#### SUBSECTION A – MATERIAL PREVIOUSLY IN COMPANY TARIFF NO. 1

(Intentional gaps in section numbers)

Effective on or after October 1, 2016, MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services will no longer offer the following Operator Services features in the United States and internationally: Busy Line Verification or Interrupt, Person-to-Person, 3rd Number Billing, and Collect Call services.

#### RULE NO. 13 - TEMPORARY SERVICE

##### 13.1 Promotions (Cont.)

##### 13.1.4 MCI Local Services Investor Promotion - San Francisco (Cont.)

Enrolled customers who do not designate an annual volume commitment will receive credits based on the customer's location and term commitment. The customer's credit amount will be based on the number of Local Access Channels (Local Lines, Local Trunks-Basic, Local Trunks-DID and/or ISDN-PRI Local) and DID Number Charges ordered by the customer and on the exchange service area in which the customer orders service multiplied by 10% for customers committing to a one-year term, 15% for a two-year term, and 20% for a three-year term.

##### Credit Per Local Access Channel

| <u>Local<br/>Line</u> | <u>Local Trunk-<br/>Basic</u> | <u>Local Trunk-<br/>DID</u> | <u>DID Number<br/>Charge (per 20)</u> |
|-----------------------|-------------------------------|-----------------------------|---------------------------------------|
| \$25.00               | \$35.00                       | \$20.00                     | \$14.25                               |

Customers enrolled in either option will receive one credit for each month from the customer's enrollment date in this promotion and the date when the non-resold exchange service becomes available in the customer's exchange service area with a limit of 12 such credits. Customers whose service is billed on a local service-only invoice, will receive a coupon for their credit which they must remit with their invoice in order to receive the invoice credit. This coupon will be valid for 12 months beginning with the customer's local service start date. All other customers will receive an invoice credit once to be applied to the customer's invoice within 60-days from the commencement of customer's exchange service. Credit balances will carry over to invoices in subsequent months until depleted. The term of service will commence when the customer's service is installed. The term will commence no earlier than the first full billing month in which MCI Local Services is available in the customer's market. The customer's Annual Volume Commitment will be based upon the following Eligible Volume charges: recurring Local Trunk-DID charges, recurring Local Trunk-Digital Interface charges, usage charges, Network Access for Interstate Calling charges, recurring ISDN-PRI Local charges, and monthly recurring DID number charges.

Effective April 30, 2022

The customer will be required at the time of enrollment in this promotion to enroll for service. The customer will receive a credit for the following charges: Account Set-up, Account Changes (including Moves, Changes, Additions and Billing Record Changes), Line Connection Charges (Local Line, Local Trunk-Basic and Local Trunk-DID), Line Restoral Charges, DID Numbers Installation and Number Charges, Vanity Number Installation, Voice Mail Installation, Call Assistant Installation, and Channelization Connection.

The customer will receive monthly discounts based on their commitment term. The customer will receive the following discounts on recurring Local Line charges, recurring Local Trunk-Basic charges, recurring Local Trunk-DID charges, recurring Local Trunk-Digital Interface charges, usage charges, Network Access for Interstate Calling charges, recurring ISDN-PRI Local, and monthly recurring DID number charges. These discounts will be in lieu of all other discounts and promotions, excluding installation waivers and discounts offered as part of this promotion.

| <u>Term Commitment</u> | <u>Discount</u> |
|------------------------|-----------------|
| 1 Year                 | 10%             |
| 2 Year                 | 15%             |
| 3 Year                 | 20%             |

The customer will have the following charges waived in the last month of each term year: monthly recurring line charges, monthly recurring trunk charges, line usage charges, trunk usage charges, Network Access for Interstate Calling charges, and monthly recurring DID number charges. For a 1-year term, the credit will be based on the 12th month of service and will be applied to the 13th month's invoice; For a 2-year term, the credit will be based on the 24th month of service and will be applied to the 25th month's invoice; and, for the 3-year term, the credit will be based on the 36th month of service and will be applied to the 37th month's invoice. After one year of local exchange service, MCImetro will waive applicable installation charges for any new lines or trunks ordered by the customer who has committed to a 2-year or 3-year term plan.

An area will become Service Available when the service has become commercially available, when MCImetro has received all regulatory approvals and when all required tariffs have been filed.

If the customer selected an Annual Volume Commitment and if, at the end of any year of the term, a customer has not met the annual volume commitment, the customer must pay the difference between its actual volume and its Annual Volume Commitment. If the customer discontinues all of its Local Services furnished under this promotion prior to the expiration of the committed term, the customer will be billed and required to pay an early termination charge. The early termination charge for customers that selected an Annual Volume Commitment will equal the current year's underutilization charges plus a percentage of the annual volume commitment for each year of the term remaining unfulfilled based on the charge below. For customers who have not chosen an Annual Volume Commitment the early termination charge will equal the customer's highest billed charges during the term multiplied by the number of months that are remaining in the term.

| <u>Months<br/>Of Service</u> | <u>Length of Term Commitment</u> |                |                |
|------------------------------|----------------------------------|----------------|----------------|
|                              | <u>1 Year</u>                    | <u>2 Years</u> | <u>3 Years</u> |
| 0-6                          | 100%                             | 100%           | 100%           |
| 7-9                          | 50%                              | 100%           | 100%           |
| 10-12                        | 10%                              | 100%           | 100%           |
| 13-15                        |                                  | 50%            | 100%           |
| 16-18                        |                                  | 25%            | 100%           |
| 19-21                        |                                  | 25%            | 50%            |

\* High Capacity Inbound Service: A High Capacity Inbound Line or Trunk is any inbound line or trunk for which, during any monthly billing period and at any location or individual building address of a customer, the following three conditions are met: 1) more than 70 percent of the traffic carried is inbound local; and 2) the average off-hook time per call is more than 10 minutes. Monthly charges shall apply to each high capacity Inbound Line or Trunk used by the customer. These charges are in lieu of other monthly recurring local line, Local Trunk-Basic (Per Call/Per Minute and Flat Rate Options) and Local Trunk-DID and are in addition to non-recurring per minute usage charges specified elsewhere in this Tariff. Flat Rate Option customers who exceed 3,000 minutes per line, per month will be charge \$0.02 per minute for each minute exceeding this cap. This is in addition to the applicable High Capacity Inbound Service Charge.

\*\* Effective November 6, 2000, this features is no longer available to new subscribers.

\*\*\* Rates for ICB or contracts will be subject to CPUC G.O. 96-A.

\*\*\*\* Customers may choose between monthly subscription or per activation charge, depending on the customer's needs.

4.2.3.2.3 Local Trunk - Digital T-1 Service:  
Effective October 15, 1998, Digital T-1 Service will only be available to existing customers who have enrolled their existing T-1s in this service.

Digital T-1 Service provides a credit for customers who purchase digital trunks in blocks of 24 (an entire T-1). Customers who order an entire T-1 will be charged applicable non-recurring trunk and monthly recurring trunk charges as specified below for Local Trunk depending on service for which customer subscribes. Terms, conditions, and other charges, as described elsewhere in this Tariff, apply as appropriate.

4.2.3.2.3.1 Non-Recurring Charges: Applicable rates for non-recurring charges for Local Trunk-DID (Digital) and Local Trunk-2 Way Direct (Digital) will apply. The rates in sections 4.2.3.2.2 and 4.2.3.2.5 will apply for non-recurring charges.

4.2.3.2.3.2 Monthly Recurring Charges: Applicable rates for monthly recurring charges for Local Trunk-DID (Digital) and Local Trunk-2 Way Direct (Digital) will apply. The rates in sections 4.2.3.2.2 and 4.2.3.2.5 will apply for monthly recurring charges.

4.2.3.2.3.3 Credit: Customers enrolling in this service will receive the following monthly credit per trunk per T-1 ordered:

|                                                                    |        |
|--------------------------------------------------------------------|--------|
| Credit per trunk                                                   |        |
| Local Trunk - DID (Digital)                                        | \$2.00 |
| Local Trunk - 2 Way Direct<br>(Digital Per Minute/Per Call Option) | \$2.00 |

Credits earned during a partial billing period will be given in their entirety and will not be pro-rated.

In addition to the above charges, applicable rates for usage will apply, as specified in Section 4.2.3.3. Customers must retain their original T-1 configuration. Customers who disconnect trunks from the original T-1 configuration will no longer receive the credits for that T-1. Customers may enroll more than one T-1 in this service.

4.2.3.2.4 Local Trunk - Digital T-1 Credit Program: Digital T-1 Credit Program provides

Effective April 30, 2022

a credit for customers who purchase digital Local Trunk-DID or digital Local Trunk-2 Way Direct trunks (trunk types) in blocks of 24 trunks (an entire T-1). Customers who order an entire T-1 will be charged applicable non-recurring trunk and monthly recurring trunk charges as specified below for Local Trunk depending on service for which customer subscribes. Terms, conditions, and other charges, as described elsewhere in this Tariff, apply as appropriate.

4.2.3.2.4.1 Non-Recurring Charges: Applicable rates for non-recurring charges for Local Trunk-DID and Local Trunk-2 Way Direct will apply. The rates in sections 4.2.3.2.2 and 4.2.3.2.5 will apply for non-recurring charges.

4.2.3.2.4.2 Monthly Recurring Charges: Applicable rates for monthly recurring charges for Local Trunk-DID and Local Trunk-2 Way Direct will apply. The rates in sections 4.2.3.2.2 and 4.2.3.2.5 will apply for monthly recurring charges.

4.2.3.4 Term Plans

4.2.3.4.1 MCImetro Term Plan for Business Services – I

-Beginning November 1, 1997 the terms and conditions of this program will only be available for those customers subscribing to a Special Customer Arrangement offered by MCI Telecommunications Corporation.

-Beginning December 18, 1998, this Term Plan will not be available to new subscribers. Customers currently enrolled in the plan will not be affected.

Customers who subscribe to facilities based Local Exchange Service and enroll in a MCImetro Business Local Service Term Plan are eligible to receive the discounts described below on specific monthly recurring and usage charges based on the customer's term commitment. The customer must commit to service for a term of either one, two, three, four or five years. The term of the MCImetro Business Local Service Term Plan will commence no earlier than the first of the next billing month in which the customer subscribes to the plan. The customer will receive the following discounts in lieu of all other discounts or promotions except for the Local Customer Assurance Promotion, on the following recurring charges: Local Line, Local Trunk-Basic, DID/2 Way Direct numbering charges, Local Trunk-DID, Local Trunk-2 Way Direct, ISDN PRI-Local and usage charges.

| <u>Term Commitment</u> | <u>Discount</u> |
|------------------------|-----------------|
| 1 Year                 | 10%             |
| 2 Year                 | 15%             |
| 3 Year                 | 20%             |
| 4 Year                 | 20%             |
| 5 Year                 | 20%             |

MCI will waive applicable install charges for any new lines or trunks ordered by the customer.

Cancellation or Discontinuance with Liability: Discontinuance of all Local Services furnished under the MCImetro Business Local Service Term Plan prior to the expiration of the committed term constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge. The early termination charge will be equal to the customer's highest billed monthly charges incurred during the length of the term commitment multiplied by the number of months remaining in the customer's term plan.

For customers that have enrolled in a networkMCI One long distance term plan or special customer arrangement offered by MCI Telecommunications Corporation (MCI), the customer's term length may be coterminous with the networkMCI One or special customer arrangement term of service. Accordingly, the customer's actual term may be of a shorter duration than the term commitment selected above. If the customer selects a term commitment greater than the term of service of the networkMCI One or special customer arrangement, the coterminal provision shall not apply.

For those customers who subscribe to a networkMCI One term plan or special customer arrangement, the early termination charges associated with that term plan or special customer arrangement will apply in lieu of the charges specified above. In addition, Customers will be required to repay any credits received as a result of enrolling in the term plan or special customer arrangement.

Customers signing a networkMCI One term agreement and integrating their facilities based Local Exchange service can terminate their local term plans at any time without penalty.

4.2.3.4.2    Local Exchange Service Term Plan II

Beginning December 18, 1998, this Term Plan will not be available to new subscribers. Customers currently enrolled in the plan will not be affected.

A Customer who subscribes to facilities based, standalone Local Exchange Service and enrolls in a Local Service Term Plan is eligible to receive the discounts described below on specific monthly recurring and usage charges, based on the customer's term commitment. The customer must commit to service for a term of one, two, or three years. The term of the Local Service Term Plan will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. The Customers subscribing to this term plan will receive the following discounts in lieu of all other discounts or promotions, unless the promotion specifies otherwise. The discounts will be applied to the following recurring charges: Local Line, Local Trunk-Basic, DID/2 Way Direct numbering charges, Local Trunk-DID, Local Trunk - 2 Way Direct, Local ISDN -PRI as well as local service usage charges.

| <u>Term Commitment</u> | <u>Discount</u> |
|------------------------|-----------------|
| One Year               | 5%              |
| Two Year               | 10%             |
| Three Year             | 15%             |

A plan will automatically renew for an equivalent term unless the customer provides written notification to cancel the MCI Local Service Term Plan. This notice must be received by MCI no more than thirty (30) days after the expiration of the term.

Cancellation or Discontinuance with Liability: Discontinuance of all Local Services furnished under the Local Service Term Plan prior to the expiration of the committed term constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge. The early termination charge will be equal to the customer's highest billed monthly charges incurred during the length of the term commitment multiplied by the number of months remaining in the customer's term plan.

Cancellation or Discontinuance without Liability: A customer can terminate a term plan without liability if the customer enrolls in a new term plan with an expiration date later than the current term plan's expiration date. A customer may terminate without penalty at any time and enroll in a networkMCI One term plan.

4.2.3.4.3    On-Net Term Plan

Effective April 30, 2022

Beginning May 25, 1999, this Term Plan is no longer available to new subscribers.

The On-Net Term Plan is a term plan, in lieu of all other tariffed Local Exchange Service term plans. Customers who subscribe to facilities based Local Exchange Service offered by the Company through the On-Net Term Plan are subject to the terms and conditions set forth in MCI WorldCom Communications, Inc. F.C.C. Tariff No. 1, section C-3.464, and this tariff. Customers who enroll in this term plan must have their facilities based MCI Local Exchange service usage billed to a single On-Net invoice.

Customers subscribing to this term plan will receive discounts as set forth below, in lieu of all other tariffed term plans. The discounts will be applied to the following recurring charges: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, High Capacity Inbound Service, DID/2 Way Direct Number Charges, Local ISDN PRI T-1 Charge as well as local service usage charges.

The Volume Commitment will be determined based upon the Qualifying Volume received by the Company, or any affiliate of the Company, from Customer's facilities based Local Exchange service, as defined in Section 4.2.3.4.4 of this tariff and the Qualifying Volume of Customer's telecommunications services as defined in MCI Communications Services, Inc. Tariff, F.C.C. No. 1, Section C-3.4641.

Discounts: Customers will receive the following discounts applied to Eligible Volume charges and usage.

#### 4.2.3.4.4 Local On-Net Term Plan

Beginning May 25, 1999, this Term Plan is no longer available to new subscribers.

The Local On-Net Term Plan is a term plan, in lieu of all other tariffed term plans, available to facilities based standalone local exchange service

Effective April 30, 2022

customers. Customers who subscribe to Local On-Net Term Plan are subject to the following conditions:

**Definition of Terms:** Qualifying Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, High Capacity Inbound Service, DID/2 Way Direct Number Charges, Standard and Optional Features, Local ISDN PRI T-1 Charge, and Local ISDN-PRI Optional Features as well as local service usage charges. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the Local On-Net Term Plan volume commitment: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local ISDN-PRI; non-recurring for Local ISDN-PRI Optional Features; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

Eligible Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, High Capacity Inbound Service, DID/2 Way Direct Number Charges, Local ISDN PRI T-1 Charge as well as local service usage charges. Charges for the following are not included as Eligible Volume and will not receive Local On-Net Term Plan volume discounts: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local ISDN-PRI; recurring and non-recurring charges for Standard and Optional Features; non-recurring and recurring charges for Local ISDN-PRI Optional Features; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

**Term Commitment and Renewal Options:** A customer must commit to service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the Local On-Net Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

**Volume Commitment:** A customer may elect a Local On-Net Term Plan monthly volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$120,000; \$180,000; \$300,000; \$600,000; \$900,000; \$1.2M; \$1.8M; \$2.4M. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent annualized volume commitment. If a customer so elects, the term of service expiration date will not change. The new volume commitment will apply beginning in the following month for

Effective April 30, 2022

monthly commitments and as of the beginning of the commitment year in which the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

Underutilization Charges: If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

Early Termination Charges: Cancellation of Discontinuance without Liability: If: the customer's use of Local Exchange Service under a Local On-Net Term Plan equals or exceeds the Customer's equivalent annualized minimum volume commitment or monthly volume commitment and (ii) at the time of termination the customer is enrolled in a new Local On-Net Term Plan with a volume commitment which equals or exceeds the Customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows: the customer may terminate service at any time during the last three months of the term of service if the customer's Local On-Net Term Plan's term commitment is one year: or (ii) the customer may terminate service at any time during the last six months of the term of service if the customer's new Local On-Net Term Plan's term commitment is equal to or greater than two years.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the Local On-Net Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus 50% of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

Discounts: Customers will receive the following discounts applied to Eligible Volume charges and usage.

#### 4.2.3.4.5 networkMCI One Term Plan

Beginning December 18, 1998, this Term Plan will not be available to new subscribers.

The networkMCI One Term plan is a term plan, in lieu of all other tariffed Local Exchange Service term plans. Customers who subscribe to facilities based Local Exchange Service offered by the company through the networkMCI One Term Plan are subject to the terms and conditions set forth in MCI Telecommunications F.C.C. Tariff No. 1, section C-3.4142, and this tariff. Customers who enroll in this term plan must have their facilities based MCI Local Exchange service usage billed to a single networkMCI One invoice.

Customers subscribing to this term plan will receive discounts as set forth in MCI Telecommunications Corporation F.C.C. Tariff No. 1, section C-3.4142 in lieu of all other discounts or promotions, unless the promotion specifies otherwise. The discounts will be applied to the following recurring charges: Local Line, Local Trunk-Basic, DID/2 Way Direct numbering charges, Local Trunk-DID, Local Trunk - 2 Way Direct, Local ISDN -PRI, as well as local service usage charges.

Customers enrolled in Special Customer Arrangements or offered by company or MCI Telecommunications Corporation are not eligible for the benefits of this term plan.

#### 4.2.3.5 Integrated Services Digital Network (ISDN):

4.2.3.5.1 PRI Local: Non-Recurring and Monthly Recurring Charges as specified below apply per T-1 unless otherwise noted. The Local ISDN PRI T-1 non-recurring and recurring charges include Service Configuration and B Channel Service charges. Customers subscribing to DID capability will be assessed DID number charges as specified in Sections 4.2.3.2.2.2.1 and 4.2.3.2.2.2.2.

SUBSECTION C – MATERIAL PREVIOUSLY IN COMPANY TARIFF NO. 5

(Intentional gaps in section numbers)

Effective on or after October 1, 2016, MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services will no longer offer the following Operator Services features in the United States and internationally: Busy Line Verification or Interrupt, Person-to-Person, 3rd Number Billing, and Collect Call services.

RATE SCHEDULE

Method of Applying Rates

Charges Based on Duration of Use

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- A) Calls are measured in durational increments identified for each service. All calls which are fractions of a measurement increment are rounded-up to the next whole unit.

Effective April 30, 2022

- B) Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person-to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.
- C) Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- D) Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- E) All times refer to local time.

#### Charges Based on Distance

Where charges for a service are specified based upon distance, the following rules:

- A) Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in the Local Exchange Routing Guide issued by Bellcore, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated toll free or WATS access line), the Company will apply the rate center of the Customer's main billing telephone number.
- B) The airline distance between any two rate centers is determined as follows:
  - (1) Obtain the "V" (vertical) and "H" (horizontal) coordinates for each Rate Center from the above-referenced Bellcore document.
  - (2) Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.
  - (3) Square each difference obtained in step (b) above.
  - (4) Add the square of the "V" difference and the square of the "H" difference obtained in step (c) above.
  - (5) Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.
  - (6) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.
  - (7) Formula: The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) Coordinates of the serving wire centers associated with the Company's Terminal Locations using the following formula:

$\sqrt{((V1-V2)^2+(H1-H2)^2)/10}$  -- where V1 and H1 correspond to the V & H coordinates of City 1 and V2 and H2 correspond to the V & H coordinates of City 2.

#### Usage Rates

The rate schedules set forth herein are applicable to the Company's Metered Usage Service offering for calls originating and terminating within the State. The total charge for each completed operator assisted call consists of two charge elements (except as otherwise provided herein): a fixed operator service charge, which will be dependent on the type of billing selected by the user( i.e., telephone calling card, commercial credit card, collect to the called party, third party billing) and/or the completion restriction selected by the user (i.e.,

Effective April 30, 2022

station-to-station or person-to-person); and a measured usage charge dependent on the duration, distance and time of day of the call. The usage charge element is specified as a rate per minute which applies to each minute of call duration, with a minimum charge for each call of one minute, and with each fractional minute of use thereafter counted as one full minute.

Explanation of Rate Schedules

Rate Schedule A applies to Exchange Access Service, Rate Schedule B applies to Exchange Access Optional Features, Rate Schedule C applies to Local Calling Service, Rate Schedule D applies to Miscellaneous Service- and Rate Schedule E applies to Special Arrangements.

Adherence to Nonpublic Utility Provider Services Law

The Company will adhere to all applicable nonpublic utility provider services rules and law, including, but not limited to, Section 741.2 of the California Public Utilities Code.

RULES

Rule 2 - Description of Service (continued)

2.2 Exchange Access Service (continued)

2.2.1 General (continued)

- (g) Exchange Access Service can be used to originate calls to other telephone companies' caller-paid information services (e.g. NPA 900, NXX 976, etc.). The Company reserves the right to block calls to those numbers and other numbers used for caller-paid information services. The Company will bill and collect on behalf of the telephone companies' information provider holding the customer fully liable for all charges incurred for use of the information provider's service.

Effective April 30, 2022

Each Exchange Access Service is available on a "Full" service basis, whereby service is delivered to a demarcation/connection block at the customer's premises.

Geographically-defined Local Calling Areas\* are associated with each Exchange Access Service provided pursuant to Rule 2.2. For purposes of this tariff, the exact boundaries of these exchanges shall be defined and determined as set forth in the Pacific Bell Cal. P.U.C. No. A-1 Tariff Section 5 and the GTE Cal. P.U.C. No. A-1 Tariff.

- \* Rates and rate plans for Local Calling Area calls placed over Company-provided Exchange Access Services are set forth in Schedule C.

### 2.2.8.3 Term Plans

#### 2.2.8.3.1 MCI On-Net Term Plan

The MCI On-Net Term Plan is a term plan, in lieu of all other tariffed Local Exchange Service term plans. Customers who subscribe to facilities based Local Exchange Service offered by the Company through the MCI On-Net Term Plan are subject to the terms and conditions set forth in MCImetro Access Transmission Services LLC Tariff, F.C.C. No. 1, section C-3.464, and this tariff. Customers who enroll in this term plan must have their facilities based Company Local Exchange service usage billed to a single MCI On-Net invoice.

Customers subscribing to this term plan will receive discounts as set forth below, in lieu of all other tariffed term plans. The discounts will be applied to the following recurring charges: Local Line Charge, Local Trunk-Basic Charge, High Capacity Inbound Service, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charge, Local ISDN PRI T-1 charge as well as local service usage charges.

The Volume Commitment will be determined based upon the Qualifying Volume received by the Company, or any affiliate of the Company, from Customer's facilities based Local Exchange service, as defined in Section 2.2.8.3.2.A of this tariff and the Qualifying Volume of Customer's telecommunications services as defined in MCImetro Access Transmission Services LLC Tariff, F.C.C. No. 1, Section C-3.4641.

Discounts: Customers will receive discounts, as specified in Rate Schedule C-8, applied to Eligible Volume charges and usage.

Effective April 30, 2022

2.2.8.3.2 Local MCI On-Net Term Plan

The Local MCI On-Net Term Plan is a term plan, in lieu of all other tariffed term plans, available to facilities based standalone local exchange service customers. Customers who subscribe to Local MCI On-Net Term Plan are subject to the following conditions:

A) Definition of Terms

Qualifying Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, High Capacity Inbound Service, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charges, recurring and non-recurring charges for Standard and Optional Features, Local ISDN PRI T-1 Charge & Optional Features for Local ISDN PRI as well as local service usage charges. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the Local MCI WorldCom On-Net Term Plan volume commitment: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, and Local Trunk-2 Way Direct; Directory Assistance usage; non-recurring charges for Local ISDN PRI and ISDN PRI Optional Features, non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

Eligible Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, High Capacity Inbound Service, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charges, Local ISDN PRI T-1 Charge as well as local service usage charges. Charges for the following are not included as Eligible Volume and will not receive Local MCI WorldCom On-Net Term Plan volume discounts: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, and Local Trunk-2 Way Direct; recurring and non-recurring charges for Standard and Optional Features; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges, non-recurring Local ISDN PRI charges and non-recurring and recurring charges for Local ISDN PRI Optional Features (including Busy Line Verification and Busy Line Interrupt), and taxes.

B) Term Commitment and Renewal Options

A customer must commit to service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the Local MCI WorldCom On-Net Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

C) Volume Commitment

A customer may elect a Local MCI On-Net Term Plan monthly volume commitment of one of the following amounts, calculated after the application

Effective April 30, 2022

of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$1,200; \$3,000; \$6,000; \$12,000; \$24,000; \$36,000; \$48,000; \$60,000; \$84,000; \$120,000; \$180,000; \$300,000; \$600,000; \$900,000; \$1.2M; \$1.8M; \$2.4M. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent annualized volume commitment. If a customer so elects, the term of service expiration date will not change. The new volume commitment will apply beginning in the following month for monthly commitments and as of the beginning of the commitment year in which the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

D) Underutilization Charges

If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

E) Early Termination Charges

Cancellation of Discontinuance without Liability: If: (i) the customer's use of Local Exchange Service under a Local MCI On-Net Term Plan equals or exceeds the Customer's equivalent annualized minimum volume commitment or monthly volume commitment and (ii) at the time of termination the customer is enrolled in a new Local MCI On-Net Term Plan with a volume commitment which equals or exceeds the Customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows: (i) the customer may terminate service at any time during the last three months of the term of service if the customer's Local MCI On-Net Term Plan's term commitment is one year; or (ii) the customer may terminate service at any time during the last six months of the term of service if the customer's new Local MCI On-Net Term Plan's term commitment is equal to or greater than two years.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the Local MCI On-Net Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus 50% of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

F) Discounts

Customers will receive the discounts, as specified in Rate Schedule C-9, applied to Eligible Volume charges and usage.

2.2.8.4 Digital T-1 Credit Program

Digital T-1 Credit Program provides a credit for customers who purchase digital Local Trunk-Basic, Local Trunk-DID and Local Trunk-2 Way Direct trunks in blocks of 24 (an entire

Effective April 30, 2022

T-1). Customers who order an entire T-1 will be charged applicable non-recurring trunk and monthly recurring trunk charges as specified below for Local Trunk depending on service for which customer subscribes. Terms, conditions, and other charges, as described elsewhere in this Tariff, apply as appropriate.

Non-Recurring Charges

Applicable rates for non-recurring charges for Local Trunk-Basic (Digital), Local Trunk-DID (Digital) and Local-Trunk 2 Way Direct (Digital) will apply.

Monthly Recurring Charges

Applicable rates for monthly recurring charges for Local Trunk-Basic (Digital), Local Trunk-DID (Digital) and Local-Trunk 2 Way Direct (Digital) will apply.

Customers enrolling in this service will receive monthly credits, as specified in Rate Schedule C- 10, per trunk per T-1 ordered.

Credits earned during a partial billing period will be given in their entirety and will not be pro-rated.

In addition to the charges, rates for usage will apply if applicable.

Customers must retain their original T-1 configuration. Customers who disconnect trunks from the original T-1 configuration will no longer receive the credits for that T-1. Customers may enroll more than one T-1 in this service. High Capacity Inbound Service customers in Local Calling Area 2 are not eligible to receive benefits of this program.

2.2.9 High Capacity Inbound Service:

A High Capacity Inbound Line or Trunk is any inbound line or trunk for which, during any monthly billing period and at any location or individual building address of a customer, the following two conditions are met:

- 1) More than 70 percent of the traffic carried is inbound local; and
- 2) The average off-hook time per call is more than ten minutes.

Monthly charges shall apply to each High Capacity Inbound Line or Trunk used by the Customer. These charges are in lieu of other monthly recurring Local Line, Local Trunk-Basic (Per Call/Per Minute and Flat Rate Options), Local Trunk-DID and Local Trunk-2 Way Direct charges, and are in addition to non-recurring and per minute usage charges specified elsewhere in this tariff. Flat Rate Option Customers who exceed 1,500 minutes (per line) or 6,000 minutes (per trunk), per month will be charged \$0.02 per minute for each minute exceeding this cap. This is in addition to the applicable High Capacity Inbound Service Charge.

2.3 Exchange Access Optional Features (continued)

2.3.2 Direct Inward Dial (DID) Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID number blocks apply in addition to charges specified for Basic Trunks or Digital Trunks. One DID Additive charge applies for each DID-equipped Basic Trunk or DID-equipped channel on a Digital Trunk. Customer is required to purchase at least one DID number block for each DID-equipped trunk or trunk group, or DID-equipped channel or channel group.\*

\* A "group" is a set of Basic Trunks or Digital Trunk channels which have been configured into a

Effective April 30, 2022

hunt group.

2.3.3 Main Number Retention

Main Number Retention is an optional feature by which a new Customer, who was formally a customer of another certificated local exchange carrier at the same premises location, may retain its main telephone numbers and main fax numbers for use with the Company-provided Exchange Access Services.

Monthly recurring and non-recurring charges apply per retained number. Rates for retained numbers may vary from area to area.

2.3.4 Accounting Codes

Accounting Codes provide customers with a means of restricting calls or itemizing calls, according to specific digits that must be dialed at the end of a long distance telephone number. The length of Accounting Codes may vary from 2 to 6 digits, however, the length must be consistent for each customer location.

Offered are packages of codes that are verified against a specific list of valid numbers, for call restriction, or offers unverified packages of 2-6 digits in length for cataloging by code, the calls made.

2.3.5 Authorization Codes

This option restricts calls from being made unless the correct accounting code is entered. Only customer specified codes will be accepted. The customer then may use these codes to track calling for cost analysis and bill-back purposes.

2.3.6 Vanity Number Service

Vanity Number Service is an optional feature by which a new Customer may request a specific or unique telephone number and fax number for use with the Company provided Exchange Access Services. This service provides for the assignment of a customer requested telephone number other than the next available number from the assignment control list.

Vanity Number Service is furnished subject to the availability of facilities and the requirements of Exchange Access Service as defined by the Company. The Company reserves all rights to the Vanity Numbers assigned to customer's and may, therefore, change them if required.

Monthly recurring charges apply per Vanity number.

2.3.8 Virtual Foreign Exchange (VFX) On-Net (continued)

2.3.8.2 Term Plans

The VFX Service Term Plan is a term plan, in lieu of all other tariffed term plans, available to VFX Service customers. Customers who subscribe to VFX Service Term Plan are subject to the following conditions:

Definition of Terms:

Qualifying Volume is the customer's total monthly recurring VFX Service Digital Per Trunk charge, monthly recurring VFX charge, monthly recurring charges for VFX Service Optional Features and monthly recurring charges for Local ISDN-PRI Optional Features, after the application of promotional and other discounts. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the VFX Service Term Plan volume commitment: Non-recurring charges for VFX Service; non-recurring charges for VFX Service Optional Features; non-recurring charges for Local ISDN-PRI, and taxes.

Eligible Volume is the customer's total monthly recurring VFX Service Digital Per Trunk charge and VFX charge, after the application of promotional and other discounts. Charges for

Effective April 30, 2022

following are not included as Eligible Volume and will not receive VFX Service Term Plan volume discounts: Non-recurring charges for VFX Service; non-recurring and monthly recurring charges for VFX Service Optional Features; non-recurring and monthly recurring charges for Local ISDN-PRI Optional Features, and taxes.

Term Commitment and Renewal Options: A customer must commit to a service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the VFX Service Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

Volume Commitment: A customer may elect a VFX Service Term Plan monthly volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of the following amounts, calculated after the application of promotional and other discounts: \$120,000; \$180,000; \$300,000; \$600,000; \$900,000; \$1.2 million; \$1.8 million, \$2.4 million. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent Annualized volume commitment. If a customer so elects, the term of service expiration date will not change, The new volume commitment will apply beginning in the following month for monthly commitments and as of the beginning of the commitment year in which the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

Underutilization Charges: If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

Early Termination Charges:

Cancellation of Discontinuance without Liability: If; (I) the customer's use of VFX Service under a VFX Service Term Plan equals or exceeds the customer's equivalent annualized minimum volume commitment or monthly volume commitment and (II) at the time of termination the customer is enrolled in a new VFX Service Term Plan with a volume commitment which equals or exceeds the customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows: (I) the customer may terminate service at any time during the last three months of the term of service if the customer's VFX Service Term Plan's term commitment is one year: or, (II) the customer may terminate service at any time during the last six months of the term of service if the customer's new VFX Service Term Plan's term commitment if equal to or greater than two years.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the VFX Service Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus 50% of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

Effective April 30, 2022

Discounts: Customer will receive the following discounts applied to Eligible Volume charges and usage.

Term Commitment/Discount

| Volume Commitment | 1 year | 2 years | 3 years | 4 years | 5 years |

2.3.8.2.1 LD and Local Online Calling Plan

Effective February 1, 2003, this calling plan will no longer be available to new subscribers.

Eligibility: To be eligible for this plan, the customer:

- must subscribe to this plan via a Company-designated Internet site;
- must designate the Company as its local exchange service carrier and the Company both as its interexchange service carrier for interstate and intrastate calling and as its carrier for intraLATA toll calling;
- must subscribe to the LD and Local Online Calling Plan as described in the companion business service offered in MCImetro Access Transmission Services LLC Tariff F.C.C. No. 6 (Companion Interstate Service);
- must subscribe to LD and Local Online Calling Plan offered by MCImetro Access Transmission Services LLC (Companion Intrastate Service); and
- may not receive service under a Special Customer Arrangement;

Effective April 30, 2022

Definitions: For the purposes of this service, the following definitions apply:

Eligible Local Service is defined as Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local Trunk-ISDN/PRI.

Existing customers are customers who, at the time of subscription to the plan, are receiving service under this tariff and the tariff containing the Companion Interstate Service.

New customers are customers who, at the time of subscription to the plan, are not receiving service under this tariff and the tariff containing the Companion Interstate Service.

Non-Recurring Charges: The following non-recurring charges will apply in lieu of Local Line Connection charge, Local Trunk Line Connection charge and Local ISDN-PRI T-1 Installation Charge:

|                                                                                  | <u>Non-Recurring Charge</u> |
|----------------------------------------------------------------------------------|-----------------------------|
| Local Line (Per Line)                                                            | \$50.00                     |
| Local Trunk-Basic, Local Trunk-DID or<br>Local Trunk-2 Way Direct<br>(Per Trunk) | \$50.00                     |
| Local ISDN-PRI (Per T-1)                                                         | \$10000.00                  |

Monthly Recurring Charges: A monthly recurring charge will apply for each Offering under this plan. This charge is identical to, and shall not be in addition to, any monthly recurring charge applicable to Companion Interstate Service or Companion Intrastate Service. Offerings A and B are available on a per-Local Line basis and Offerings C and D are on a per-Local Trunk basis. The following Monthly recurring charges apply:

| <u>Offering</u> | <u>Monthly Recurring Charge (per line or per trunk)</u> |
|-----------------|---------------------------------------------------------|
| A               | \$ 35.00                                                |
| B               | \$ 55.00                                                |
| C               | \$ 49.00                                                |
| D               | \$ 69.00                                                |

Benefits: Upon installation of local service and Companion Intrastate Service and Companion Interstate Service the customer will receive an allotment of minutes per monthly period, as follows, that may be used for Eligible Local Service in that monthly period based on Offering:

| <u>Offerings</u> | <u>Allotment (Minutes)</u> |
|------------------|----------------------------|
| A                | 1,000                      |
| B                | 2,000                      |
| C                | 2,000                      |
| D                | 3,000                      |

Customers whose usage exceeds this allotment in any monthly period will be charged \$0.017 per minute for Eligible Local Service that exceeds the allotment. When a call under this offering begins prior to the completion of customer's monthly allotment and ends after completion of the allotment, the customer will be charged \$0.017 per minute for Eligible Local Service for the portion of the call occurring after completion of the allotment.

Effective April 30, 2022

For customers enrolling in this plan after the first day of a billing cycle, whose allotment begins after the first day of a billing cycle or whose enrollment in this plan ends before the last day of the billing cycle, the allotment will be pro-rated for that billing cycle. Eligible Local Service will be billed in 60-second increments.

Termination of Service: The following provisions will apply to customers who terminate service, continue to maintain a Company account, and do not subscribe to other services offerings under this tariff: For existing customers who disconnect only LD and Local Online Calling Plan under this tariff, the Companion Interstate Service and Companion Intrastate Service will terminate. Customers will then be automatically re-subscribed to the service offering under the companion intrastate tariff and F.C.C No. 6 to which the customer was subscribed at the time of subscription to plan service. For existing customers who disconnect from plan service under this tariff and Companion Intrastate Service, the Companion Interstate Service will terminate. Customers will then be automatically re-subscribed to the service offering under F.C.C. No. 6 to which the customer was subscribed at the time of subscription to plan service. For new customers who disconnect only plan service under this tariff, the Companion Interstate Service and Companion Intrastate Service will terminate. Customers will then be automatically subscribed to MCI On-Net Services under F.C.C No. 6 and MCI On-Net Services under California MCI Communications Services, Inc. For new customers who disconnect plan service under this tariff and Companion Intrastate Service, the Companion Interstate Service under F.C.C. No. 6 and plan service under this tariff will terminate. Customers will then be automatically subscribed to MCI On-Net Services under F.C.C No. 6 for interstate long distance.

Other Conditions: The portion of a Customer's allotment that is not exhausted at the end of a monthly billing period will not carry over to the next month.

Charges under this plan will not be calculated in satisfaction of any volume requirement.

Customers subscribing to this service may not receive the benefits of any discounts or promotions including any term plan discounts except for the Install Waiver Promotion.

#### 2.3.8.2.2 Agent Program

Eligibility: To be eligible for this program, the Customer

- a) must subscribe to this program through a Company-designated agent;
- b) may not receive any discounts or the benefits of any promotional offering except for the Local Satisfaction Guarantee Promotion, Local Nationwide One Promotion and the Local Install Waiver Promotion;
- c) may not receive service under any other term plan.

Term Commitment and Renewal Options: The Customer must commit to service for a term of either one or two years (Initial Term). The term of service will automatically renew on a month-to-month basis (Extended Term) upon expiration of its Initial Term and Extended Term(s), unless either the Customer or the Company provides written notification to terminate the term, which must be received by the other party no more than 60 days prior to the expiration of the existing term.

Effective April 30, 2022

Credits: During each monthly period of the term of service, the Customer will receive a credit equal to 10 percent of the standard tariffed monthly recurring charges (excluding features) and usage rates for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct and ISDN-PRI service.

Optional Feature Package: The Customer will be charged \$10.00 monthly recurring charge for the following feature package:

|                                  |                               |
|----------------------------------|-------------------------------|
| Includes Standard Features plus  | Call Forward No Answer        |
| Call Waiting/Cancel Call Waiting | Caller Id-Name and Number     |

Termination of Service: The following provisions will apply to customers who terminate service, continue to maintain a Company account, and do not subscribe to other service offerings under this tariff:

For existing customers who disconnect Companion Local Service only under this tariff, Companion Interstate Service offered under The Guide and Companion Intrastate Service offered in MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services, Tariff. No. 2, will terminate and the customer will be automatically re-subscribed to the service offering under this tariff and The Guide to which the customer subscribed at the time of subscription to this plan.

For existing customers who disconnect Companion Local Service under this tariff and Companion Intrastate Service offered in MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services, Tariff. No. 2, Companion Interstate Service under The Guide and Companion Intrastate Service

Effective April 30, 2022

will terminate and the customer will then be automatically re-subscribed to the service offering under The Guide to which the customer subscribed at the time of subscription to this plan.

For new customers who disconnect Companion Local Service under this tariff, Companion Interstate Service under The Guide and Companion Intrastate Service offered in MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services, Tariff. No. 2 will terminate and the customer will be automatically subscribed to On Net Voice Services Option 1 under The Guide and MCI On-Net Service-Voice under MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services, Tariff. No. 2.

For new customers who disconnect Companion Local Service under this tariff and Companion Intrastate Service offered in MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services, Tariff. No. 2, Companion Interstate Service under The Guide and Companion Intrastate Service under this tariff will terminate and the customer will be automatically subscribed to On Net Voice Services Option 1 under The Guide.

Other Conditions: Services under this plan are not eligible to receive the benefits of any discounts or promotions including any term plan discounts.

Customers who subscribe to service via a company-designated Internet site will receive Electronic Billing invoicing only.

The following disclaimers apply to Business Unlimited Line-based Service in addition to those set forth in the Service Attachment. Customer understands that use of the Service is restricted in the following manner: (i) Customer is limited to 30 lines per location, (ii) Customer may not utilize auto-dialers or any similar type of device in connection with the Service; and (iii) Customer may not utilize the Service in any call center environment or in connection with any similar such application. CUSTOMER EXPRESSLY ACKNOWLEDGES THAT ANY VIOLATION OF THE FOREGOING RESTRICTIONS ON ITS USE OF THE SERVICE WILL RESULT IN THE IMMEDIATE TERMINATION OF THE SERVICE BY MCImetro. MCImetro will install the Line-based Service from the point of the local exchange carrier's smart-jack to the Customer's premises. Customer will be responsible for all inside wiring and special construction charges.

#### 2.3.8.3 Local T1/PRI Lit Building Plan

Beginning March 1, 2007, this Plan will no longer be available to new subscribers.

Offer: Customer will receive a monthly recurring charge (Plan Charge) of \$595.00 for Local T1/PRI service.

Eligibility: Customer must:

- Be a new or existing customer adding new circuits into Lit Buildings;
- Be located and provision in a building connected via Company owned fiber to the Company's network (Lit Building);
- Receive service under Verizon Business Service II Local which receives the benefits of this plan under a term of service which equals or exceeds one year;
- Represent the Company's satisfaction, as determined with the company's sole discretion, that it would not permit conversion of facilities without further inducement; and
- Agree to allow the Company and its subcontractors and their respective employees and agents access to Customer or Authorized User premises at which service is being or will be provided (including access to associated equipment).

Other Conditions: Customer may not receive the benefits of Verizon Loyalty Plus I, Verizon Loyalty Plus II, Verizon Loyalty Plus III, Local T1 Rewards and VBS II Local Availability Enhancement Plans or any discounts on the monthly recurring charges that receive the benefits of this plan.

#### 2.3.8.4 Verizon Loyalty Plus I Plan

Effective August 1, 2007, the Verizon Loyalty Plus I Plan will no longer be available to new subscribers.

Offer: Existing Company customers who simultaneously order a new eligible MCImetro Legacy Company service "unit" (see table below), excluding upgrades and conversions on existing service and enroll that unit in this plan will receive the following benefit: a one-time credit in the amount indicated in the table below, applied to the monthly recurring charges for the new MCImetro Legacy Company-provided service unit. The credit will be applied to the second full-month's invoice following activation of the new service unit. Customer may designate that the credit be applied either as an invoice credit or a deposit in Customer's Fund account. To receive the benefits of this plan, each eligible service unit must be active, with no pending cancellation request, at the time the credit is applied. Except for this one-time credit, this plan does not change the terms and conditions that apply to the new service unit.

Customers will also receive a waiver of the non-recurring Company-billed installation charges for installation following plan enrollment of all eligible service units identified below. Usage charges, monthly recurring charges, expedite charges, change charges, surcharges, any charges imposed by third parties (including access, egress, jack, or wiring charges), taxes or tax-like surcharges, or other Governmental Charges will not be waived.

Effective April 30, 2022

This plan applies only with respect to new eligible MCImetro Legacy Company provided service units ordered for installation within 30 days of order (or by Company's quoted installation date if later), by a Customer with at least one MCImetro Legacy Company service which has been actively billing for at least 90 days prior to enrollment in this plan.

Customer may enroll any eligible service unit, but any individual unit may be enrolled only once. Customer may not receive: (i) any discounts, (ii) the benefits of: any Special Customer Arrangement (SCA) or Product Package, other than Special Customer Arrangements (SCA) Guide Types 2, 3, 4, 5, 6, 7, 8 or 9 or Produce Package SCA Guide Types 13, 14, 15, 16, 18, 19, 20 and 21, or (iii) the benefits of Regional Plus Frame Relay Promotion and Competitive Voice 2 Promotion as described in the Company's "Service Publication and Price Guide" (The Guide) located on the Company's website at [www.verizonbusiness.com](http://www.verizonbusiness.com) on any enrolled unit.

#### 2.3.8.5 Verizon Loyalty Plus II Plan

Beginning March 1, 2007, this Plan will no longer be available to new subscribers.

Offer: Existing Company customers who simultaneously order a new eligible MCImetro Legacy Company service "unit" (see table below), excluding upgrades and conversions on existing service and enroll that unit in this plan will receive the following benefit: two credits in the amount indicated in the table below, applied to the monthly recurring charges for the new MCImetro Legacy Company provided service unit. The credits will be applied to the second full-month's and the sixth full-month's invoice following activation of the new service unit. Customer may designate that the credit be applied either as an invoice credit or a deposit in Customer's Fund account. To receive the benefits of this plan, each eligible service unit must be active, with no pending cancellation request, at the time the credits are applied. Except for these two credits, this plan does not change the terms and conditions that apply to the new service unit.

Customers will also receive a waiver of the non-recurring Company-billed installation charges for installation following plan enrollment of all eligible service units identified below. Usage charges, monthly recurring charges, expedite charges, change charges, surcharges, any charges imposed by third parties (including access, egress, jack, or wiring charges), taxes or tax-like surcharges, or other Governmental Charges will not be waived.

2.3.8.6 Verizon Loyalty Plus III Plan

Offer: Existing Company customers who simultaneously order a new eligible MCImetro Legacy Company service "unit" (see table below), excluding upgrades and conversions on existing service and enroll that unit in this plan will receive the following benefit: three credits in the amount indicated in the table below, applied to the monthly recurring charges for the new MCImetro Legacy Company service unit. The credits will be applied to the second full-month's, sixth full-month's, and twelfth full-month's invoice following activation of the new service unit. Customer may designate that the credit be applied either as an invoice credit or a deposit in Customer's Fund account. To receive the benefits of this plan, each eligible service unit must be active, with no pending cancellation request, at the time the credits are applied. Except for these three credits, this plan does not change the terms and conditions that apply to the new service unit.

Customers will also receive a waiver of the non-recurring Company-billed installation charges for installation following plan enrollment of all eligible service units identified below. Usage charges, monthly recurring charges, expedite charges, change charges, surcharges, any charges imposed by third parties (including access, egress, jack, or wiring charges), taxes or tax-like surcharges, or other Governmental Charges will not be waived.

This plan applies only with respect to new eligible MCImetro Legacy Company provided service units ordered for installation within 30 days of order (or by Company's quoted installation date if later), by a Customer with at least one MCImetro Legacy Company service which has been actively billing for at least 90 days prior to enrollment in this plan. Customer may enroll any eligible service unit, but any individual unit may be enrolled only once.

Customer may not receive: (i) any discounts, (ii) the benefits of: any Special Customer Arrangement (SCA) or Product Package, other than Special Customer Arrangements (SCA) Guide Types 2, 3, 4, 5, 6, 7, 8 or 9 or Produce Package SCA Guide Types 13, 14, 15, 16, 18, 19, 20 and 21, or (iii) the benefits of Regional Plus Frame Relay Promotion and Competitive Voice 2 Promotion as described in the Company's "Service Publication and Price Guide" (The Guide) located on the Company's website at [www.verizonbusiness.com](http://www.verizonbusiness.com) on any enrolled unit.

#### 2.3.9 Speed Dialing

This optional feature allows the Customer to program the phone to dial frequently called local and long distance numbers by dialing abbreviated digits. This feature is available in two options, one is a eight (8) code list using one (1) digit speed codes and the other is a thirty (30) code list using two (2) digit speed codes. The customer can select either the eight (8) or thirty (30) option or both options for a combined total of thirty-eight (38) speed codes. Speed Dialing is billed per line and on a monthly recurring basis.

### 2.4 Local Calling Service

#### 2.4.1 Description

Local Calling Service provides a Customer with the ability to originate calls from a Company-provided access line to all other stations on the public switched telephone network\* bearing the designation of any central office exchanges, areas, and zones included in the Customer's Local Calling Area 7. All calls to destinations outside the Local Calling Area but within the same state and LATA will be charged the IntraLATA rates as specified in Schedule C.

\* Except calls to caller paid information services (e.g. NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's centralized switching facility.

For operator-assisted local calls, the operator charges are specified in Schedule G.

#### 2.4.2 Time Periods

##### A) Local Calling Area 1

The following rate periods apply:

| Rates         | From      | To But<br>Not Including | Days<br>Applicable |

#### GATEWAY CUSTOM EXCHANGE SERVICE

Effective January 30, 2001, Gateway Custom Exchange Service is no longer available to new subscribers.

#### IV. Description

Gateway Custom Exchange ("CES") is a central office-based service that provides the Customer with multiple individual voice upgrade telephone communications channels, each of which can be used to place or receive one call at a time. Gateway Custom Exchange Service Station Lines are provided for connection of CES-compatible Customer-provided station sets to the public switched telecommunications network. Gateway Custom Exchange Service standard and optional features are described in Section IA., below of this tariff. Gateway Custom Exchange Service is provided in combination with other Company-provided services. Gateway Custom Exchange Services are offered as Custom Exchange Service I (CES I) and Custom Exchange Service II (CES II).

##### A. CES Features

The following features are available in conjunction with CES Service, as described in these tariffs

Access Circuit-Loudspeaker Paging: Allows dial access to subscriber-owned loudspeaker paging equipment. The paged party can be connected to the calling party by dialing an answering code from any station within the subscriber group.

Access Circuit-Music on Hold: Allows customers to optionally provide music, or any other type of customer-provided audio source, to calls on hold.

Access Circuit-Pollable SMDR: Provides a record of call details (date, time, etc.) on outgoing calls placed over a customer's private or public facilities on an interactive basis.

Access Circuit-Pollable Traffic Data: Provides a means by which a CES I and CES II Customers using an asynchronous dial up terminal can access selected traffic counts on attendant groups, private trunk groups, certain multiline trunk group, and for CES II Customers traffic counts on the virtual network access circuits.

Access Circuit-Private Facilities: Allows the customer to have dial access to various types of public and private switching arrangements (i.e., 800 Service Simulated Facility Group, Tie Trunk Access, Common Control Switching Arrangement Access, etc.), provided by a subscriber dialed access code.

Access Treatment Screening: Stations can be individually allowed or disallowed access to system features.

Account Codes: Permits CES stations and attendants to dial in account code number of eight digits. For use when placing calls over facilities arranged for Automatic Message Accounting (AMA) recording. The account or project number must be input prior to dialing the called number.

Effective April 30, 2022

Attendant Capabilities: Attendants may be designated to handle incoming, internal, and other call types with various special telephone consoles.

Authorization Code: Allows different station users to have different calling privileges. Dialing capabilities can be defined and restricted to authorized personnel.

Auto Attendant Capabilities: Automatically answers listed number calls, and play back options to the caller. One typical option is dial 1 for sales, dial 2 for help desk, if you know the extension dial it now, etc.

Automatic Callback - Outside: Allows a station user who encounters a busy condition to be automatically called back when the called line becomes idle.

Automatic Recall - Outside: Automatically redials the last incoming call.

Automatic Station Message Detail Recording (ASMDR): Provides a record (via printout) of call details (date, time, etc.) on outgoing calls.

Auto Recall (intra-group): Permits the station user to have calls automatically redialed, within a defined group within the CES system, when the first attempt reaches a busy [signal].

Auto Route Selection: Directs outgoing calls to the customer's most preferred available route.

Call Forwarding Station: Allows calls directed to a station line to be routed to a user defined line inside or outside the Customer's telephone system.

Call Forwarding System: Permits calls attempting to terminate to a busy station line to be re-directed to predetermined line inside or outside the customer's telephone system.

Call Forwarding Variable Limited: Incoming calls to the activated station line or attendant position will be automatically routed to any other selected station line, within the same CES system, or to the attendant position. The attendant may also activate this feature for a station line user.

Call Forwarding Variable Unlimited: The same as Call Forwarding Variable Limited except that incoming calls may be automatically routed to a telephone number outside the CES system or to station lines within the same CES system. The attendant may not activate this feature to a telephone number outside the CES system for a station line user. Calls forwarded outside the CES system are subject to the appropriate charges for local and toll messages.

Call Park: Allows a station line to park a call against its own line number. The parked call can be retrieved from any station line by dialing the feature code and the line number against which the call is parked.

Call Pickup: Allows a station line to answer incoming calls to another station line within a defined pickup group. Call pickup is provided on individual station lines within a customer group.

Call Transfer: Allows a station line user to transfer any established call to another station line inside or outside the customer group without the assistance of the attendant.

Centralized Attendant Services: For multi-location customers, the attendants can be located in only one location.

Coverage for Analog or ISDN Sets: One ISDN station line can observe the state (busy or idle) of other station lines, whether analog or ISDN.

Dial Call Waiting: Provides the ability for originating CES stations to invoke Call Waiting service on selected intragroup calls.

Effective April 30, 2022

Direct Inward Dialing (DID): Arrangement which allows an incoming call to reach a CES station without attendant assistance.

Flexible Night Service: Provides the ability to forward each listed directly number to a unique customer-changeable night directory number.

Hot Line Stations: Automatically calls a pre-selected station when the Hot Line station goes off hook.

Individual Access Screening: Each Station is assigned its own access treatment code for call screening.

Individual Dialing Plan: Provides the ability to interpret dialed digits according to customer specific dialing sequences.

Individual Telephone Number: Each station line has its own telephone number.

Individually Billed Access Paths: Billing is determined by the total number of access paths specified.

Intercom Dialing: Permits the customer to dial an access code to reach another CES station without having to dial 7 digits.

Multiple Call Appearances/Same Number: A directory number that is assigned more than one business set. The business sets that are assigned this directory number are known as a Multiple Appearance call group.

Multiple Telephone Number Coverage: One station line can answer calls to many telephone numbers.

Multi-point ISDN Line: Allows up to eight (8) separate devices to be connected to one ISDN station line.

Single Digit Dialing: Permits a station user to reach selected lines or other internal facilities for special customer services by dialing a single-digit code.

Six-Way Conference Circuit: Allows a station user to initiate a conference call. A total of five conferees can be added to the conference in addition to the originator. The customer may order more than one conference circuit.

Stations:

Fully Restricted: Allows only station-to-station (intercom) calling capabilities.

Semi-Restricted: Allows access to the exchange network only for local calling.

Unrestricted: Allows access to the exchange network, the toll network or any service accessible by dialing.

Virtual Network Access Circuits (Trunked): Exchange access is restricted to a user-specified total number of active calls (access paths).

INTEGRATED SERVICE DIGITAL NETWORK

Effective January 30, 2001, Integrated Service Digital Network feature is no longer available to new subscribers.

I. Description

A. Integrated Service Digital Network - Basic Rate Interface (BRI)

Effective April 30, 2022

ISDN-BRI service provides 2B+D Channel switched access to the public switched network for the transmission of circuit switched voice, circuit switched data and packet switched data on an incoming and outgoing basis. It provides a customer with the ability to integrate current voice and data channel services utilizing Gateway S1 Basic Business Line Service.

Circuit Switched Voice provides the ability to originate and receive switched voice calls over a 64 Kbps channel.

Circuit Switched Data provides the ability to originate and receive switched data calls over a 64 Kbps channel.

BRI lines have two 64 Kbps B channels. Each channel can have a separate phone number that can be used as a regular phone line, or the two B channels can be combined to create a single, higher bandwidth channel.

BRI has one 16 Kbps data or D channel used primarily for signaling and data transmission. Rates and charges for other optional features are in addition to those for ISDN-BRI service.

1. ISDN-BRI Basic Service provides the following standard features:  
National ISDN Standard  
2B+D channels  
2B channels support Circuit Switched Voice and/or Circuit Switched Data and one D channel supports signaling and/or Packet Switched Data  
Multi-point DSL
2. Optional Features  
X.25 on D Channel  
56/64 Kbps X.25 on B Channel

B. ISDN-BRI for Home Office, Small Business is available with the following standard features:

2B+D Channel  
National ISDN Standard  
56/64/112/128 Kbps Dialed Data  
Simultaneous Voice-Data Signalling  
Call Forwarding-Variable  
Call Forwarding-Busy  
Call Forwarding-Don't Answer  
Touch Tone  
Voice-Data Protection  
Three-Way Conference Calling  
Separate Signaling Channel  
Customer Changeable Speed Calling  
Multi-button Key Set Capability  
Multi-point ISDN Line

1. Optional Features offered with Home Office, Small Business  
ISDN includes  
Multiple Directory Numbers  
X.25 on D Channel  
X.25 on B Channel
2. Security Package offered with Home Office, Small Business  
ISDN includes:

Effective April 30, 2022

Call Forwarding-Variable  
Remote Activation of Call Forwarding  
Call Trace

C. Integrated Service Digital Network -Primary Rate Interface (PRI)

ISDN-PRI service provides 23B+D (twenty-three 64 Kbps B channels and a 64 Kbps data channel) access on a DSX-1 interface.

1. Efficiency Package for ISDN-PRI includes:

Non-Facility Associated Signaling  
D-Channel Backup  
Associated 24 Channel PRI

D. Payments Plans

1. Fixed Monthly Rate Plan

The customer may elect a fixed monthly rate for a specified contract term. The customer may choose a 1, 2, 3, 4 or 5 year contract. During the course of the contract, fixed rates (recurring and non-recurring) are not subject to Company initiated rate changes.

2. Month-to-Month Plan

The customer may elect to pay month-to-month. Month-to-month rates (recurring and non-recurring) are subject to Company initiated rate changes.

E. Non-recurring and Monthly Recurring Rates

Service Order Charges as set forth in CLC 6-T, A apply in addition to the rates set forth herein.

D. Term Plan

I. MCI On-Net Term Plan

The MCI On-Net Term Plan is a term plan, in lieu of all other tariffed Local Exchange Service term plans. Customers who subscribe to facilities based Local Exchange Service offered by the Company through the MCI On-Net Term Plan are subject to the terms and conditions set forth in MCI Communications Services, Inc. F.C.C. Tariff No. 1, Section C-3.464, and this tariff. Customers who enroll in this term plan must have their facilities based Company Local Exchange service usage billed to a single MCI On-Net invoice.

Customers subscribing to this term plan will receive discounts as set forth below, in lieu of all other tariffed term plans. The discounts will be applied to the following recurring charges: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charges, Local ISDN PRI T-1 Charge as well as local service usage charges.

Effective April 30, 2022

The Volume Commitment will be determined based upon the Qualifying Volume received by the Company, or any affiliate of the Company, from Customer's facilities based Local Exchange service, as defined in Section D.II.a of this tariff and the Qualifying Volume of Customer's telecommunications services as defined in MCI Communications Services, Inc., F.C.C. Tariff No. 1, Section C-3.4641.

Discounts:\* Customers will receive the following discounts applied to Eligible Volume charges and usage.

## II. Local MCI On-Net Term Plan

The Local MCI On-Net Term Plan is a term plan, in lieu of all other tariffed term plans, available to facilities based standalone local exchange service customers. Customers who subscribe to Local MCI On-Net Term Plan are subject to the following conditions:

### a) Definition of Terms

Qualifying Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charges, recurring and non-recurring charges for Standard and Optional Features, Local ISDN PRI T-1 Charge as well as local service usage charges. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the Local MCI WorldCom On-Net Term Plan volume commitment: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local ISDN-PRI; non-recurring and recurring charges for Local ISDN-PRI Optional

Effective April 30, 2022

Features; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

Eligible Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number charge as well as local service usage charges. Charges for the following are not included as Eligible Volume and will not receive Local MCI On-Net Term Plan volume discounts: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local ISDN-PRI; recurring and non-recurring charges for Standard and Optional Features; non-recurring and recurring charges for Local ISDN-PRI Optional Features; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

b) Term Commitment and Renewal Options

A customer must commit to service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the Local MCI On-Net Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

c) Volume Commitment

A customer may elect a Local MCI On-Net Term Plan monthly volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$1,200; \$3,000; \$6,000; \$12,000; \$24,000; \$36,000; \$48,000; \$60,000; \$84,000; \$120,000; \$180,000; \$300,000; \$600,000; \$900,000; \$1.2M; \$1.8M; \$2.4M. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent annualized volume commitment. If a customer so elects, the term of service expiration date will not change. The new volume commitment will apply beginning in the following month for monthly commitments and as of the beginning of the commitment year in which the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

d) Underutilization Charges

If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

e) Early Termination Charges

Cancellation of Discontinuance without Liability: If: (i) the customer's use of Local Exchange Service under a Local MCI On-Net Term Plan equals or exceeds the Customer's equivalent annualized minimum volume commitment or monthly volume commitment and (ii) at the time of termination the customer is enrolled in a new Local MCI On-Net Term Plan with a volume commitment which equals or exceeds the Customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows: (i) the customer may terminate service at any time during the last three months of the term of service if the customer's Local MCI On-Net Term Plan's term commitment is one year: or (ii) the customer may terminate service at any time during the last six months of the

Effective April 30, 2022

term of service if the customer's new Local MCI On-Net Term Plan's term commitment is equal to or greater than two years.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the Local MCI On-Net Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus 50% of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

f) Discounts\*

Customers will receive the following discounts applied to Eligible Volume charges and usage.

| Term Commitment/Discount |        |         |         |         |         |

E. Local ISDN Primary Rate Interface (Local ISDN PRI)

Local ISDN-PRI is an alternative arrangement for individual local exchange services such as Local Trunk Basic and Local Trunk DID. Local ISDN-PRI is provisioned at the Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN). Local ISDN-PRI provides the Customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport.

I. Local ISDN-PRI Service Arrangement: One or more Service Configurations can be combined to create a

Effective April 30, 2022

Local ISDN-PRI Service Arrangement. Customers may have multiple Local ISDN-PRI Service Arrangements per location however for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1.

The D channel is a Kbps channel that carries signaling and control for the B channels. The capabilities of the D channel are contained within the customer's Service Configuration.

The ISDN Digital Facility is ordered separately and not included as part of the Service Configuration.

- a) Service Configuration 1 – The first Service Configuration for any Local ISDN-PRI Service Arrangement must be a Service Configuration 1. Service Configuration 1 provides twenty-three (23) 64 Kbps B channels and one (1) primary 64 Kbps D signaling channel. The primary D channel is an-out-of band signaling channel used to control and route all of the B channel traffic within the Local ISDN-PRI Service Arrangement.
- b) Service Configuration 2 – This configuration is only available in conjunction with Service Configuration 1. It provides an additional twenty-four (24) 64 Kbps D Kbps B channels which are controlled by the D channel on Service Configuration 1. Multiple Service Configuration 2s may be associated with a Service Configuration 1 subject to switching equipment limitations.

The bearer (of B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, customers must order separately DID telephone numbers, as found in Section B.II.a preceding.

- c) Service Configuration 3 – This configuration is also only available to subscribers who have a Service Configuration 1. It provides a backup 64 Kbps D channel and twenty-three (23) additional 64 Kbps B channels. The backup D channel will control and route all of the B channel traffic of a single PRI Service Arrangement in the event the D channel on the primary configuration (Service Configuration 1) fails. A maximum of one Service Configuration 3 may be included with each Local ISDN-PRI Service Arrangement. Service Configuration 3 is available subject to switching equipment capabilities.

The bearer (of B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, customers must order separately DID telephone numbers, as found in Section B.II.a preceding.

- II. Optional Features: In addition to providing Local Exchange Services specified above, Local ISDN-PRI can be configured to support the following optional advanced ISDN features:

Call-by-Call Service Selection: Allows B channels to be shared between multiple services carried over a single PRI Local Serving Arrangement.

Calling Number Delivery: Allows the customer to receive the originating caller's working telephone number provided this information is forwarded to the Company by the caller's Local Exchange and/or Long Distance Carrier.

These features can be ordered separately or combined in Feature Package 1.

- III. Local ISDN-Primary Rate Interface (Local ISDN-PRI) Rates and Charges:

Non-Recurring Charges and Monthly Recurring Charges as specified below apply per T-1 unless otherwise noted. The Local ISDN PRI T-1 non-recurring and recurring charges include Service Configuration and B Channel Service charges. Customers subscribing to DID capability will be assessed DID number charges as specified in Sections B.II.c.1 and B.II.c.2 respectively.

F. Digital T-1 Credit Program

Digital T-1 Credit Program provides a credit for customers who purchase digital trunks in blocks of 24 (an entire T-1). Customers who order an entire T-1 will be charged applicable non-recurring trunk and monthly recurring trunk charges as specified below for Local Trunk depending on service for which customer subscribes. Terms, conditions, and other charges, as described elsewhere in this Tariff, apply as appropriate.

I. Non-Recurring Charges

Applicable rates for non-recurring charges for Local Trunk-Basic (Digital), Local Trunk-DID (Digital) and Local-Trunk 2 Way Direct (Digital) will apply. The rates in sections B.I.b.1., B.II.c.1. and B.III.b. will apply for non-recurring charges.

II. Monthly Recurring Charges

Applicable rates for monthly recurring charges for Local Trunk-Basic (Digital), Local Trunk-DID (Digital) and Local-Trunk 2 Way Direct (Digital) will apply. The rates in sections B.I.b.2., B.II.c.2., and B.III.b. will apply for monthly recurring charges.

Customers enrolling in this service will receive the following monthly credit per trunk per T-1 ordered:

|                                                                     |        |
|---------------------------------------------------------------------|--------|
| Credit per trunk                                                    |        |
| Local Trunk - DID (Digital)                                         | \$2.00 |
| Local Trunk - Basic (Per Minute/Per Call Options)                   | \$0.00 |
| Local Trunk - Basic (Flat Rate Option)                              | \$0.00 |
| Local Trunk - 2 way Direct (Direct Per Minute/<br>Per Call Options) | \$2.00 |

Credits earned during a partial billing period will be given in their entirety and will not be pro-rated.

In addition to the above charges, rates for usage will apply if applicable, as specified in Section C.

Customers must retain their Original T-1 configuration. Customers who disconnect trunks from the Original T-1 configuration will no longer receive the credits for that T-1. Customers may enroll more than one T-1 in this service.

G. Miscellaneous Services

I. Directory Assistance

A Customer may obtain Directory Assistance in determining telephone numbers within its local calling area by calling the Directory Assistance operator.

- a) Each call to Directory Assistance will be charged as follows:

Effective April 30, 2022

Per Call      \$0.25

The Customer may request a maximum of one telephone numbers per call to Directory Assistance service.

- b) A credit will be given for calls to Directory Assistance as follows:
- The Customer experiences poor transmission or is cut-off during the call; or
  - The Customer is given an incorrect telephone number.

To obtain such a credit, the Customer must notify its Customer Service representative.

## II. Operator Assistance

A Customer may obtain the assistance of a local operator to complete local exchange telephone calls in the following manner. In addition to the rates specified in the preceding Sections A - F, surcharges as specified in (A) will apply:

Third Number Billing: Provides the Customer with the capability to charge a local call to a third number which is different from the called or calling party. The party answering at the third number has the option to refuse acceptance of the charges in advance or when queried by the operator.

Collect Calls: Provides the Customer with the capability to charge a call to the called party. On the operator announcement of a collect call, the called party has the option to refuse acceptance of charges in advance or when queried by the operator.

Calling Cards: Provides the Customer with the capability to place a call using a calling card of an Interexchange Carrier with or without the assistance of an operator.

Person to Person: Calls completed with the assistance of an operator to a particular Station and person specified by the caller. The call may be billed to the called party.

Station to Station: Calls complete with the assistance of an operator to a particular Station. The call may be billed to the called party.

General Assistance: The Customer has the option to request general information from the operator, such as dialing instructions, country or city codes, area code information and Customer Service 8XX telephone numbers, but does not request the operator to complete the call.

- a) Operator Assisted Surcharges: The following surcharges will be applied on a per call basis.

|                                      |        |
|--------------------------------------|--------|
| Third Number Billing                 | \$0.95 |
| Collect Calling                      | \$0.95 |
| Person to Person                     | \$2.95 |
| Station to Station (Operator Assist) | \$0.95 |
| General Assistance                   | N/C    |

- b) Busy Line Verification and Interrupt Service: Busy Line Verification and Interrupt Service, which is furnished where and to the extent that facilities permit, provides the Customer with the following options:

1. Busy Line Verification: Upon request of the calling party, the Company will determine if the line is clear or in use and report to the calling party.
2. Busy Line Verification with Interrupt: The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

Effective April 30, 2022

3. Rates: Rates for Busy Line Verification and Interrupt Service, as specified below, will apply under the following circumstances:

- (a) The operator verifies that the line is busy with a call in progress.
- (b) The operator verifies that the line is available for incoming calls.
- (c) The operator verifies that the called number is busy with a call in progress and the Customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. Both the interrupt and verification charges will apply.

|                        | <u>Per Request</u> |
|------------------------|--------------------|
| Busy Line Verification | \$0.50             |
| Busy Line Interrupt    | \$1.00             |

### III. Directory Listings

The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by the dominant exchange service provider in the Customer's exchange area, of the Station number which is designated as the Customer's main billing number. Directory listings of additional Company Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing.

- a) The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clarity of the listing or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.
- b) The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, contains obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
- c) Each listing must be designated government or business to be placed in the appropriate section of the directory. In order to aid the user of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
- d) In order for listings to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory publishing schedule.
- e) Directory listings are provided in connection with each Customer service as specified herein.
  - 1. Primary Listing: A primary listing contains the name of the Customer, or the name under which a business is regularly conducted, as well as the address and telephone number of the Customer. This listing is provided at no additional charge.
  - 2. Additional Listings: In connection with business service, additional listings are available only in the names of Authorized Users of the Customer's service, as defined herein. Rates for additional listings are specified in Section 7 and 8.
  - 3. Nonpublished Listings: Listings that are not printed in directories nor available from Directory Assistance.

Effective April 30, 2022

A Nonpublished Telephone Service will be furnished, at the Customer's request providing for the omission or deletion of the Customer's telephone listing from the telephone directory and, in addition, the Customer's telephone listing will be omitted or deleted from the directory assistance records. Rates for Nonpublished Listings are specified in Section 7 and 8.

4. Nonlisted Numbers: A Nonlisted number will be furnished, at the Customer's request, providing for the omission or deletion of the Customer's listing from the telephone directory. Such listings will be carried in the Company's directory assistance and other records and will be given to any calling party. Rates for Nonlisted Listings are specified in Section 7 and 8.
5. Foreign Listings: Where available, a listing in a phone directory which is not in the Customer's immediate calling area. The Customer will be charged the rates specified in the tariff published by the specific exchange carrier providing the Foreign Listing.
6. Alternate Call Listings: Where available, a listing which references a telephone number which is not the primary listing for the Customer. The Customer must provide written verification that the alternate telephone number is authorized to accept calls. Rates for alternate call listings are specified in Section 7 and 8.
7. Non-Recurring Charges: Non-Recurring Charges associated with Directory Listings are as follows:

|                      | <u>Non-Recurring*</u> |
|----------------------|-----------------------|
| Primary Listing      | N/C                   |

VII. Intentionally left blank

- VIII. Virtual Foreign Exchange (VFX) Service: VFX Service enables a Customer to receive Company-provided Local Exchange Access Service at a point(s) outside the Local Exchange Service Area that which normally serves the customer's location. VFX service can be used to receive one-way inbound digital traffic only.

Effective April 30, 2022

Customers subscribing to VFX service must purchase an entire T-1 and meet the following conditions: 1) 100 percent of the traffic carried must be inbound local; and 2) the average off-hook time per call is more than ten minutes.

The Local Exchange Calling Area and all Usage Services rates which apply to a VFX Exchange Access Service are the same as those which regularly apply to other Company-provided Local Exchange Access Services bearing the same NPA-NXX designation.

Customers are prohibited from using FX service to place outbound calls including, but not limited to "911" emergency numbers. This restriction is required in order to assure that emergency calls are routed to the Public Safety Answering Point serving the geographical area associated with the Customer's telephone number. The Company strongly recommends that each Customer maintain at least one telephone exchange service access line bearing an NPA-NXX designation associated with the Customer's actual geographic location for emergency use.

a) Features: The following features are available:

Standard: Hunting (Circular, Sequential and Uniform Call Distribution) Touchtone

Optional: Vanity Number

b) VFX Service Rates and Charges: A VFX service Customer will be charged applicable Non-Recurring Charges and monthly Recurring Charges as specified in sections 1) and 2) below, respectively. Customers signing a new term plan can subscribe to digital trunk VFX Service or Local ISDN-PRI VFX Service. The monthly recurring T-1 charge for Local ISDN-PRI VFX Service is in lieu of the monthly recurring Local ISDN-PRI T-1 charge as specified in Section E. All other applicable charges associated with Local ISDN-PRI will apply as specified in Section E. DID functionality and blocks of DID numbers will be available at no additional charge for up to a 100 DID numbers. Charges for volume of DID numbers greater than 100 will apply as specified in Section B. II.

c) Term Plans

The VFX Service Term Plan is a term plan, in lieu of all other tariffed term plans, available to VFX Service customers. Customers who subscribe to VFX Service Term Plan are subject to the following conditions:

Definition of Terms:

Qualifying Volume is the customer's total monthly recurring VFX Service Digital Per Trunk charge, monthly recurring VFX charge, monthly recurring charges for VFX Service Optional Features and monthly recurring charges for Local ISDN-PRI Optional Features, after the application of promotional and other discounts. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the VFX Service Term Plan volume commitment: Non-recurring charges for VFX Service; non-recurring charges for VFX Service Optional Features; non-recurring charges for Local ISDN-PRI, and taxes.

Eligible Volume is the customer's total monthly recurring VFX Service Digital Per Trunk charge and VFX charge, after the application of promotional and other discounts. Charges for following are not included as Eligible Volume and will not receive VFX Service Term Plan volume discounts: Non-recurring charges for VFX Service; non-recurring and monthly recurring charges for VFX Service Optional Features; non-recurring and monthly recurring charges for Local ISDN-PRI Optional Features, and taxes.

Term Commitment and Renewal Options: A customer must commit to a service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the VFX Service Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

Volume Commitment: A customer may elect a VFX Service Term Plan monthly volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of the following amounts, calculated after the application of promotional and other discounts:

Effective April 30, 2022

\$120,000; \$180,000; \$300,000; \$600,000; \$900,000; \$1.2 million; \$1.8 million, \$2.4 million. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent Annualized volume commitment. If a customer so elects, the term of service expiration date will not change. The new volume commitment will apply beginning in the following month for monthly commitments and as of the beginning of the commitment year in which the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

Underutilization Charges: If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

Early Termination Charges:

Cancellation or Discontinuance without Liability: If; (I) the customer's use of VFX Service under a VFX Service Term Plan equals or exceeds the customer's equivalent annualized minimum volume commitment or monthly volume commitment and (II) at the time of termination the customer is enrolled in a new VFX Service Term Plan with a volume commitment which equals or exceeds the customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows: (I) the customer may terminate service at any time during the last three months of the term of service if the customer's VFX Service Term Plan's term commitment is one year: or, (II) the customer may terminate service at any time during the last six months of the term of service if the customer's new VFX Service Term Plan's term commitment is equal to or greater than two years.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the VFX Service Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus 50% of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

Discounts: Customer will receive the following discounts applied to Eligible Volume charges and usage.

| Term Commitment/Discount |        |         |         |         |         |

IX. LD and Local Online Calling Plan

Eligibility: To be eligible for this plan, the customer:

- must subscribe to this plan via a Company-designated Internet site;
- must designate the Company as its local exchange service carrier and the Company both as its interexchange service carrier for interstate and intrastate calling and as its carrier for intraLATA toll calling;
- must subscribe to the LD and Local Online Calling Plan as described in the companion business service offered in MCI Communications Services, Inc. Tariff F.C.C. No. 6 ("Companion Interstate Service") and must subscribe to LD and Local Online Calling Plan offered by MCI Communications Services, Inc. ("Companion Intrastate Service");
- may not receive service under a Special Customer Arrangement.

Definitions: For the purposes of this service, the following definitions apply:

"Eligible Local Service" is defined as Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local Trunk-ISDN/PRI.

"Existing customers" are customers who, at the time of subscription to the plan, are receiving service under this tariff and the tariff containing the Companion Interstate Service.

"New customers" are customers who, at the time of subscription to the plan, are not receiving service under this tariff and the tariff containing the Companion Interstate Service.

Non-Recurring Charges: The following non-recurring charges will apply in lieu of Local Line Connection charge, Local Trunk Line Connection charge and Local ISDN-PRI T-1 Installation Charge:

|                                                                                  |           |
|----------------------------------------------------------------------------------|-----------|
| Non-Recurring Charge                                                             |           |
| Local Line (Per Line)                                                            | \$50.00   |
| Local Trunk-Basic, Local Trunk-DID or<br>Local Trunk-2 Way Direct<br>(Per Trunk) | \$50.00   |
| Local ISDN-PRI (Per T-1)                                                         | \$1000.00 |

Monthly Recurring Charges: A monthly recurring charge will apply for each Offering under this plan. This charge is identical to, and shall not be in addition to, any monthly recurring charge applicable to Companion Interstate Service or Companion Intrastate Service. Offerings A and B are available on a per-Local Line basis and Offerings C and D are on a per-Local Trunk basis. The following Monthly recurring charges apply:

| <u>Offering</u> | <u>Monthly Recurring Charge (per line or per trunk)</u> |
|-----------------|---------------------------------------------------------|
| A               | \$35.00                                                 |
| B               | \$55.00                                                 |
| C               | \$49.00                                                 |
| D               | \$69.00                                                 |

Benefits: Upon installation of local service and Companion Intrastate Service and Companion Interstate Service the customer will receive an allotment of minutes per monthly period, as follows, that may be used for Eligible Local Service in that monthly period based on Offering:

Effective April 30, 2022

| <u>Offerings</u> | <u>Allotment (Minutes)</u> |
|------------------|----------------------------|
| A                | 1,000                      |
| B                | 2,000                      |
| C                | 2,000                      |
| D                | 3,000                      |

Customers whose usage exceeds this allotment in any monthly period will be charged \$0.017 per minute for Eligible Local Service that exceeds the allotment. When a call under this offering begins prior to the completion of customer's monthly allotment and ends after completion of the allotment, the customer will be charged \$0.017 per minute for Eligible Local Service for the portion of the call occurring after completion of the allotment.

For customers enrolling in this plan after the first day of a billing cycle, whose allotment begins after the first day of a billing cycle or whose enrollment in this plan ends before the last day of the billing cycle, the allotment will be pro-rated for that billing cycle. Eligible Local Service will be billed in 60-second increments.

Termination of Service: The following provisions will apply to customers who terminate service, continue to maintain a Company account, and do not subscribe to other services offerings under this tariff:

For existing customers who disconnect only LD and Local Online Calling Plan under this tariff, the Companion Interstate Service and Companion Intrastate Service will terminate. Customers will then be automatically re-subscribed to the service offering under the companion intrastate tariff and F.C.C No. 6 to which the customer was subscribed at the time of subscription to plan service.

For existing customers who disconnect from plan service under this tariff and Companion Intrastate Service, the Companion Interstate Service will terminate. Customers will then be automatically re-subscribed to the service offering under F.C.C. No. 6 to which the customer was subscribed at the time of subscription to plan service.

For new customers who disconnect only plan service under this tariff, the Companion Interstate Service and Companion Intrastate Service will terminate. Customers will then be automatically subscribed to MCI On-Net Services under F.C.C No. 6 and MCI On-Net Services under California MCI Communications Services, Inc.

For new customers who disconnect plan service under this tariff and Companion Intrastate Service, the Companion Interstate Service under F.C.C. No. 6 and plan service under this tariff will terminate. Customers will then be automatically subscribed to MCI On-Net Services under F.C.C No. 6 for interstate long distance.

Other Conditions:

The portion of a Customer's allotment that is not exhausted at the end of a monthly billing period will not carry over to the next month.

Charges under this plan will not be calculated in satisfaction of any volume requirement.

Customers subscribing to this service may not receive the benefits of any discounts or promotions including any term plan discounts except for the Install Waiver Promotion.

IX.1711 dialing code: Payphone owners are not permitted to charge for connection to California Relay Service via 711.

IX.2 Payphone signage: As of January 1, 2002, Payphone signage must reflect the fact that a 711 call is a free call to the California Relay Service using the language 711 is a free call to TRS/CRS.

Effective April 30, 2022

X. Agent Program:

Eligibility: To be eligible for this program, the Customer:

- must subscribe to this program through a Company-designated agent;
- may not receive any discounts or the benefits of any promotional offering except for the Local Satisfaction Guarantee Promotion, Local Nationwide One Promotion and the Local Install Waiver Promotion;
- may not receive service under any other term plan.

Term Commitment and Renewal Options: The Customer must commit to service for a term of either one or two years (Initial Term). The term of service will automatically renew on a month-to-month basis (Extended Term) upon expiration of its Initial Term and Extended Term(s), unless either the Customer or the Company provides written notification to terminate the term, which must be received by the other party no more than 60 days prior to the expiration of the existing term.

Credits: During each monthly period of the term of service, the Customer will receive a credit equal to 10 percent of the standard tariffed monthly recurring charges (excluding features) and usage rates for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct and ISDN-PRI service.

Optional Feature Package: The Customer will be charged \$10.00 monthly recurring charge for the following feature package:

Includes Standard Features plus:

Call Forward No Answer  
Call Waiting/Cancel Call Waiting  
Caller Id-Name and Number  
Call Transfer or 3 Way Calling (mutually exclusive)  
Calling Party Number Delivery  
Call Forward Busy  
Speed Dialing – 8

Classifications, Practices and Regulations:

Termination: Either the Customer or the Company may terminate this program for Cause. For purposes of this program only: (i) as to payment of invoices, "Cause" shall mean the Customer's failure to pay any invoice within 30 days after the date of the invoice; and, (ii) for all other matters, "Cause" shall mean a breach by the other party of any material provision of this program, provided that written notice of the breach has been given to the breaching party, and the breach has not been cured within 30 days after delivery of such notice.

XI. Local Plus Program

## NUMBER CALL FORWARDING

A. Description

Number Call Forwarding (NCF) allows a Customer to retain its existing telephone number when that Customer changes its local service provider from the Company to the Local Exchange Carrier (LEC) or a Competitive Local Carrier (CLC) and chooses to disconnect its service associated with the Company telephone number. NCF permits calls made to the Customer's retained telephone number to be forwarded to a new telephone number assigned and provided by the LEC or CLC. The LEC or CLC may subscribe to a maximum of 99 access paths for each NCF number.

B. Regulations

1. General

- a. Rules and Regulations set forth in this Schedule are in addition to Rules and Regulations set forth in the Company's Rules in Cal P.U.C. Schedule CLC 1-T ("Rules") and in some cases supersede those Rules. The following Rules and

Effective April 30, 2022

Regulations are applicable to NCF and as to NCF supersede those in the Company's Rules.

- b. The Company will not charge message charges as set forth in Cal. P.U.C. Schedule CLC2-T to that portion of the call from the NCF number to the terminating LEC or CLC switch.1.
- c. The LEC or CLC will not charge the Company any terminating interconnection charges for calls delivered by the Company to the LEC or CLC using NCF.\*
- d. NCF is available only in the central office that serves the retained telephone number.

\* These proposed terms are subject to a final determination in the California Public Utilities Commission's Phase I and Phase II hearings in I.95-04-044.

- e. An NCF number is available only to the LEC or those CLCs that have received a Certificate of Public Convenience and Necessity (CPCN) and who have been authorized by the CPUC to provide local exchange services.
- f. The LEC or CLC must stipulate to the Company that it has a Letter of Authorization from the LEC's or CLC's customer to permit the discontinuance of the existing Company's exchange service and requests the retention of the telephone number previously associated with the Company's exchange service, utilizing NCF.
- g. It is the responsibility of the LEC or CLC to insure that both the Company-assigned NCF number, and the forwarded-to number provided by the LEC or CLC have the correct information of the LEC's or CLC's customer loaded in the E911 Access Line Information (ALI) data base, to permit address retrieval by the Primary Service Answering Point (PSAP).
- h. A local interconnection service offered by the LEC or CLC to the Company must be established to provide the exchange of voice telephone traffic, that includes calls forwarded by NCF from the Company's switch to the LEC's or CLC's switch. The LEC or CLC must provide to the Company information to permit the Company to request the required incremental trunk capacity to meet the expected NCF demand.
- i. NCF may be subject to transmission limitations, so that the quality of the transmission of calls which are forwarded may vary depending on the network routing necessary to complete each call to the LEC or CLC switch. The Company does not guarantee the transmission of data information over NCF Service.
- j. The installation charge and monthly rate are applicable to each NCF service.
- k. NCF only applies when the LEC's or CLC's customer remains in the same physical location or a location within the same area served by the Company serving central office. If the LEC's or CLC's customer changes its physical location to a location associated with a different serving central office, the NCF must be disconnected.
- l. An LEC or CLC may order up a maximum of 99 NCFs associated with the same LEC or CLC customer on a single NCF order.

C. Optional Services

Effective April 30, 2022

1. Directory Listings or Directory Assistance Listings

A Directory Listing or Directory Assistance Listing (only), for NCF numbers, in the alphabetical (white) section of the telephone directory that serves the exchange in which the NCF number is located may be furnished, as set forth in Pacific Bell Schedule Cal. P.U.C. No. A5.7.1. Listing information will not be taken individually on NCF service orders; the CLC is responsible for providing listing information to Pacific Bell.

2. Alternate Billing Services

- a. Collect calls to the NCF number will be blocked.
- b. Bill-to-Third-Party calls to the NCF number will be blocked.

3. NCF Number Referral Service

An automated announcement for disconnected NCF, that repeat the called number, provides status of the called number and information on how to reach the called party. The LEC or CLC is responsible for providing the Company with information for reaching its customer.

NCF Referral Service is available to the LEC's or CLC's customer where facilities and operating conditions of the Company permit.

The disconnected NCF will be kept dedicated for the LEC's or CLC's customer selected period of the referral unless the Company determines it necessary to reassign and use the disconnected NCF number as specified in Pacific Bell's Schedule Cal. P.U.C. No. A2.1.17.

If requested by the LEC or CLC at the termination of NCF service, NCF Number Referral Service will be provided at the rate and charges as set forth in D. following, and are applied to each NCF telephone number on a monthly basis billed to the LEC or CLC. Unless the LEC or CLC orders Number Referral Service for its customer upon disconnection of the NCF service, there will be no referral of calls.

A credit allowance or a refund will be provided as applicable for an incorrect referral due to the Company's error, such as no referral when one was requested, or situations in which the Company needs to use a referred number before the LEC's or CLC's customer-requested period has been reached. The credited amount will be based on the actual number of days the number referral service was not provided. To determine the credit allowance for a fraction of a month, every month is considered to have 30 days. The limitation of the Company's liability is set forth in the Company's Rule 6.

GATEWAY SA SERVICE

A. Description

Gateway SA service is offered to other telecommunications carriers desiring direct trunk-side access to the Company's network in order to originate or terminate calls only to the analog voice grade channels corresponding to company provided access lines. Gateway SA service will support Inter-Machine and Feature Group D protocols.

Carrier Access Orders for Gateway SA Service will be placed on Standard Bellcore Access Service Requests (ASR).

Gateway SA service is provided via a dedicated trunk-side port on the Company's switched network at the digital DS-1 and DS-3 levels.

Gateway SA Ports are only available at the Primary Distribution Nodes provided by the Company. The customer is responsible for providing a digital DS-1 and DS-3 transmission links between its premises and the Company's Primary Distribution Node, and a DSX-1 Panel Terminal interface at the Company's Node. The DS-1 and DS-3 transmission links may be obtained from any other telephone company which terminates transmission facilities at the Company's Primary Distribution Node, or may be provided over the Customer's own transmission facilities.

B. Rates

This tariff includes services for which the following rate elements apply:

**Non-Recurring Charges** — Non-recurring charges are applied as a one-time fee normally at the time the circuit is initiated.

**Monthly Recurring Channel Termination Charge** — The monthly recurring charge is billed monthly in advance and is assessed on each channel termination based on the terms and conditions of this tariff, the customer service agreement, or a master service agreement.

**Fixed Mileage Charge** — The fixed mileage charge is a recurring monthly fee which is applied to a

Effective April 30, 2022

circuit for which the LEC would charge a comparable fee in association with an interoffice channel.

**Variable Mileage Charge** — Variable mileage charge is a recurring monthly fee which is applied to a circuit for which the LEC would charge a comparable fee in association with an interoffice channel. In general, the variable mileage charge is calculated using V&H tables.

**Out-of-Service-Zone Termination Surcharge** — A recurring monthly surcharge may be applied to circuits which are terminated by Company outside of its normal serving area. All or part of these circuits may be leased by Company from the LEC or other access provider.
