power present at the same time in the 800 to 2450 Hertz band.

.034 Where such customer-provided equipment of communications system applies signals having components in the frequency spectrum below 300 Hertz, excluding ringing signals, the currents and voltages (including all harmonics and spurious signals) at the interface shall not exceed the limits indicated in .0341 through .0344 following:

.0341 The maximum rms (root-mean-square) value, including dc and ac components, of the current per conductor will not exceed .35 ampere.

.0342 The magnitude of the peak of the conductor or ground voltage shall not exceed 70 volts.

.0343 The conductor voltage shall be such that the conductor to ground voltage limit in .0342 preceding is not exceeded. If the signal source is not grounded, the voltage limit in .0342 preceding applies to the conductor to conductor voltage.

.0344 The total weighted rms voltage within the band from 50 Hertz to 300 Hertz shall not exceed 100 volts. The total weighted rms voltage is the square root of the sum of the products times the square of the rms voltage of the individual frequency components. The weighting factors are as indicated:

For frequencies between	Weighting Factor
50 Hertz and 100 Hertz	$f^2/10^4$
100 Hertz and 300 Hertz	$f^{3.3}/10^{6.6}$

where f is the numerical value of the frequency, in Hertz, of the frequency component being weighted.

.04 The customer is responsible for all costs, which may include the expenses of customer personnel, electrical power, etc. at his premises in the provision of the service described herein.

14. ALLOWANCE FOR INTERRUPTIONS

.01 Credit allowance for interruptions of service which are not due to the Company's testing and adjusting, negligence of the customer, or the failure of channels, equipment and/or communications systems provided by the customer, are subject to the general liability provisions set forth in Section B.4 preceding. When the service provided by the Company is interrupted for a period of two consecutive hours or more, credit is allowed for that portion of the service which is affected, in accordance with the following formula:

Credit = $\frac{T}{24}$ times C

"T" is outage time in hours
"C" is total daily charge for the affected facility

.02 For the purpose of determining the amount of allowance, every month is considered to have 30 days. Only those segments of service actually affected by the interruption shall be considered in determining the amount of allowance.

.03 The length of an interruption shall be measured from the time the customer notifies the Company of the interruption, or from the time a major outage is known to the Company.

.04 As used in Section B.14 herein, the term "service" means the circuits or equipment provided by the Company, and/or a participating international carrier, or an overseas administration connecting with such international carrier.

.05 The Company will, at customer request and expense, attempt to make arrangements for redundancy on the customer's service.

15. INTERCONNECTION WITH OTHER CARRIERS

.01 Service furnished by the Company may be connected with services or facilities of another participating carrier. Such interconnection may be made at a Company Terminal or entrance site, at a terminal of another participating carrier, or at the premises of a customer, joint user, or authorized user. Service furnished by the Company is not part of a joint undertaking with such other carriers.

.02 Any special interface equipment or facilities necessary to achieve compatibility between the facilities of the Company and other participating carriers shall be provided at the customer's expense. Upon customer request and acting as his authorized agent, the Company will attempt to make the necessary arrangements for such interconnection.

.03 Service furnished by the Company may be connected with the facilities or services of other participating carriers under the terms and conditions of the other participating carriers' tariffs applicable to such connections.

.04 Intercarrier connection is offered between the Company and the following carriers, in accordance with the indicated tariffs. If no tariff is referenced the Company maintains a contractual arrangement with that company.

Carrier	Tariff
American Telephone & Telegraph Co.	FCC Tariff # 2, 9, 11
New England Telephone and Telegraph Co.	FCC Tariff # 40

16. [RESERVED FOR FUTURE USE.]

17. BILLING AND TERMINATION PROCEDURES APPLICABLE TO RESIDENTIAL CUSTOMERS

Per order of the Department date November 30, 1984, in D.P.U. 84-124, the Company hereby appends hereto as Exhibit A and incorporates herein by reference regulations promulgated by the Department and entitled "Rules and Practices Relating to the Company's Service to Residential Customers."

18. MCI WORLDCOM HOLIDAY DISCOUNTS

Massachusetts intrastate usage customers may be eligible to receive Company holiday discounts, subject to the terms and conditions as outlined in the Company's Tariff F.C.C. No. 1.

19. [RESERVED FOR FUTURE USE]

SECTION C - SERVICE DESCRIPTIONS AND RATES

1. GENERAL DESCRIPTION OF INTRASTATE TELECOMMUNICATION SERVICES

.01 InterLATA and intraLATA Intercity Telecommunication Services are offered to subscribers on a full-time monthly basis, or on a Metered Use Basis.

.02 All service shall remain in effect for a minimum of thirty (30) days.

.03 A customer may provide his own dedicated facilities to access the Company's terminal where such dedicated facilities are required.

.04 The Company offers its services subject to the availability of the necessary facilities and/or equipment. The Company reserves the right to refuse to provide service to or from any location where the necessary facilities and/or equipment are not available (see Section B.2).

.05 Method For Calculation for Airline Mileage

.051 Method of Calculation

The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) Coordinates as obtained by reference to AT&T's Tariff F.C.C. No. 10 according to the following formula.

.0512 Metered Use Service

To determine the mileage between any two cities proceed as follows:

.05121 Obtain the "V" and "H" coordinates for each city.

.05122 Obtain the difference between the "V" coordinates of the two cities. Obtain the difference between the "H" coordinates.

Note: The difference is always obtained by subtracting the smaller coordinate from the larger coordinate.

.05123 Divide each of the differences obtained in 2 by three, rounding each quotient to the nearer integer.

.05124. Square these two integers and add the two squares. If the sum of the squares is greater than 1777, divide the integers obtained in 3 by three, and repeat step 4. Repeat this process until the sum of the squares obtained in 4 is less than 1778.

.05125 The number of successive divisions by three in steps 3 and 4 determines the value of "N". Multiply the final sum of the two squares obtained in step 4 by the multiplier specified in the following table for this value of "N" preceding:

N	Multiplier	Minimum Rate Mileage
1	0.9	--
2	8.1	41
3	72.9	121
4	656.1	361
5	5,904.9	1,081
6	33,144	3,241

.05126 Obtain square root of product in 5 and, with any resulting fraction, round up to next higher integer. This is the rate mileage except that when the mileage so obtained is less than the minimum rate mileage shown in 5, preceding, the minimum rate mileage corresponding to the "N" value is applicable.

.05127 Example: The rate mileage between Springfield, Massachusetts and Boston, Massachusetts is calculated as follows:

		V	H
(a)	Boston	4422	1249
	Springfield	4620	1408
(b)	Difference	198	159

(c1) Divide each difference by three and rounding up to nearer integer = 66 & 53.

(d1)	Square integers and add	66 X 66 =	4,356
		53 X 53=	2,809
	Sum of squared integers		7,165

Sum of squared integers is greater than 1777, so divide integers in (c1) by three and repeat (d1)

(c2) Divide integers in (c1) by three and rounding = 22 and 18

(d2)	Square integers and add	22 X 22 =	484
		18 X 18 =	324
	Sum of squared integers		808

This sum of squared integers is less than 1778 and was obtained after two successive divisions by three, therefore, "N" = 1.2

(e)	Multiply final sum of squared	808
	Integers by factor 8.1	X 8.1
	(corresponding to "N" = 2)	6,544.80

(f) Square root of 6,544.80 = 80 and a fraction, which is rounded up to 81 miles (fractional miles are considered full miles). The 81 miles is larger than the minimum of miles applicable when "N" = 2, so the rate mileage is 81 miles.

.06 Service Availability Tables

The Company's Services are available for Massachusetts locations as specified in the Company's Tariff FCC No. 1 Section C.12, Tables IV and V.

2. [RESERVED FOR FUTURE USE.]

3. METERED USE SERVICE [Effective March 5, 2011, for all residential customers of Metered Use Service, all Calling Card service and Toll Free / 800 service will no longer be available to new customers.]

.01 General Description

Metered Use Service offers the use of intercity communications facilities shared among multiple users, and is provided on the basis of fifteen separate service options (Execunet, Credit Card, Prism Plus, MCI Preferred and Commercial Dial 1).

Depending on the option(s) chosen the customer may select the manner in which calls are originated and terminated, may obtain one-way or two-way service, may enjoy point-to-point or multipoint service, or may originate calls in multiple cities.

Certain Metered Use Service offerings may involve a monthly subscription fee, a recurring monthly minimum charge for intercity facility usage or an initiation of service fee. A monthly listing of each call and its duration is available as a standard feature. At additional cost, certain Metered Use Service options offer a customer the ability to: (1) identify the users and allocate the cost of his long distance facilities through the use of accounting codes, (2) reduce the amount of dialed digits through the use of speed numbers, and (3) receive their call records on magnetic tape and (4) receive call detail on MCI 800 Service.

Under each of the above service options, the individual customer's total monthly charges for their use of the intercity communications facilities are based upon the total time the customer (account) utilizes such facilities. In that regard, individual intercity facilities usage charges, as well as other specific charges, discounts and/or features are applicable to each individual service option. When a metered use service call is established in one time-of-day rate application period and ends in another, the rate in effect in each rate application period applies to the portion of the call occurring within that rate application period. A specific description of each of the Metered Use Service options is contained in Sections C.3.02-C.3.23 following.

.02 Option A (Execunet) [Effective March 5, 2011, all residential Calling Card service and Toll Free / 800 service will no longer be available to new customers of this service.]

Execunet Service is a one-way, dial in-dial out multipoint service allowing the customer to originate and terminate calls via the Company-provided local business telephone lines or other exchange access facilities. Subscribers to Execunet Service may originate calls only in the city or cities in which they maintain an active Execunet account. Customers may access Execunet calls in a variety of ways depending on whether or not the exchange in which a customer wishes to subscribe to such service has been converted to equal access and on the Company's evaluation of the danger that access by means of authorization codes can be abused, to the detriment of the Company and its customers.

a. In Equal Exchange Access Areas

1. In central offices where equal access is available, customers who have established accounts with the Company may access Execunet Service on a direct dial basis (MCI WorldCom Dial "1" Long Distance Service) or by dialing the access number 1010222.

2. From and after June 15, 1987, no new orders for Execunet Service via a 7 digit access number will be accepted in those areas where equal exchange access is available, unless such orders are for service to be used in conjunction with automatic dialing equipment furnished by the Company in areas where the Company has determined that the likelihood of fraudulent use of the service using such equipment is not significant.

3. From and after September 17, 1987, existing Execunet customers who have been using 7 digit access numbers in equal access exchanges may be required, after written notice, to shift to MCI WorldCom Dial "1" Long Distance Service or to the use of the 1010222 access number in areas where MCI WorldCom offers the service. Customers who use 7 digit access numbers in connection with automatic dialing equipment furnished by the Company may be exempted from this requirement in areas where the Company determines that the likelihood of fraudulent use of the service using such equipment is not significant.

b. In Areas Not Having Equal Exchange Access

1. In central offices were equal exchange access is not available, customers who have established accounts with the Company may use Execunet Service by dialing a 7 digit access number.

2. From and after September 17, 1987, the Company may refuse to accept new orders for such 7 digit access in those areas where equal access is not available and where the Company determines that the use of 7 digit access numbers imposes a significant risk of fraudulent use of the service.

3. From and after September 17, 1987, the Company may, in areas where equal access is not available, upon written notice, require existing Execunet customers who have been using 7 digit access numbers to shift to an alternative form of service using the MCI WorldCom Around Town feature of the Company's Option B (Credit Card Service) as described in Section C.3.03 below (particularly in Section C-3.03115),if that option is available in the exchange in question. This alternative form of service will also be offered to new subscribers in such areas.

4. Customers who use 7 digit access in connection with automatic dialing equipment furnished by the Company in unconverted exchanges may be exempted from this limitation on new or existing service in areas where the Company determines that the likelihood of fraudulent use of the service using such equipment is not significant.

Customer may terminate calls as specified in Section 3.022 below. All Execunet calls are rounded to the next higher full minute. At the customers option, Execunet Service is available on the basis of a Corporate Account Billing arrangement. At their option, business entities which are members of a 'qualified association' (as defined in Section A of this catalog) may order Execunet Service through their association. Each association member electing to use this Qualified Commercial Affinity Group Billing Arrangement will be billed separately, and will be responsible for its own usage charges. The association will be provided the total charges billed to its members each month in order to determine its compliance with the Company's definition of Qualified Commercial Affinity Group. It must achieve compliance within twelve months of its members beginning to subscribe to service under this option and must stay in compliance thereafter. If the association fails to qualify, or having qualified, fails to continue to do so for two consecutive months, then in the following month its members who have chosen this option will become ordinary customers of the Company's Option A Service.

Monthly Minimum Usage - Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge of $5.00.

.021 Monthly Recurring Charges

.0211 Per Minute Usage Charges: The following per minute rates will apply to all Option A calls unless specified otherwise. In addition, Volume Discounts, as described in Section 3.0213 will be available. Peak rates will apply from 7:00 am - 6:59 pm, Monday - Friday. .0215 Premier Calling Plans [For customers who subscribe to the Asia Plan as described in the Company's FCC Tariff No. 1, the usage charges in Section C-3.151 will apply to intrastate calls.]:

Execunet customers (Dial "1" only) may enroll in not more than one of the following plans per telephone number at the same time. For customers who subscribe to the Asia Plan as described in the Company's FCC Tariff No. 1, the usage charges in Section C-3.151 will apply to intrastate calls.

.02151 PrimeTime Option[2]

The PrimeTime Option is available to customers who have enrolled in the Company's interstate PrimeTime Option. The PrimeTime Option allows a customer to make one hour of intrastate calling for an additional fee of $1.50 or to combine intrastate calling and interstate calling for one-hour period during the following times: between 5:00 p.m. and 8:00 a.m. Monday through Friday, 24 hours on Saturday, Sunday through 5:00 p.m. and from 11:00 p.m. on Sunday through 8:00 a.m. on Monday. If a customer makes more than the minimum period of one hour of long distance calls (interstate and intrastate combined) during the PrimeTime Option hours, charges for the additional time will be calculated on a per minute of use basis. All calls made during other times will be charged at rates listed in Section C-3.0211. All calls will be rounded to the next higher full minute. Customers who choose this option will be billed for a minimum of one hour of calling regardless of the volume of calls made under this option during any month.

Customers who have enrolled in the equivalent interstate discount plan will receive a ten (10) percent discount off rates in Section C-3.0211 on all calls made outside the time periods specified in Section C-3.02151 above[4]. This discount is in lieu of other Company discounts that apply to Execunet Service. Effective April 17, 1995, the Company's PrimeTime Option will not be available to new subscribers. The monthly fee for the Company's interstate discount plan can be found in the Company's FCC Tariff No. 1.

Monthly Minimum Usage - Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge of $5.00.

In addition to these discounts, Subscribers who elect Option B will receive the following benefits:

- The Subscriber will be automatically enrolled in Personal 800 Plan R. The one-time installation fee and monthly subscription fee will be waived. The Subscriber will be charged the per minute usage rates as described in the Company's F.C.C. Tariff No. 1. No discounts will apply to these rates.

[1] Total of Metered Use Service Option A (Execunet) and Option B (Credit Card.)

[2] Does not apply for Calling Circle Members whose primary Interexchange Carrier (PIC) is not MCI. For Calling Circle Members whose PIC is not MCI, non-Calling Circle Member discounts apply.

[3] Effective 12/9/96, Friends & Family discounts for Option B (Credit Card Service) calls will be discontinued.

[4] Does not apply to calls made by Customers of Metered Use Option B (Credit Card).

.021622 Option B (Cont'd.)

- For Subscribers whose total monthly combined usage of Metered Use Service Option A (Execunet - Dial "1) and Option B (Credit Card) is equal or greater than $9.50 and equal or less than $24.49, a discount of 15 percent will apply , on usage equal or greater than $24.50, a discount of 30 percent on Option B gross call usage charges and surcharges will be applied for all calls made to Calling Circle Members whose Primary Interexchange Carrier (PIC) is the Company. [Effective 11/8/95, Friends & Family discounts for Option B (Credit Card Service) calls will only apply to Option B (Credit Card Service) calls placed to the subscriber's ANI. The Subscriber's ANI must have MCI as their Primary Interexchange Carrier (PIC) and must be invoiced to the same account as the Option B Card.]

.021623 Option C: [Effective January 7, 1997, Friends & Family Option C will no longer be available to new subscribers.]

For Subscribers who elect Option C, the following discounts will be applied against gross qualified usage charges and surcharges. To be eligible for Option C, Subscribers may not be enrolled in a Premier Calling Plan.

Monthly Minimum Usage - Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services .jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge of $5.00.

Subscribers who have total monthly usage [Total of Metered Use Servie Option A (Dial One / Direct Dial) and Option B (Credit Card).]equal to or greater than $9.50 but less than $2,500 will be eligible to receive the following:

- A monthly invoice credit (not to exceed $10.80) equal to the Subscriber's domestic Dial One usage to Calling Circle Members in that month;

- A 50 percent discount on Subscribers' Dial One usage to Calling Circle Members which exceeds $10.80 in that month; and

- A 50 percent discount on all other qualified domestic usage excluding Option A (Dial One/Direct Dial) and Option D (Credit Card) to Calling Circle Members in that month.

In addition to the above discounts, Subscribers who elect Option C will receive the following benefits.

- Subscribers will be automatically enrolled in Personal 800 Plan R, as specified in Section C-3.0217. The one-time installation fee and monthly subscription fee will be waived. Friends & Family Program discounts will not be applied to Personal 800 Plan R usage.

.023 Service Availability

From the Massachusetts Metropolitan areas set forth in Section C.12 of the Company's Service Agreement and Rate Schedule at http://www.mci.com/service and to all locations within the Commonwealth of Massachusetts.

.024 Rates Applicable For Hearing Or Speech Impaired Persons

.0241 Text Telephone Discounts[1]
Discounts may apply to intrastate usage when used with a text telephone for visual communications. These discounts are subject to the terms and conditions as outlined in the Company's Tariff F.C.C. No. 1 (Section 3.02112).

.0242 Telephone Relay Service (TRS)
TRS is a service which permits hearing or speech impaired customers who use a Telecommunications Device for the Deaf (TDD) to complete calls to customers who do not use TDD. This service is applicable to intrastate Option A calls that originate and terminate in Massachusetts. The completed call is rated as a call from the originating telephone number to the terminating telephone number. Intrastate Option A (Execunet) and Option B (Credit Card) calls will be priced using the rates specified in Sections C-3.0211 and C-3.0311; with such calls receiving a discount of fifteen (15) percent. Intrastate Operator Assisted TRS calls will be priced using the rates and surcharges specified in Section C-3.0222; however, no discount will apply to any Operator Assistance surcharges. TRS calls are not eligible for discounts associated with Sure-Save Sense, Basic Calling Plan or any Premier Calling Plans. All TRS calls are confidential and may not be placed to 900 or 976 numbers.

The Company is not liable for errors in translation or in receiving or delivering messages by telephone, Text Telephone, or any other instrument over the Company's facilities, connecting carriers, or through any of the TRS centers operated by the Company in the absence of gross negligence or willful misconduct.

.0243 MCI Distinct

.093 Service Availability

Option H is available from all exchanges which have been converted equal access in the Massachusetts metropolitan areas listed in Section C.12, of the Company's Tariff FCC No. 1.

.13 Option L (MCI Preferred)

MCI Preferred is a one-way, multipoint service for single or multi-location customers using Dial "1", calling card origination and/or an inbound service using 800 termination. Multiple outbound calling locations will be billed via a single invoice. If applicable, upon enrollment, the customer must designate each originating Dial "1" telephone number as either Service Type 1* or Service Type 2**, as described below. All Option L calls are subject to a 60 second minimum initial period and are then rounded to the next higher 60 second increment.

This catalog is being offered to Massachusetts customers that have a requirement to make intrastate calls. Intrastate service is provided in conjunction with Interstate Preferred service and is available only to customers subscribing to Interstate Preferred service as provided in the Company's Interstate Tariff F.C.C. No. 1.

.131 Access Methods and Charges

.1311 Dial "1" Access

Dial "1" access can be used for Option L alone or in conjunction with calling card access and/or 800 access. There are two types of Dial "1" service: Service Type 1 and Service Type 2. Service Type 2 can only be used in conjunction with Service Type 1*. The customer can pre-subscribe up to fifty (50) Service Type 1 locations and up to five (5) Service Type 2** locations for each Option L account.

A Service Type 1[1] location is defined as all lines associated with a single billing telephone number (BTN) as provided by the local exchange carrier.

At each Service Type 2 location, there can be a maximum of two (2) originating telephone numbers. However, there is no limit to the number of originating telephone numbers at a Service Type 1 location.

* Service Type 1 refers to service provided at business locations. Business locations are locations where service is used primarily or substantially for business purposes.

.163 Directory Assistance: Directory Assistance is provided pursuant to the terms and conditions outlined in the Company's F.C.C. Tariff No. 1.

.164 Other Conditions of Service:

- Only the entity in whose name the original qualifying purchase was made shall be deemed to be the customer. Related entities, such as affiliates and subsidiaries, spouses and relatives, shall not be treated as the customer.

- Calls to 700, 800, 900 and 950 numbers and Directory Assistance will not be completed using the MCI Prepaid card.

- Calls may only be charged against an MCI Prepaid card that has a sufficient available balance.

- MCI Prepaid card balances will be reduced and depleted based upon customer usage. Card users will be given notice one minute before available card balance is depleted. When the balance of available time is depleted, the call will be terminated.

- Activated MCI Prepaid cards are non-refundable and will expire on the date specified on the card or the carrier or package in which the card is included. Notwithstanding the above, the Company will offer reimbursement of 100 percent of unit cost per card for unactivated batches of 25 cards each, for up to 90 days after the percent of the customer's card order. The customer must submit a written request for refund within the 90 day period after activation to both its Company Account Team and the Company Prepaid Product manager. Refunds will be made in the form of either a credit to the customer's account or a check payable to the customer for customized cards only. The refunds will not cover any costs related to card printing and distribution. No refund will be made for cards with partial use.

- The Company will provide a credit equal to one minute of applicable service for MCI Prepaid card calls that are interrupted or are subject to inadequate transmission. Credits will not be issued when an interruption or service deficiency is: i) not reported to the Company; or ii) due to failure of power, equipment or systems not provided by the Company.

- Additional units may be added to unexpired cards by charging them to a commercial card accepted by the Company. Such transactions are available only through the Company provided telephone numbers. Such additional units will be charged at the prevailing per-unit rate on the date of recharging. A minimum of 30 units must be added to the card on each recharge. There is no additional charge to the end user.

.233 Directory Assistance: Directory Assistance is available pursuant to the Company's F.C.C. Tariff No. 1.

.25 Option X (500 Personal Number Service)

500 Personal Number Service is an inbound voice-grade telecommunications service that permits calling from stations in diverse geographical service areas within the state to a station at one location, or to a set of up to three stations at more than one location within the state, based upon pre-established priorities as provided below.

For any 500 Personal Number Service call, there are two customers: the "Subscriber" (i.e., the party at whose designated location(s) the 500 Personal Number Service call terminates) and the "Calling Party" (i.e., the party who places the call). Each party is fully and equally subject to all applicable provisions in this catalog which pertains to customers. The Calling Party has three billing options available for this service:

Calling Party ANI billing, local exchange carrier calling card, and commercial credit card.

The following types of calls are not permitted when using this service: collect; third party billed; and person-to-person.

All 500 Personal Number Service calls are subject to a 60-second minimum duration, with 60-second additional increments. If the computed charge for any call includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

Neither the Subscriber nor the Calling Party is required to designate the Company as his or her Primary Interexchange Carrier (PIC). Each 500 Personal Number Service call will include a recorded or live operator announcement to the Calling Party indicating that the Company is the provider of the service.

Users of 500 personal Number Service may have access to non-tariffed enhancements (e.g., information services) provided by the Company.

.251 Basic Service Package

The Basic Service Package, which all 500 Personal Number Service Subscribers receive, includes the following:

- Friends & Family 500 Number: Each Subscriber is assigned a 500 number.

- Passcode: Each 500 Personal Number Service number is assigned a 6-digit passcode which can be used by the Subscriber to manage service features.

- Multiple Number [For these features, call may not be forwarded to: service numbers (e.g., numbers beginning with 500, 700, 800 or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g, number with a 976 prefix.)] Permits Subscribers to pre-establish in priority up to three telephone numbers within the state for the completion of calls placed by Calling Parties to the Subscriber. Numbers will successively be attempted if a busy signal or answering machine is detected or if the call does not complete after four rings.

- Final Message [For these features, call may not be forwarded to: service numbers (e.g., numbers beginning with 500, 700, 800 or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g, number with a 976 prefix.)] If calls are not completed at any of the three alternate numbers, the call will be sent to a Final Message. The Subscriber may choose among various options for the final message, including a closing message which informs the caller that the Subscriber is not available. For these features, call may not be forwarded to: service numbers (e.g., numbers beginning with 500, 700, 800, or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g. numbers with a 976 prefix.

- Alternate Number [For these features, call may not be forwarded to: service numbers (e.g., numbers beginning with 500, 700, 800 or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g, number with a 976 prefix.)] A Subscriber may temporarily override the pre-established priority sequence by designating an alternate number without having to change any of his or her Multiple Numbers. If there is no answer at the alternate number, the call will be forwarded to the Final Message. This feature can be activated and deactivated by the Subscriber.

- Call Screening: Call Screening allows a Subscriber to screen calls by prompting the Calling Party to state his or her name, and allowing the Subscriber to accept or redirect the call. This feature can be activated and deactivated by the Subscriber.

The Subscriber will be charged $1.00 per month per 500 Personal Number Service Personal Number for the Basic Service Package [This charge will be waived through December 25, 1995.]. The Calling Party is not subject to any monthly recurring charges, but will be obligated to pay usage charges associated with calls he or she places.

.252 Usage Charges - The Calling Party will be charged the following per minute usage charges for calls terminating within the state:

PEAK	OFF-PEAK
$0.2450	$0.1450

Peak rates apply 8:00 am - 4:59 pm, Monday - Friday. Off-Peak rates apply at all other times. Standard Holiday discounts do not apply to these calls.

.253 Discounts - A 25 percent discount applies to 500 Personal Number Service calls placed at and billed to an ANI for which the Company is the designated PIC.

.254 Service Availability - 500 Personal Number Service calls may be placed from telephone within the state served by Local Exchange Carriers which provide 500 access service.

.129 Option VVVVV (Verizon Prepaid Phone Cards) [1]

Verizon Prepaid Phone Cards represent a prepaid calling card service that allows consumers to acquire and use cards to originate outbound direct dial calls via Company-provided 800 numbers. Verizon Prepaid Phone Cards can be used for both interstate and intrastate (intraLATA and interLATA) calls and are classified as either MCI Branded Phone Cards, or Verizon Branded Phone Cards, or cards co-branded with a third party (typically a distributor) (hereinafter "Verizon Branded Phone Cards") where the calling service is provided by MCI Communications Services LLC ("MCI").

There are two methods of providing Verizon Prepaid Phone Card services to consumers, as follows:

- Physical format which includes a preprinted phone number and a Personal Identification Number, hereinafter referred to as a "PIN", delivered on a plastic card typically measuring 3-1/2" x 2-1/4"; or,

- Virtual format, which is delivered as a PIN printed on a cash register receipt when purchased at a retail location, or delivered as a PIN when purchased via the World Wide Web.

Consumers can purchase Verizon Prepaid Phone Cards as follows:

- Verizon Branded Phone Cards directly from distributors.

- Verizon Branded Phone Cards via the World Wide Web or via a toll-free telephone number.

When sold through a distributor, prices for Verizon Branded Phone Cards and recharge minutes are established by the distributor. When sold by the Company, prices for Verizon Branded Phone Cards recharge minutes are established by the Company.

This catalog provides terms and conditions applicable to in-state calls made using Verizon Prepaid Phone Cards. The terms and conditions set forth herein for such calls made with Verizon Prepaid Phone Cards supplements the terms and conditions applicable to the sale and use of such cards as set forth in the Consumer Service Agreement located at http://prepaid.Verizon.com/ecommerce/service_agreement.jsp.

Card Values
Verizon Prepaid Phone Cards are available under two options, the Minute/Unit based cards and the Dollar based cards, as follows:

- Minute/Unit based cards display the initial number of minutes/units available for interstate calls to the card user at the time of card purchase. Minute/Unit based cards deduct the applicable charge for a call or other service in minutes/units.

- Dollar based cards display the initial dollar value of the card and a per minute rate for interstate calls, or the initial number of minutes available for interstate calls at the time of purchase. Dollar based cards deduct the applicable charge for a call or other service in dollars and cents.

[1] New cards will not be available on or after April 17, 2012, and recharge requests on existing cards will not be processed after that date.

Features

Operator Assistance [Effective November 10, 2011, Commercial credit card billing for operator assisted calls will no longer be available where payment is made via an automated or live operator.] and Customer Service:
Operator Assistance for call dialing is available as specified on some cards, at no charge to the consumer. Customer service is available on all cards at no charge to the consumer.

Directory Assistance: Domestic Directory Assistance is available through the Verizon Prepaid Phone Card. Directory Assistance requests will have a maximum charge of not greater than 28 interstate minutes/units for Minute/Unit based cards or $1.50 for Dollar based cards per call. Consumers may request up to two listings per call. The Directory Assistance charge will be announced to the caller prior to connecting the call.

Enhanced Directory Service: Golden Retriever, an Enhanced Directory Service, is available through Verizon Prepaid Phone Cards and provides consumers with instant access to information including weather, reverse phone number look-up, phone number look-up and category search. Consumers may request up to three pieces of information per call to Enhanced Directory Service. Each such call is charged at a flat rate and is not subject to a per minute rate. The maximum charge for Golden Retriever is $1.50 per call on dollar based cards and 30 interstate minutes/units on Minute/Unit based cards.

Rates and Charges
Verizon Prepaid Phone Cards are provided in various minute/unit and dollar based denominations by MCI or through its distributors with a stated interstate per minute/unit value not to exceed $0.35. One unit equals one minute (or fraction thereof) of interstate calling.

For completed in-state calls using a Verizon Prepaid Phone Card, the value of a Verizon Prepaid Phone Card may be decremented up to 1 times the interstate minute/unit value described above. The value of each in-state minute/unit equals 1 times the current interstate minute/unit value as described in this service. Other charges or surcharges may apply to card use. Partial minutes used are billed as full minutes.

Certain Verizon Branded Dollar based phone cards have a maximum per minute interstate rate of $0.35 plus a surcharge assessed for each completed call. Those cards and their associated surcharge are listed below:

Card Name	Surcharge
Verizon New Penny Pincher:	$0.79
Wholesale Domestic Surcharge C:	$0.50
Domestic Surcharge A:	$0.79
3.9 cent Express:	$0.49
OCP #8 New Televia:	$0.65
Vending Express:	$0.75

Recharging

Verizon Prepaid Phone Cards are rechargeable, meaning that additional value may be added to a card, subject to a maximum allowed value per card, unless the card has expired or as otherwise expressly stated on the card, card packaging, or in the Service Agreement. Such additional minutes/units will be charged at the prevailing per minute/unit rate as of the date of recharging. A minimum of ten dollars ($10.00) and up to a specified maximum amount may be added to the card per each recharge.

In addition to the foregoing, rechargeable cards are also subject to the following terms and conditions:

Upon recharge, a recharge fee of up to a maximum of fifteen percent (15%) of the recharge value may be assessed.

Recharge may be accomplished in any of the following manners:

i. By direct payment at selected distributors' locations.

ii. By credit or debit card using the toll free access number printed on the card and following the audio prompts.

iii. By registering the card for "auto-recharge," an expedited recharge process that alerts the consumer when their calling card balance falls below a certain level and offers the option of an automatic recharge in the same dollar amount of the customer's previous recharge.

Recharge methods and availability may be based on distributor's preference. Recharge minutes/units or dollars of service purchased via the toll free access number or through auto-recharge must be paid for with a verified valid credit or debit card.

Exclusions

Verizon Prepaid Phone Cards cannot be used for calls to 700-, 900-, or 976 services or for certain operator assisted, third party billed or collect calls. Any unused balance on a Verizon Prepaid Phone Card cannot be transferred to or combined with one or more other Verizon Prepaid Phone Cards.

Availability of Service

There are no time of day or day of year restrictions for use of Verizon Prepaid Phone Cards.

Regulations

Use of Verizon Prepaid Phone Cards is available by calling the Company toll free number printed on the card.

A completed call may only be charged to a Verizon Prepaid Phone Card that has a balance sufficient to cover the charges assessed for the call. The Verizon Prepaid Phone Card balance will be reduced by the appropriate minutes/units or dollars charged for the completed call.

After the number of the called party is dialed, but before the call is completed, the available balance of talk time based upon the telephone number of the called party will be announced to the caller. A Verizon Prepaid Phone Card call will be interrupted with an announcement when the available balance on the card drops to one minute/unit, based on the originating/terminating phone numbers of the call. Once the balance on the card is insufficient to continue, the call will terminate.

Credit allowances for interruptions: MCI will credit one minute/unit on a consumer's Verizon Prepaid Phone Card in the event of poor call transmission or call cut off caused by MCI. To receive a credit, the consumer must promptly notify MCI Customer Service of the service problem by calling the Customer Service number printed on the card. Credit will not be given when interruptions are caused by the failure of systems not provided by MCI, by the failure of other MCI services connected to the Verizon Prepaid Phone Card, for wrong telephone numbers or other causes outside the control of MCI.

Activated Verizon Prepaid Phone Cards are non-refundable. Once activated, and subject to applicable terms and condition, a Verizon Prepaid Phone Card may be used to originate direct dialed calls until the available card balance is depleted or the card expires, whichever first occurs. Card expiration dates will be specified on the card or the card packaging.

Other Conditions of Service

- The U.S. Public Payphone Surcharge applies when a Verizon Prepaid Phone Card is used to place a call from a U.S. public or semi-public payphone.

- State Universal Service Charge: The Company may, at its option, apply the State Universal Service Charge at point of sale.

* Definition of Terms: For purposes of the Business Success Service Term Plan, the following definition applies: Qualifying Volume is the customer's total domestic and international Business Success Service Dedicated Outbound Service usage after the application of promotional and other discounts. The following are not included as Qualifying Volume: Directory Assistance charges; monthly recurring and non-recurring charges; and taxes.

* Term Commitment and Renewal Options: A Customer must commit to service for a term of 1 or 2 years. The term of service will commence with the provisioning of service following the execution of the Business Success Service Dedicated Service Term Plan by a customer and the Company. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term, unless the customer provides written notification to cancel the Business Success Service Dedicated Service Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

* Volume Commitment: A customer's Qualifying Volume usage must equal or exceed $3,000.00 in each monthly period of the term of service, beginning with the fourth month after customer enrolls in this service.

* Underutilization Charge: If during any monthly period of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume usage in that monthly period and the customer's monthly volume commitment.

* Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the Business Success Dedicated Service Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan. Customers subscribing to the Business Success Service Dedicated Term Plan who discontinue the plan will be required to pay a charge in an amount equal to i) the Underutilization Charge for the monthly period of the termination and ii) the customer's monthly volume commitment for each month remaining in

the annual period in which termination occurs.

* Monthly Minimum Charge: Business Success Service Switched Outbound and Inbound: A $25.00 per-account per-month minimum charge will apply if a customer's usage charges under this plan are less than $25.00 per account per month. This per-account charge will be applied against the customer's Business Success Service usage in the month it is charged.

3.5.4.3 Returned Check Charge

Returned Check Charge: $20.00 Per Check

3.5.4.4 Directory Assistance

Charge	$0.85 Per Call (Unless specified otherwise)

A. Call Allowances

In order to accommodate situations such as directory inaccessibility and numbers not found in the directory, an allowance consisting of a number of calls (which may be either direct-dialed or operator-dialed) to Directory Assistance is provided as follows:

1. The ten (10) calls per billing period for each business main telephone exchange service line, business PBX trunk line, Dormitory Communications service line, or Student Centrex main station line presubscribed to Carrier.

2. Ten (10) calls per billing period equivalent PBX trunk for Centrex main station lines presubscribed to Carrier, as determined in accordance with industry standard PBX Trunk Equivalency Tables.

3. If a customer has two (2) or more main telephone exchange service lines, Centrex station lines, or PBX trunk lines presubscribed to Carrier, Terminating at the same premises, connected to the same central office, and billed to the same number during the same billing period, the total allowance is applied to the total usage for the lines or trunks involved.

B. Exemptions

1. Direct-dialed calls to Directory Assistance are exempt from these rates and regulations when placed from a single-line registered business main telephone line of a handicapped user. A main line may be registered for exemption with Carrier in those instances where one or more of the users of the line is considered to be legally blind, or visually or physically handicapped as defined by the Federal Register, Volume 35, #126. Where a user's handicap prevents the dialing of a telephone in the conventional manner or permits only dialing of "0", those calls placed from the registered line and not direct-dialed will also be exempt. Handicapped users on multi-line systems presubscribed to Carrier shall obtain personal exemptions from Carrier and may reach Directory Assistance.

2. All directory assistance calls originated from public and semi-public telephones presubscribed to Carrier, and from exchange lines of the Commonwealth and its political subdivisions presubscribed to Carrier, are exempt.

3. Call to Directory Assistance requesting telephone numbers that are non-listed or non-published are exempt.
