APPLICABILITY

This catalog applies to interLATA, intraLATA, intercity and intra city telecommunications services furnished by MCI Communications Services **LLC** d/b/a Verizon Business Services, (VBS MCI) to Residential and Small Business Customers between and among points within the State of New York in conjunction with the Company's interstate telecommunications services originating and terminating in New York in accordance with the conditions which are set forth below.

Effective August 1, 2001, pursuant to the direction of the Federal Communications Commission (FCC), the Company is canceling its federal tariffs for services with certain exceptions, including those pertaining to exchange access, casual calling, and basic long distance service during a 45-day period for customers who sign up for Company service with a Local Exchange Carrier (LEC). International services for Residential and Small Business customers will also remain tariffed through January 27, 2002. Beginning August 1, service descriptions, definitions, terms and conditions, and pricing for the Business Markets services no longer federally tariffed may be found in the "Service Publication and Price Guide" located at the website at www.verizonbusiness.com. Also, beginning August 1, service descriptions, definitions, terms and conditions, and pricing for state-to-state Residential and Small Business services no longer federally tariffed may be found i) at www.verizonbusiness.com for Residential services and www.verizonbusiness.com/sb/service_agreement for Small Business services, or ii) by calling 1-800-444-3333.

REGULATIONS

Intrastate Telecommunications Services between and among points within the State of New York are subject to the rules and regulations in the Company's Price Guide at www.verizonbusiness.com, unless otherwise stated herein.

GROSS REVENUE SURCHARGE AND MTA TAX:

The applicable Gross Revenue Surcharge rates and MTA tax rates are shown in Attachment A of this catalog. Any changes to these rates will be filed on 15 days' notice to customers and the Commission, and as directed by the Commission. Whenever the state levies a new tax on the company's gross revenues, repeals such a tax, or changes the rates of such a tax, the Commission may approve new surcharge factors, and the company will file revised surcharges as directed by the Commission.

INTEREST ON CUSTOMER OVERPAYMENTS

A Customer who makes a payment to the Company in excess of the correct charge for telephone service, which overpayment was caused by erroneous billing by the Company, shall be paid interest on the amount of the overpayment. The rate of interest on such amount shall be the greater of the unadjusted customer deposit rate or the applicable late payment rate. The interest shall be paid from the date when the Customer overpayment was made, adjusted for any changes in the deposit or late payment charge rates and compounded monthly until the date when the overpayment is refunded. No interest will be paid on customer overpayments that are refunded within 30 days after such overpayment is received by the Company.

TERRITORY

Intrastate Telecommunications Services are available within the State of New York as detailed in the Company's Price Guide at www.verizonbusiness.com.

SECTION A - GENERAL RULES AND REGULATIONS [These provisions are subject to the Company's Price Guide at www.verizonbusiness.com and may be the subject of applications for waiver pursuant to consultation with PSC staff.]

1. Advance Payments

Any applicant for facilities or service, whose financial responsibility is not established to the satisfaction of the Company, may be required to pay in advance the service connection and installation charges and at least one month's rental.

Applicants for facilities or service to which construction charges are applicable may be required to prepay the monthly payments for such construction charges, the amount of such prepayment to be computed as provided in Section 7.

Residential customers will be offered an installment payment plan for such charges over a period of up to one year.

2. Deposits

Subject to the special provisions for residential customers, set forth below, any applicant or subscriber, whose financial responsibility is not established to the satisfaction of the Company, may be required to deposit a sum up to an amount equal to the total of the estimated charges for two months for the facilities and service. Such applicant or subscriber who requests or is furnished facilities and service for which a minimum charge of more than one month is specified in this catalog, may, in addition, be required to deposit a sum up to an amount equal to the total of the minimum charge less any installation charge paid by the subscriber. Such applicant or subscriber who requests or is furnished a manual multiple or dial PBX switchboard system or concentrator-identifier equipment may in addition, be required to deposit a sum up to an amount equal to the total estimated installation and removal costs for the equipment installed less any installation charge paid by the subscriber. The fact that a deposit has been made shall in no way relieve the applicant or subscriber from complying with the catalog regulations for advance payments and for the prompt payment of bills on presentation. Each applicant or subscriber from whom a deposit is collected will be given a certificate of deposit and a circular containing the terms and conditions applicable to deposits, in accordance with Part 609 of the Rules and Regulations of the Public Service Commission pertaining to subscriber deposits.

Either a new customer or an existing customer may be required to make a deposit. The need for a deposit is based on a new customer's ability to establish satisfactory credit and on an existing customer's payment history with the Company.

.01 Special provisions for residential customers

.011 Deposits from existing customers

Except as provided in (4) following, the Company may require a deposit from a residential customer if the customer is delinquent in payment, or if the customer's service has been terminated for non-payment once within the preceding six-month period. "Delinquent in payment" means that a customer has received two consecutive telephone bills without making payment on one-half of the total of the two bills. (A customer is not considered delinquent, however, if an amount in dispute is not paid before the dispute is resolved.)

An existing residential customer is any applicant for service who was a customer of the Company within twelve months of making the request, provided that prior service was not terminated for nonpayment, unless service is requested within 10 days of such termination for nonpayment. Applicants for residential service and existing residential customers are permitted to pay deposits in installments over a period not to exceed 12 months.

.012 Deposits from new customers

New customers are asked for information to establish credit. "Yes" answers to three of the following credit screen questions entitle a person to service without a deposit.

a. Are your (or your spouse with whom you're living) employed? If so, state your (or your spouse's) employer's name, address, telephone number and your (or your spouse's) position.

b. Have you been employed for the past two years by no more than two employers? If you have been employed for less than two years, is this because you have recently graduated from school, recently been discharged from military service or recently been widowed, separated or divorced?

c. Do you own your own home, or if you rent, have you occupied the premises and your preceding residence for a total of at least two years?

d. Have you maintained a bank account for more than one year?

e. Do you have credit cards, charge accounts, or have you been extended credit by a bank, commercial concern or individual? (A "Yes" response will be negated if subsequent investigation proves the applicant is not creditworthy.)

f. Do you have any sources of income other than employment; e.g., stocks, bonds, real estate, welfare, pension, alimony, etc.?

.013 Provision of information

Customers are required to provide information which permits the Company to verify their responses. If the customer chooses not to provide credit information, or does not give three "Yes" answers to the questions, a deposit is required, except as provided in (4) following.

.014 Deposits from new or existing customers 62 years of age or older

All new customers or existing customers who are 62 years of age or older shall be exempt from any deposit requirement unless such person's telephone service was terminated for non-payment during the preceding six months.

Proof of age will be required from any person claiming exemption from deposit requirements because of age. If the proof requested by the Company is not received within 30 days from the date service is connected, or 30 days from the date that verification of age is requested from an existing customer, the Company may suspend or terminate service unless the customer pays the required deposit.

Any new customer or existing customer 62 years of age or older shall be permitted to pay a deposit in installments over a period not to exceed 12 months.

.015 Recent payment history

Customers who have a recent payment history with the Company are entitled to service without payment of a deposit unless their records indicate that they are delinquent in payment. A customer who still owes money to the Company for residential service on a prior account in his or her name shall be offered a deferred payment plan not to exceed three months provided that the customer had service for three months and was not terminated for nonpayment during that period. (See also Section 7 - Deferred Payment Agreements.)

.0151 Interest on deposits: Simple interest at the rate specified by the Public Service Commission shall be credited or paid to the customer while the Company holds the money. New deposits from residential customers are reviewed after the first 3 monthly bills have been rendered; if too much has been taken, the excess is returned. The entire deposit is returned to residential customers after 1 year, unless the customer is delinquent in payment, in which case the Company continues to hold it. When the service is discontinued, the amount of any deposit is applied against the final bill, and any balance is returned to the subscriber.

.0152 Inadequate deposit: If the amount of a deposit is inadequate, the customer shall be required to pay an additional deposit on request.

.0153 Return of deposit: When a deposit on existing service is to be returned in whole or in part, the amount to be returned may first be applied to the current amount then payable for telephone service. Return of an amount over and above the current amount then payable for telephone service shall be made by check unless the subscriber requests that the full amount be credited to his bill, or, at the election of the depositor, the full refund shall be made to the depositor.

3. Responsibility for Local and Toll Message Charges

The subscriber is responsible for all messages sent over the subscriber's line and for all messages charged to the subscriber's line where the subscriber, or any person answering the subscriber's line, agrees to accept such charge.

4. Payment of Charges

Monthly charges for facilities and service (other than charges for calls) are payable monthly in advance, and, except where otherwise provided in this catalog, all other charges are payable upon request of the Company.

Bills are due on the due date shown on the bill and are payable at the Company's business office, or at any other office designated by the Company. If objection is not received by the Company within six months after the bill is rendered, the items and charges appearing thereon shall be determined to be correct and binding upon the subscriber; except that where an objection to the bill involves a superseded service order, the items and charges appearing on the bill shall be deemed to be correct and binding upon the subscriber if objection is not received by the Company within two months after the bill is rendered. Provided, however, a bill will not be deemed correct and binding upon the subscriber by virtue of the preceding sentence if the Company has records on the basis of which the objection may be considered, or if the customer has in his or her possession such company records. If objection results in a refund to the customer, such refund will be with interest at the same interest rate paid on deposits.

Except as shown in 2.015 above, the Company reserves the right to refuse an application for service made by a present or former subscriber who is indebted to the Company for telephone service previously furnished, until the indebtedness is satisfied. In the event that service is connected for a subscriber who is indebted to the Company for telephone service previously furnished such subscriber, the service may be terminated by the Company unless the subscriber satisfies the indebtedness within 20 days after written notification.

For Residential and Small Business customers, a late payment charge of 1.5% may be assessed for all invoiced amounts, including taxes, not fully paid on or before the payment due date specified on the invoice. The late payment charge will be applied to the entire unpaid balance of the customer's monthly invoice, including taxes. The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer.

When the state, any municipality, other political subdivision, local agency of government, or public utility commission imposes upon and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee or assessment fee, such taxes and fees shall, insofar as practicable, be billed pro rata to the Company's customers receiving service within the territorial limits of the state municipality, other political subdivision, local agency of government, or public utility commission.

5. Installment Billing

Residence customers may elect to pay their service connection, initial, installation, move, substitution and other non-recurring charges associated with service orders including restoral charges and maintenance service charges in monthly installments for up to a 12 month period. When installment billing is requested, it will be applied to all non-recurring charges associated with a given service order, subject to the following:

a. Installment billing may be used only by residence customers.

b. Charges will be billed in 12 monthly installments unless the customer chooses a shorter payment period.

c. A customer may not pay a portion of the charges and then request installment billing for the remaining charges.

d. More than one installment plan may be in effect for the same customer at the same time.

e. If a customer disconnects service during the installment payment period, all unbilled charges will be included in the final bill rendered.

f. Installment billing payments will continue even though an account is temporarily suspended.

g. No interest or carrying charges will be applied.

6. Suspension or Termination for Nonpayment

In the event of the nonpayment of any bill rendered or any required deposit, the Company may suspend service (discontinue outgoing service only) or terminate service (discontinue both incoming and outgoing service) until the bill rendered or the required deposit has been paid.

Such suspension or termination shall not be made until:

a. At least five days (10 days for termination) after written notification has been served personally on the subscriber, or

b. At least eight days (13 days for termination) after written notification in a postpaid wrapper has been mailed to the billing address of the subscriber, or

c. At least five days (10 days for termination) after the subscriber has either signed for or refused a registered letter containing written notification mailed to the billing address of the subscriber.

d. Where termination follows suspension, at least five days must elapse following the date of suspension before service is terminated, unless the subscriber consents to earlier termination.

Telephone service may be refused, however, if, upon request of the Company, the subscriber fails to make a reasonable deposit to guarantee payment for said service or pay the toll charge in advance.

No suspension on weekends or certain holidays. Telephone service shall not be suspended or terminated for nonpayment of a bill rendered or a required deposit on:

Weekends or the following public holidays

New Year's Day, Election Day, Lincoln's Birthday, Columbus Day, Washington's Birthday, Veteran's Day, Memorial Day, Thanksgiving DayI, ndependence Day, Christmas, Labor Day or

Other Federal or State holidays proclaimed by the President or the Governor or days on which the main business office of the Company is not open for business.

.01 Special provisions for residence customers

.011 Suspension/termination notices may not be issued until at least 25 days after the date of the bill unless exceptional circumstances exist and then only in accordance with Commission approved procedures. Bills must be mailed to customers no later than six business days after the date of the bill. The 25 day period shall be extended one day for each day beyond the sixth business day when bills are mailed late.

.012 Suspension shall not be made until at least 8 days (20 days for termination) after written notification has been issued.

.013 Suspension/termination may occur only between the hours of 8 AM and 4 PM Monday through Thursday, provided that such day or the following day is not a public holiday or a day on which the main office is closed. In addition, service may not be disconnected on December 23, 26, 30 and January 2. At least one attempt shall be made during nonworking hours to contact residential customer by telephone before the date of suspension/termination.

.02 Dishonored Checks

If a subscriber who has received a notice of discontinuance pays his bill with a check that is subsequently dishonored, his account remains unpaid and the Company is not required to issue any additional notice before discontinuing service. However, when a check received from a residence customer is dishonored, the Company shall make two attempts, one outside of normal business hours, to contact the customer within 24 hours. The customer shall be given an additional 24 hours to pay before suspension/termination. The additional notice will be given provided that the customer previously has not submitted a dishonored check within the past 12 months.

.03 Exceptions to Suspension and Termination

The monthly rental charge does not apply during the period of suspension or termination for nonpayment.

Telephone service shall not be suspended or terminated for:

1. nonpayment of bills rendered other than for telephone service or deposits requested in connection with telephone service;

2. nonpayment for services for which a bill has not been rendered;

3. nonpayment for services which have not been rendered, except the initial advance payment of new subscribers.

.04 Suspension or Termination - Medical Emergencies

For medical emergencies an additional 30 days will be allowed for residential customers before suspension or termination, provided a medical certificate is supplied. The medical emergency status may be extended beyond 30 days upon submission of specified documentation. During the pendency of the emergency, customers will be able to defer payment of monthly charges in an amount set by the Commission until the emergency ceases or it is determined that customers have the ability to pay the charges.

.05 Suspension or Termination - Elderly, Blind or Disabled

Where a residential customer is known to or identified to the telephone corporation as being blind, disabled or 62 years of age or older and all other occupants are under 18 years of age, 62 years of age or older, blind or disabled, an additional 20 days will be allowed before suspension or termination may occur. The Company shall make a diligent effort to contact by phone or in person an adult resident at the location for purposes of devising a payment plan eight days before the date of suspension or termination.

.06 Call Blocking: Without notice, the Company may block calls to or from certain countries, country codes, cities, city codes, NXX exchanges, individual telephone stations, groups or ranges of individual telephone stations or calls that use certain authorization codes, whenever the Company deems it necessary to take such action to prevent: (a) the unlawful use of service; (b) fraud; (c) nonpayment for service; (d) the use of service in violation of the requirements of this catalog; or (e) Company network blockage or the degradation of service furnished to the Customer or to other customers; or when actions taken by foreign governments or foreign telecommunications agencies, or responsive actions taken by the U. S. Government or any instrumentality thereof, render it impossible or impracticable to provide service. The Company will unblock as soon as it determines it can do so without undue risk, and it will, upon request by an affected Customer, assign new authorization codes to replace any that were deactivated. Whenever call blocking occurs on lines presubscribed to the Company, Customers or former Customers will be unable to make calls via any of the Company's CICs or those of its affiliates. At the request of a private payphone owner, the Company will arrange to block direct dial (i.e., completed without the assistance of an operator) calls made from a payphone to Puerto Rico and the U.S. Virgin Islands and to all international locations, except Canada. The Company may refuse to accept calling or credit card, collect calling and/or third number calls which it determines are or may be fraudulent, or it may limit the use of these billing options to or from certain countries or areas, including all or part of the United States, Puerto Rico, and the U.S. Virgin Islands.

7. Deferred Payment Agreements

Existing residential customers with three or more months service and for whom service has not been terminated in the initial three months shall be offered a deferred payment agreement prior to suspension/termination. Customers with medical emergencies and customers who are elderly, blind or disabled shall be exempt from such eligibility criteria.

Service will not be suspended or terminated unless a deferred payment plan is offered.

Final notices of suspension/termination will advise customers of deferred payment arrangements and no less than six days before termination of total service, a deferred payment plan will be offered which will include in bold print a notice that assistance may be obtained from the Commission.

Deferred payment agreements will be for a period of no less than 10 months unless otherwise agreed to by customers and for amounts of up to $450 unless greater amounts are agreed to by the Company.

Down payments shall not exceed the lesser of one-fifth of the amount deferred or three months of a customer's average billing.

8. Adjusted Payment Schedule

Customers on fixed incomes (e.g., pensions and public assistance) shall be offered the opportunity to pay their bills on a reasonable schedule that is adjusted for periodic receipt of income.

9. Verification of Nonpayment

Telephone service shall not be suspended or terminated for nonpayment of a bill rendered or a required deposit unless:

1. The Company shall have verified in a manner approved by the Public Service Commission that payment has not been received at any office of the Company or at any office of an authorized collection agent through the end of the period indicated in the notice, and

2. The Company shall have checked the subscriber's account, on the day suspension or termination occurs, to determine whether payment has been posted to the subscriber's account as of the opening of business on that day.

10. Disputed Bills

Telephone service shall not be suspended or terminated for nonpayment of any billed charge which is in dispute or for the nonpayment of a deposit which is in dispute during the period before a determination of the dispute is made by the Company in accordance with company complaint handling procedures. These procedures are in accordance with the Public Service Commission Rules contained is Subchapter C, Chapter VI, title 16 of the New York Code of Rules and Regulations, Part 631 - Notice of Discontinuance and Complaint Procedures, Section 631.9 and 631.10, and the Company may not discontinue service regarding a disputed bill or deposit until it has complied with said Commission Rules.

Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the subscriber, having been asked to pay such undisputed portion, does not do so. Suspended or terminated residential service shall be reconnected within 24 hours following payment absent circumstances beyond the Company's control. When circumstances beyond the company's control exist, the service will be connected within 24 hours after the cessation of such circumstances.

11. Termination For Cause Other Than Nonpayment

The Commission or its authorized designee may direct reconnection of service which may be within less than 24 hours.

.01 The Company, after notice in writing to the subscriber and after having given the subscriber an opportunity, appropriate to the circumstances involved, to respond to such notice, may, under the following conditions, forthwith terminate the service, and sever the connection and remove its equipment from the subscriber's premises:

1. In the event of prohibited, unlawful or improper use of the facilities or service, abuse of the facilities, or any other violation by the subscriber of the rules and regulations governing the facilities and service furnished, or

2. If, in the judgment of the Company, any use of the facilities or service by the subscriber tends to injuriously affect the efficiency of the Company's personnel, plant, property or service.

The Company, however, shall have the right to take immediate action, including termination of the service and severing of the connection without notice to the subscriber when injury or damage to Company personnel, plant, property or service is occurring, or is likely to occur.

.02 Prohibited, unlawful or improper use of the facilities or service includes, for example:

1. the use of facilities or service of the Company to transmit a message or locate a person or otherwise to give or obtain information, without payment of Catalog charges,

2. calling or permitting others to call another person or persons so frequently or at such times of the day or in such a manner as to harass, frighten, abuse or torment such person or persons,

3. the use of profane or obscene language,

4. the use of the service in such a manner as to interfere with the service of one or more other subscribers or to prevent others from making or receiving calls,

5. the use of a mechanical dialing device or recorded announcement equipment to seize a subscriber's line, thereby interfering with the subscriber's use of the service,

6. the obtaining of telephone service by any fraudulent means whatsoever, with the intent of avoiding payment for the service.

.03 Where coin telephone service is furnished, the service may also be terminated by the Company after 10 days have elapsed following written notification to the subscriber, for any of the following reasons:

1. In the event that the subscriber fails to redeem upon demand, slugs and spurious, mutilated, or foreign coins deposited in the collecting device at the value for which they were deposited therein.
2. In cases of apparent fraudulent use of the service as evidenced by shortage in receipts for messages recorded during any given collection period, unless the subscriber agrees in writing to recompense the Company upon demand, for all subsequent shortages in receipts for messages. Where service has been terminated because of shortages in receipts for messages, the execution of a like agreement shall be a condition precedent to the reestablishment of the service.
3. In the event that the subscriber fails to provide access to his premises for the purpose of making collections during regular business hours.

.04 Abandonment or unauthorized use may also result in termination of telephone service.

1. In the event of abandonment of facilities or use by unauthorized persons, the Company may terminate telephone service if it is determined by an inspection of the premises, or such other means as are necessary, that such facilities have in fact been abandoned or are being used by unauthorized persons.

   Suspension/termination of residential service for abandonment or unauthorized use may occur only after such means are used which are reasonably calculated to determine occupancy or authorized use and a notice must be sent to the customer five days before such suspension or termination. The notification requirement is waived when previous mailings are returned by the Post Office or a new customer advises that he or she moved into the location.

   Where a subscriber to Metered Use Service Option A (Execunet) who accesses the service by use of an authorization code has not used the service (with the exception of calls to Directory Assistance) for 90 days, the Company will deactivate his or her code to reduce the danger of abusive use. If he or she wishes to renew usage of the service (e.g., as in the case of returning to a vacation home), the Company will promptly supply a new code. This provision does not apply to customers of the Company's Dial "1" Long Distance Service in central offices where equal exchange access is available.

2. In the event that telephone service is terminated for abandonment of facilities or unauthorized use and that service is subsequently restored to the same subscriber at the same location:

   a. No charge shall apply for the period during which service had been terminated, and
   b. No charge shall be made for reconnection of the service if the termination was in error.

12. Backbilling

Charges for previously unbilled service or upward adjustments of bills previously rendered may not be billed beyond 24 months after the error occurred unless the culpable conduct of the customer caused or contributed to the untimely billing. When such charges are billed, the Company must provide an explanation and advise customers that payment may be made under an installment plan which shall not be less than one month for each month represented by the late billed charges. In addition, the Company may not terminate service for charges rendered during the period in excess of six months unless due to the customer's culpable conduct.

13. General Rules and Regulations for the Impaired Hearing or Speech

.01 Discounted Service For Customers with Impaired Hearing Or Speech

Handicapped persons who have been certified to the Company as having a hearing or speech impairment which requires that they communicate over telephone facilities by means other than voice, and who use a teletypewriter, facsimile machine, Code Com set, Teltrasensor set or other non-voice equipment for telephone communication will receive, upon application to the Company, a 50% reduction of the following charges:

a. Intrastate toll message charges billed to the handicapped person's telephone service.

b. Monthly mileage charges for leased channels and private line circuits furnished to the handicapped person for use in non-voice communications.

Acceptable certifications are (1) those made by a licensed physician, otolaryngologist, speech-language pathologist or audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairment in cooperation with an official agency of the State of New York or (2) pre-existing certification establishing the impairment of hearing or speech such as those which qualify the handicapped person for social security benefits on the basis total hearing impairment or for use of facilities of an agency for persons with hearing or speech impairment.

The reduction in charges is applied at only one location designated by the handicapped person.

.02 Discounted Directory Assistance Service for Handicapped Customers

Handicapped customers who have requested exemption from Directory Assistance charges and have been certified to the Company as being unable to use telephone directories because of a visual or physical handicap will receive the following Directory Assistance credit:

a. One-hundred percent (100%) on all directory assistance calls limited to a maximum monthly credit of $75.00.

Acceptable certifications are those made by a licensed physician, ophthalmologist or optometrist, or a social agency that conducts programs for the handicapped in cooperation with an official agency of the State of New York or pre-existing certification establishing visual or physical inability to use a directory.

.03 Handicapped Person

The term "Handicapped Person," when used in connection with persons having a speech or hearing impairment which requires that they communicate over telephone facilities by means other than voice is defined below:

Hearing--persons with binaural hearing impairment of 60% or higher on the basis of the procedure developed by the American Academy of Otolaryngology (A.A.O) as set forth in "Guide for Conservation of Hearing in Noise "38-43, A.A.O., 1973; "Guides to the Evaluation of Permanent Impairment" 103-107, American Medical Association, 1971.

Speech--persons with 65% or higher of impairment on the basis of the procedure recommended by the American Medical Associations's Committee on Rating of Mental and Physical Impairment to evaluate speech impairments as to three categories: audibility, intelligibility and functional efficiency, as set forth in "Guides to the Evaluation of Permanent Impairment" 109-111, American Medical Association, 1971.

The term "Handicapped Person," when used in connection with exemptions from Directory Assistance charges, denotes those who are legally blind, visually handicapped or physically handicapped, under the following definitions from the Federal Register (Vol. 35 #126 dated June 30, 1970).

Legally Blind--those whose visual acuity is 20/200 or less in the better eye with correcting glasses, or whose widest diameter of visual field subtends an angular distance no greater than 20 degrees.

Visually Handicapped--those whose visual disability, with correction and regardless of optical measurement with respect to legal blindness, are certified as unable to read normal printed material.

Physically Handicapped--those who are certified by competent authority as unable to read or use ordinary printed materials as a result of physical limitations.

14. Quarterly Payment Plan

Residential customers, 62 years of age or older, may request a plan for payment on a quarterly basis of charges for services rendered, provided that such customer's average annual billing is not more than $150.00.

15. Automatic Number Identification Terms and Conditions

The Company may provide Automatic Number Identification (ANI) associated with an intrastate service, by catalog, to any entity (ANI recipient), only under the following terms and conditions:

1. The ANI recipient or its designated billing agent may use or transmit ANI information to third parties for billing and collection, routing, screening, ensuring network performance, and completion of a telephone subscriber's call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction.

2. The ANI recipient may offer to any telephone subscriber with whom the ANI recipient has an established customer relationship, a product or service that is directly related to products or services previously purchased by the telephone subscriber from the ANI recipient.

3. The ANI recipient or its designated billing agent is prohibited from utilizing ANI information to establish marketing lists or to conduct outgoing marketing calls, except as permitted by the preceding paragraph, unless the ANI recipient obtains the prior written consent for such purposes. The foregoing provisions notwithstanding, no ANI recipient or its designated billing agent may utilize ANI information if prohibited elsewhere by law.

4. The ANI recipient or its designated billing agent is prohibited from reselling, or otherwise disclosing ANI information to any other third party for any use other than those listed in Provision 1, unless the ANI recipient obtains the prior written consent of the subscriber permitting such resale or disclosure.

5. Telephone Corporations must make reasonable efforts to adopt and apply procedures designed to provide reasonable safeguards against the aforementioned abuses of ANI.

6. Violation of any of the foregoing terms and conditions by any ANI recipient other that a Telephone Corporation shall result, after a determination through the Commission's complaint process, in suspension of the transmission of ANI by the Telephone Corporation until such time as the Commission receives written confirmation from the ANI recipient that the violations have ceased or have been corrected. If the Commission determines that there have been three or more separate violations in a 24 month period, delivery of ANI to the offending party shall be terminated under terms and conditions determined by the Commission.

   Violation of any of the foregoing terms and conditions by a Telephone Corporation may result in Commission prosecution of penalty and enforcement proceedings pursuant to Sections 24, 25 and 26 of the Public Service Law.

16. [Reserved for Future Use.]

17. Directory Assistance

Directory Assistance is available to customers of the Company. An undiscounted charge will be applied to each call (see each service section for charges). One request may be made on each call to Directory Assistance. The Directory Assistance charge applies to each call regardless of whether the Directory Assistance Bureau is able to furnish the requested telephone number. In addition to the Directory Assistance charge, the following surcharges also apply: surcharges associated with Credit Card and Prism Plus calling card calls; and for Directory Assistance calls placed with the assistance of an operator, the surcharges applicable to operator assisted calls will apply. The Operator Dialed Surcharge will not apply to Directory Assistance calls made using an MCI Calling Card. Directory Assistance calls will not count toward, nor be calculated as part of the Volume Discounts offered under the above listed products.

.01 Residential Directory Assistance Call Completion

The customer may request that the Directory Assistance operator complete a call within the state for one of the numbers provided under Section B-6.04. The customer will be charged an additional undiscountable minimum charge of $0.00 and a maximum charge of $0.70 per completed call. The customer will be charged the per-minute rate for switched originating direct dial usage for the Company service to which the customer is presubscribed for completed calls. Call completion is available to residential customers only. Call completion is available to residential customers only. Call completion is not available to callers who are not presubscribed to any Company service, or for calls to toll free, 500, 700, 900 and 976 numbers.

18. Payphone Use Charge

An undiscountable minimum charge of $0.00 and a maximum charge of $0.65 per call is applicable to calls that originate from any payphone within the state used to access the Company's services as follows. This charge, which is in addition to standard cataloged usage charges and any applicable surcharges associated with the Company service, applies for the use of the instrument used to access the Company service and is unrelated to the Company service accessed from the payphone. Customers will be charged the Payphone Use Charge for each call, using the products listed below, which is placed from a payphone within the state. The Payphone Use Charge does not apply to calls placed from payphones at which the customer pays for service by inserting coins during the progress of the call.

The Payphone Use Charge does not apply to: calls using Telecommunications Relay Service; calls originated by customers with qualified hearing or speech impairments who are certified as described in Section A.13 herein; and calls placed from payphone at which the customer pays for service by inserting coins during the progress of the call.

The Payphone Use Charge will be applied to payphone calls made by customers of service in Section B of this catalog unless otherwise noted. T he Payphone Use Charge for Option W. (MCI PrePaid) is 2 units. This charge for MCI PrePaid does not apply for calls placed to Customer Service.

19. Limitations

Calls may not be placed using a Local Exchange Company's calling card whenever there is no obligation on the part of the Local Exchange Company issuing the calling card to invoice such calls on the Company's behalf, and calls may not be placed or received using 10-10XXX dialing or collect or third party calling conventions, e.g., 1-800-COLLECT, whenever there is no obligation on the part of the service Local Exchange Carrier to provide billing name and address (BNA) information to the Company in connection with such calls.

21. [RESERVED FOR FUTURE USE.]

21. [RESERVED FOR FUTURE USE.]

22. Service Cancellation Request Received From Local Exchange Carrier

If the Company cancels a Customer account or service at the request of the Local Exchange Carrier (LEC) serving the Customer, but the Customer nevertheless continues to complete calls over the Company's network by dialing 1+ or 1010222, then, for a period not to exceed thirty (30) days from the date the Company first received the service cancellation request, the following provisions shall apply:

a. Customers who had subscribed to residential service under this catalog will be charged the rates set forth in the Credit Card Section B-5.6 for calling card access (excluding third party billed and station to station) usage; and the Operator Assistance Section B-5.10 within Execunet for direct dial operator assisted usage.

b. Customers who had subscribed to Commercial Dial One, MCI Preferred, MCI Flat Rate, Advanced Option I for Small Business, MCI Flat Rate Plus or Advanced Option II for Small Business will receive service under the terms and conditions, including rates and charges, set forth under the offering to which the customer subscribed at the time of cancellation under those services.

23. Definition of Terms

Casual Caller
Denotes any person who uses the Company's service from an equal access end office who does not have a current account with the Company for services subject to this catalog, to include: (i) any person who has not established an account with the Company who places calls over the Company's network from an equal access area; (ii) any presubscribed customer located in an equal access area who has either voluntarily terminated his Company account or has had his Company account terminated in accordance with the terms and conditions set forth in the General Rules and Regulations; and (iii) new or allocated customers whose accounts are not yet established in the Company's billing system.

Customer
The person, firm, corporation or other entity which orders service -- either for its own use, as a resale carrier, or as a non-profit manager of a sharing group -- and which is responsible for the payment of charges and for compliance with the Company's tariff regulations. For billing purposes, a customer is considered to be an account. In the Metered Use Services, if a person, firm, corporation or other entity orders the service in more than one Company originating city, or requests the assignment of more than one account number in a particular city, each such account is a separate customer for billing purposes. A Customer may also function as a Casual Caller as defined in this catalog.

24. Rates

The Company offers its intercity services using a flexible rate schedule. This schedule consists of Minimum Rates and Maximum Rates. This flexible rate schedule permits the Company to change its Currently Effective Rates within the range of the established Minimum Rates and Maximum Rates upon notice to its customers and the New York Public Service Commission.

25. Holiday Discounts

New York intrastate usage customers may be eligible to receive the Company holiday discounts, subject to the terms and conditions as outlined at the Company's website - www.verizonbusiness.com.

26. Late Fee
For residential service and small business customers, a late payment charge of 1.5% may be assessed on payments not received within 30 days from the invoice date, where capabilities exist. The late payment charge will be applied to the entire unpaid balance of the customer's monthly invoice including taxes. The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer. The late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

27. Use of Service

.01 [Reserved for Future Use.]

.02 Effective February 23, 2006, Residential and Small Business services offered under this catalog that require concurrent enrollment in local exchange service provided under MCImetro Access Transmissionn Services LLC Catalog Schedule No. 1 will no longer be available to new customers residing in areas in which local exchange service is proved by any affiliate or subsidiary of Verizon not subject to MCImetro Access Transmissionn Services LLC Catalog Schedule No. 1. This does not apply to customers of this service who are eligible to subscribe to the Residential Affinity Savings Plan 1 or the Small Business Affinity Savings Plan 1. Additionally, Company services, to the extent they have been made unavailable to new and/or existing customers of those services as of that date, may continue to be offered and provided without revision to customers subscribing to those services via an agreement with an agent or other affinity of the Company (including, but not limited to, Quixtar, Inc.; and excluding Fionda, LLC, and Espirit de Corpe Inc.), who has contracted with the Company to sell Company services to its members.

.03 Effective February 1, 2009, the Company will no longer offer presubscribed long distance service to new residential and small business customers. Residential and small business customers currently subscribed to Company long distance service will no longer be able to move, add to, or change the service to which they are subscribed, except that customers may switch to a different Company service for which they are eligible if they wish, and customers of local/long distance integrated service may cancel local features on their service if they wish. All residential and small business end users will continue to be able to access the Company network and will be subject to this catalog on a non-presubscribed basis, e.g. collect calling, “dial around” services, or where their local exchange carrier installs the Company as the long distance PIC without the customer directly signing up with the Company for any calling plan.

28. Emergency/ Crisis / Disaster Restoration and Provisioning - Telecommunications Service Priority (TSP)

1. [RESERVED FOR FUTURE USE.]

29. Instate Access Recovery Fee

A monthly service charge that is applied to Customers subscribed to the Company for long distance services associated with a residential telephone line or billed to a residential account. This charge reflects costs incurred by the Company in providing in-state long distance service over Customer's local exchange provider's network. Customers will be exempt from this charge during any monthly billing period when MCI spending is less than $1.00.

5. Execunet [1]

Execunet Service is a one-way, dial in-dial out multipoint service allowing the customer to originate and terminate calls via Company-provided local business telephone lines. Subscribers to Execunet Service may originate calls only in the city or cities in which they maintain an active Execunet account. Customers may access Execunet calls in a variety of ways depending on whether or not the exchange in which a customer wishes to subscribe to such service has been converted to equal access and on the Company's evaluation of the danger that access by means of authorization codes can be abused, to the detriment of the Company and its customers.

.01 In Equal Exchange Access Areas

.011 In central offices where equal access is available, customers who have established accounts with the Company may access Execunet Service on a direct dial basis (the Company's Dial "1" Long Distance Service) or by dialing the access number 10-10222.

.012 From and after June 15, 1987, no new orders for Execunet Service via a 7 digit access number will be accepted in those areas where equal exchange access is available, unless such orders are for service to be used in conjunction with automatic dialing equipment furnished by the Company in areas where the Company has determined that the likelihood of fraudulent use of the service using such equipment is not significant.

.013 From and after September 17, 1987, existing Execunet customers who have been using 7 digit access numbers in equal access exchanges may be required, after written notice, to shift to the Company Dial "1" Long Distance Service or to the use of the 10-10222 access number in areas where the Company determines that continued use of 7 digit access numbers imposes a significant risk of fraudulent use of the service. Customers who use 7 digit access numbers in connection with automatic dialing equipment furnished by the Company may be exempted from this requirement in areas where the Company determines that the likelihood of fraudulent use of the service using such equipment is not significant.

.02 In Areas Not Having Equal Exchange Access

.021 In central offices were equal exchange access is not available, customers who have established accounts with the Company may use Execunet Service by dialing a 7 digit access number.

.022 From and after September 17, 1987, the Company may refuse to accept new orders for such 7 digit access in those areas where equal access is not available and where the Company determines that the use of 7 digit access numbers imposes a significant risk of fraudulent use of the service.

.023 From and after September 17, 1987, the Company may, in areas where equal access is not available, upon written notice, require existing Execunet customers who have been using 7 digit access numbers to shift to an alternative form of service using the MCI Around Town feature of MCI's Credit Card Service as described below, if that option is available in the exchange in question. This alternative form of service will also be offered to new subscribers in such areas.

.024 Customers who use 7 digit access in connection with automatic dialing equipment furnished by the Company in unconverted exchanges may be exempted from this limitation on new or existing service in areas where the Company determines that the likelihood of fraudulent use of the service using such equipment is not significant.

.025 Customers may terminate calls in service cities described in the Company's Price Guide at www.verizonbusiness.com, . All Execunet calls are rounded to the next higher full minute.

[1] Effective August 31, 2012, all residential Calling Card service and Toll Free / 800 service will no longer be available to new customers of this service.

Monthly Minimum Usage - Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge ($0.00 minimum and $15.00 maximum).

.03 Monthly Recurring Charges

.031 Intercity Facilities Usage Charges
The per minute usage charges set forth below apply to all Execunet calls.

[Current Rates Listed in Addendum A]

.06 Text Telephone Discount

Discounted rates are available to qualified hearing or speech impaired persons who have been certified, in writing, by licensed physician, audiologist, speech pathologist, or appropriate State or Federal agency, as having a hearing or speech impairment which precludes oral communications and who have and use a text telephone for visual communications. The adjustment will be applied to the appropriate rate schedules for direct-dialed Execunet calls as specified B.5.03 herein, for Operator Assisted calls, excluding surcharges, as specified in Section B.5.103 herein, and for Credit Card calls as specified for Credit Card Service in Section B.6 of this catalog. The Text Telephone Discount on Credit Card calls will only apply to Card calls placed to the Subscriber's ANI. The Text Telephone Discounts are as follows:

[Current Rates Listed in Addendum A]

For customers with Credit Card only, customers will receive an adjustment , as listed in Addendum A, on all Card calls. The discount will be applied to the appropriate rate schedules as specified for Credit Card Service in Section B.6 of this catalog

The written certification of the speech or hearing impairment must be presented to a Company Customer Service Center or, if the Company so chooses, proof of certification as defined above, may remain on file with the customer's Local Exchange Carrier. Upon request, the Company's Customer Service will furnish applicants with a certification form.

This rate adjustment will be provided for use only by the speech or hearing impaired customers and applies to direct-dialed and operator assisted Execunet calls that are originated from and billed to the telephone number of the certified speech or hearing impaired person, and Credit Card calls, as described above. Only one telephone number per residence is authorized for this discount.

.07 Premier Calling Plans: [For customers who subscribe to the Asia Plan as described in the Company's Price Guide at www.verizonbusiness.com, the usage rates for MCI One Savings will apply to all intrastate calls placed.]
Execunet customers (Dial "1" only) may enroll in no more than one of the following plans per telephone number at the same time.

.071 PrimeTime Option [Effective March 1, 1995 the PrimeTime and EasyRate Options will no longer be available to new subscribers.]
The PrimeTime Option is available to customers who have enrolled in the Company's Interstate PrimeTime Option.[Charges for the Company's Interstate PrimeTime Option can be found in the Company's Price Guide at www.verizonbusiness.com.] The PrimeTime Option allows a customer to make one hour of intrastate calling for an additional fee of $0.00 minimum and $3.00 maximum or to combine intrastate calling and interstate calling for one-hour period during the following times: between 5PM and 8AM Monday through Friday, 24 hours on Saturday, Sunday through 5PM and from 11PM on Sunday through 8AM on Monday. If a customer makes more than the minimum period of one hour of long distance calls (interstate and intrastate combined) during the PrimeTime Option hours, charges for the additional time will be calculated on a per minute of use basis. All calls made during other times will be charged at the per minute usage rates listed on the Schedule of Currently Effective Rates. All calls will be rounded to the next higher full minute. Customers who choose this option will be billed for a minimum of one hour of calling regardless of the volume of calls made under this option during any month.

Monthly Minimum Usage - Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly charge, as listed in Addendum A.

For an additional monthly charge , as listed in Addendum A, all intrastate calls made outside the time periods specified above will be given a discount , as listed in Addendum A, (in lieu of any other volume discounts described herein) off that portion of the total monthly usage charges.

24. 500 Personal Number Service

500 Personal Number Service is an inbound voice-grade telecommunications service that permits calling from stations in diverse geographical service areas within Indiana to a station at one location, or to a set of up to three stations at more than one location in New York, based upon pre-established priorities as provided below.

For any 500 Personal Number Service call, there are two customers: the "Subscriber" (i.e., the party at whose designated location(s) the 500 Personal Number Service call terminates) and the "Calling Party" (i.e., the party who places the call). Each party is fully and equally subject to all applicable provisions in this catalog which pertains to customers. The Calling Party has three billing options available for this service: Calling Party ANI billing, local exchange carrier calling card, and commercial credit card. The following types of calls are not permitted when using this service: collect; third party billed; and person-to-person.

All 500 Personal Number Service calls are subject to a 60-second minimum duration, with 60-second additional increments. If the computed charge for any call includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

Neither the Subscriber nor the Calling Party is required to designate the Company as his or her Primary Interexchange Carrier (PIC). Each 500 Personal Number Service call will include a recorded or live operator announcement to the Calling Party indicating that the Company is the provider of the service. Users of 500 personal Number Service may have access to non-cataloged enhancements (e.g., information services) provided by the Company.

.01 Basic Service Package: The Basic Service Package, which all 500 Personal Number Service Subscribers receive, includes the following:

Friends & Family 500 Number: Each Subscriber is assigned a 500 number.

Passcode: Each 500 Personal Number Service number is assigned a 6-digit passcode which can be used by the Subscriber to manage service features.

Multiple Number: [For these features calls may not be forwarded to: service numbers (e.g. numbers beginning with 500, 700, 800 or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g. numbers with a 976 prefix).] Permits Subscribers to pre-establish in priority up to three telephone numbers in New York for the completion of calls placed by Calling Parties to the Subscriber. Numbers will successively be attempted if a busy signal or answering machine is detected or if the call does not complete after four rings.

Final Message: [For these features calls may not be forwarded to: service numbers (e.g. numbers beginning with 500, 700, 800 or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g. numbers with a 976 prefix).] If calls are not completed at any of the three alternate numbers, the call will be sent to a Final Message. The Subscriber may choose among various options for the final message, including a closing message which informs the caller that the Subscriber is not available.

Alternate Number: [For these features calls may not be forwarded to: service numbers (e.g. numbers beginning with 500, 700, 800 or 900); 911; numbers with a 555 prefix; or pay-per-call numbers (e.g. numbers with a 976 prefix).] A Subscriber may temporarily override the pre-established priority sequence by designating an alternate number without having to change any of his or her Multiple Numbers. If there is no answer at the alternate number, the call will be forwarded to the Final Message. This feature can be activated and deactivated by the Subscriber.

Call Screening: Call Screening allows a Subscriber to screen calls by prompting the Calling Party to state his or her name, and allowing the Subscriber to accept or redirect the call. This feature can be activated and deactivated by the Subscriber.

Peak rates apply 8:00 am - 4:59 pm, Monday - Friday. Off-Peak rates apply at all other times. Standard Holiday discounts do not apply to these calls.

.02 Usage Charges
The Calling Party will be charged the following per minute usage charges for calls terminating within New York.

125. Verizon Prepaid Phone Cards [New cards will not be available on or after April 26, 2012, and recharge requests on existing cards will not be processed after that date.]
Verizon Prepaid Phone Cards represent a prepaid calling card service that allows consumers to acquire and use cards to originate outbound direct dial calls via Company-provided 800 numbers. Verizon Prepaid Phone Cards can be used for both interstate and intrastate (intraLATA and interLATA) calls and are classified as either MCI Branded Phone Cards, or Verizon Branded Phone Cards, or cards co-branded with a third party (typically a distributor) (hereinafter "Verizon Branded Phone Cards") where the calling service is provided by MCI Communications Services **LLC** ("MCI")

There are two methods of providing Verizon Prepaid Phone Card services to consumers, as follows:

- Physical format which includes a preprinted phone number and a Personal Identification Number, hereinafter referred to as a "PIN", delivered on a plastic card typically measuring 3-1/2″ x 2-1/4"; or,

  Virtual format, which is delivered as a PIN printed on a cash register receipt when purchased at a retail location, or delivered as a PIN when purchased via the World Wide Web.

Consumers can purchase Verizon Prepaid Phone Cards as follows:

- Verizon Branded Phone Cards directly from distributors.
- Verizon Branded Phone Cards via the World Wide Web or via a toll-free telephone number.

When sold through a distributor, prices for Verizon Branded Phone Cards and recharge minutes are established by the distributor. When sold by the Company, prices for Verizon Branded Phone Cards recharge minutes are established by the Company.

This catalog provides terms and conditions applicable to in-state calls made using Verizon Prepaid Phone Cards. The terms and conditions set forth herein for such calls made with Verizon Prepaid Phone Cards supplements the terms and conditions applicable to the sale and use of such cards as set forth in the Consumer Service Agreement located at http://prepaid.Verizon.com/ecommerce/service_agreement.jsp.

1. Card Values: Verizon Prepaid Phone Cards are available under two options, the Minute/Unit based cards and the Dollar based cards, as follows:

   - Minute/Unit based cards display the initial number of minutes/units available for interstate calls to the card user at the time of card purchase. Minute/Unit based cards deduct the applicable charge for a call or other service in minutes/units.

.1 Card Values (Cont'd):

- Dollar based cards display the initial dollar value of the card and a per minute rate for interstate calls, or the initial number of minutes available for interstate calls at the time of purchase. Dollar based cards deduct the applicable charge for a call or other service in dollars and cents.

.2 Features

Operator Assistance and Customer Service [Effective November 26, 2011, Commercial credit card billing for operator assisted calls will no longer be available where payment is made via an automated or live operator.]: Operator Assistance for call dialing is available as specified on some cards, at no charge to the consumer. Customer service is available on all cards at no charge to the consumer.

Directory Assistance: Domestic Directory Assistance is available through the Verizon Prepaid Phone Card. Directory Assistance requests will have a maximum charge of not greater than 28 interstate minutes/units for Minute/Unit based cards or $1.50 for Dollar based cards per call. Consumers may request up to two listings per call. The Directory Assistance charge will be announced to the caller prior to connecting the call.

Enhanced Directory Service: Golden Retriever, an Enhanced Directory Service, is available through Verizon Prepaid Phone Cards and provides consumers with instant access to information including weather, reverse phone number look-up, phone number look-up and category search. Consumers may request up to three pieces of information per call to Enhanced Directory Service. Each such call is charged at a flat rate and is not subject to a per minute rate. The maximum charge for Golden Retriever is $1.50 per call on dollar based cards and 30 interstate minutes/units on Minute/Unit based cards.

.3 Rates and Charges:
Verizon Prepaid Phone Cards are provided in various minute/unit and dollar based denominations by MCI or through its distributors with a stated interstate per minute/unit value not to exceed a maximum of $2.00 per minute/unit or fall below a minimum of $0.05 per minute/unit. One unit equals one minute (or fraction thereof) of interstate calling.

For completed in-state calls using a Verizon Prepaid Phone Card, the value of a Verizon Prepaid Phone Card may be decremented up to 3 times the interstate minute/unit value described above. The value of each in-state minute/unit equals 3 times the current interstate minute/unit value as described in this service. Other charges or surcharges may apply to card use. Partial minutes used are billed as full minutes.

1

.3 Rates and Charges (Cont'd):

Certain Verizon Branded Dollar based phone cards have a maximum per minute interstate rate not to exceed a maximum of $2.00 per minute/unit or fall below a minimum of $0.05 per minute/unit plus a surcharge assessed for each completed call. Those cards and their associated surcharge are listed below:

Card Name	Surcharge	
	Minimum	Maximum
Verizon New Penny Pincher	$0.25	$5.00
Wholesale Domestic Surcharge C	$0.25	$5.00
Domestic Surcharge A	$0.25	$5.00
3.9 cent Express	$0.25	$5.00
OCP #8 New Televia	$0.25	$5.00
Vending Express	$0.25	$5.00

.4 Recharging:

Verizon Prepaid Phone Cards are rechargeable, meaning that additional value may be added to a card, subject to a maximum allowed value per card, unless the card has expired or as otherwise expressly stated on the card, card packaging, or in the Service Agreement. Such additional minutes/units will be charged at the prevailing per minute/unit rate as of the date of recharging. A minimum of ten dollars ($10.00) and up to a specified maximum amount may be added to the card per each recharge.

In addition to the foregoing, rechargeable cards are also subject to the following terms and conditions:

- Upon recharge, a recharge fee of up to a maximum of fifteen percent (15%) of the recharge value may be assessed.

- Recharge may be accomplished in any of the following manners:

  i. By direct payment at selected distributors' locations.

  ii. By credit or debit card using the toll free access number printed on the card and following the audio prompts.

  iii. By registering the card for "auto-recharge," an expedited recharge process that alerts the consumer when their calling card balance falls below a certain level and offers the option of an automatic recharge in the same dollar amount of the customer's previous recharge.

  Recharge methods and availability may be based on distributor's preference. Recharge minutes/units or dollars of service purchased via the toll free access number or through auto-recharge must be paid for with a verified valid credit or debit card.

.5 Exclusions: Verizon Prepaid Phone Cards cannot be used for calls to 700-, 900-, or 976 services or for certain operator assisted, third party billed or collect calls. Any unused balance on a Verizon Prepaid Phone Card cannot be transferred to or combined with one or more other Verizon Prepaid Phone Cards.

.6 Availability of Service: There are no time of day or day of year restrictions for use of Verizon Prepaid Phone Cards.

.7 Regulations: Use of Verizon Prepaid Phone Cards is available by calling the Company toll free number printed on the card.

- A completed call may only be charged to a Verizon Prepaid Phone Card that has a balance sufficient to cover the charges assessed for the call. The Verizon Prepaid Phone Card balance will be reduced by the appropriate minutes/units or dollars charged for the completed call.

- After the number of the called party is dialed, but before the call is completed, the available balance of talk time based upon the telephone number of the called party will be announced to the caller. A Verizon Prepaid Phone Card call will be interrupted with an announcement when the available balance on the card drops to one minute/unit, based on the originating/terminating phone numbers of the call. Once the balance on the card is insufficient to continue, the call will terminate.

- Credit allowances for interruptions – MCI will credit one minute/unit on a consumer's Verizon Prepaid Phone Card in the event of poor call transmission or call cut off caused by MCI. To receive a credit, the consumer must promptly notify MCI Customer Service of the service problem by calling the Customer Service number printed on the card. Credit will not be given when interruptions are caused by the failure of systems not provided by MCI, by the failure of other MCI services connected to the Verizon Prepaid Phone Card, for wrong telephone numbers or other causes outside the control of MCI.

- Activated Verizon Prepaid Phone Cards are non-refundable. Once activated, and subject to applicable terms and condition, a Verizon Prepaid Phone Card may be used to originate direct dialed calls until the available card balance is depleted or the card expires, whichever first occurs. Card expiration dates will be specified on the card or the card packaging.

.8 Other Conditions of Service:

- The U.S. Public Payphone Surcharge applies when a Verizon Prepaid Phone Card is used to place a call from a U.S. public or semi-public payphone.

- State Universal Service Charge - the Company may, at its option, apply the State Universal Service Charge at point of sale.

20.1 Business Benefit Term Plan
The Business Benefit Term Plan is a term plan, in lieu of all other cataloged term plans. This plan is only available to customers subscribing to Business Benefit Service. Customers who subscribe to service via the Business Benefit Term Plan are subject to the following conditions:

20.1.1 Definitions of Terms: For purposes of the Business Benefit Term Plan, the following definitions apply. Qualifying Volume is the customer's total usage of the following, after the application of promotional and other discounts: domestic and international inbound; outbound. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the Business Benefit Term Plan volume commitment: Directory Assistance usage and surcharges; recurring and non-recurring charges; Operator Assisted usage and surcharges; monthly recurring and non- recurring charges; and taxes.

20.1.2 Term Commitment and Renewal Options: A customer must commit to service for a term of either month-to-month, one or two years. The term of service will commence with the provisioning of service following the execution of the Business Benefit Term Plan agreement.

If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

20.1.3 Volume Commitment: A customer must meet a monthly minimum usage

requirement of $25.00 excluding taxes, fees, monthly recurring and non-recurring usage charges.

20.1.4 Underutilization Charges: Beginning in the month following execution of the Business Benefit Term Plan, if at the end of any monthly period of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume usage in that monthly period and the customer's monthly volume commitment.

20.1.5 Cancellation or Discontinuance With Liability: Discontinuance of all services furnished under the Business Benefit Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge as follows:

Customers subscribing under an annual volume commitment will be required to pay a charge in an amount equal to i) the Underutilization Charge for the monthly period of termination, and ii) the customer's monthly volume commitment for each month remaining in the annual period of termination.

20.1.6 Rates: Customers will receive per minute rates based upon term commitment:

21. Wholesale Affinity Program

Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge.

The Wholesale Affinity Program is a benefit package which allows individual users who are members of participating business entities to take advantage of per minute rates.

Calls will be billed in six-second increments and rounded to the next higher six-second increment with an eighteen-second per call minimum.

All fractional per call charges will be rounded to the nearest whole cent.

22. Affinity Programs

Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge.

The Company offers discounts ranging from 1% to 25% off its Combined Calling Plan Service or reduced per minute rates to members of entities which agree to sponsor or otherwise promote the Company and its service offerings. The actual discount level(s) or rate(s) per unit will vary depending on total number of members and/or total combined membership billings.

22.1 Affinity Programs Option A

Under this plan members of Affinity Program Option A are Customers who subscribe to service through a Sponsor, which is not a Customer under this Option.

22.1.1 Rates

Switched outbound and switched inbound call charges are subject to an 18 second minimum initial period and additional 6-second increments. If the computed charges for a call include a fraction of a cent, the fraction

will be rounded to the nearest whole cent.

23. Agency Program No. 1

Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge.

A) Description

Agency Program No. 1 offers 1+, dedicated outbound and inbound service during all time of day rate periods. Customers may enroll in any one of the following program options: (1) one-year term plan for switched access service; (2) one-year term plan for dedicated access service; or (3) month-to-month plan for switched access service only.

B) Term Plans

Term plan customers are subject to the monthly minimums as follows:

Switched Access:	$25.00
Dedicated Access:	$1000.00

Term plan customers are also subject to the following provisions:

1. Underutilization: For each monthly period of a customer's term of service in which a customer's Agency Program No. 1 usage charges (including intrastate usage, but not including any other applicable charges imposed by the Company or a third party) fail to equal or exceed the applicable monthly minimum, the customer will be billed and required to pay an amount equal to the difference between the customer's actual usage and the applicable monthly minimum.

2. Termination with Liability: If a customer terminates service prior to the expiration of the customer's term of service under this program, the customer will be billed and required to pay an amount equal to the applicable monthly minimum for each month remaining in the customer's term of service at the time of actual termination. These charges will apply in addition to all incurred usage charges.

C) Billing Increments

1+, dedicated outbound, and inbound calls will be subject to an 18-second minimum duration. Calls that are more than 18 seconds will be billed in 6-second increments. If the computed charge for a call includes a fraction of a cent, the charge will be rounded to the nearest whole cent.

D) Rates

1+, Dedicated Outbound and Inbound Service: Customers will be charged the following per minute rates for 1+, dedicated outbound, and inbound intraLATA/intrastate calls.

24. Dedicated Access Lines

Dedicated Access Lines may be required to connect Customer locations to the POP of an underlying carrier. Such dedicated Access Lines, when required, shall be the sole responsibility of Customer. Notwithstanding such responsibility, Carrier shall, upon Customer's request, order such Dedicated Access Lines from the underlying carrier on behalf of Customer, and shall pass-through to Customer without mark-up all related recurring and non-recurring charges.

Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge.

3. Schools and Libraries Discount Program

a. General
The Schools and Libraries Discount Program permits eligible schools (public and private, grades Kindergarten through 12)and libraries to purchase the Company services offered in this Catalog at a discounted rate, in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997 and the New York State Public Service Commission in its Opinion and Order 97-11 Adopting Discounts for Services for Schools and Libraries, issued June 25, 1997. The Rules are codified at 47 Code of Federal Regulation (C.F.R) 54.500 et. Seq.
as indicated in the Rules, the discounts will be between 20 and 90 percent of the pre-discount price, which is the price of services to schools and libraries prior to application of a discount. The level of discount will be based on an eligible school or library's level of economic disadvantage and by its location in either an urban or rural area. A school's level of economic disadvantage will be calculated on the basis of school lunch eligibility in the public school district in which the library is located. A non-public school may use either eligibility for the national school lunch program or other federally approved alternative measures to determine its level of economic disadvantage. To be eligible for the discount, schools and libraries will be required to comply with the terms and conditions set forth in the Rules.

Discounts are available only to the extent that they are funded by the Federal Universal Service Fund. Schools and libraries may aggregate demand with other eligible entities to create a consortium.

1. Obligations of eligible schools and libraries

a. Requests for service

1. Schools and libraries and consortia shall participate in a competitive bidding process for all services eligible for discounts, in accordance with any state and local procurement rules.

2. Schools and libraries and consortia shall submit requests for services to the Schools and Libraries Corporation, as designated by the FCC, and follow established procedures.

3. Services requested will be used for educational purposes.

4. Services will not be sold, resold or transferred in consideration for money or any other thing of value.

2. Obligations of the Company

a. The Company will offer discounts to eligible schools and libraries on

commercially available telecommunications services contained in this Catalog. Those services contained in this catalog which are excluded from the discount program, in accordance with the Rules are included as an attachment to this catalog.

b. The Company will offer services to eligible schools, libraries and consortia at prices no higher than the lowest price in charges to similarly situated non-residential customers for similar services (lowest corresponding price).

c. In competitive bidding situations, the Company may offer flexible pricing or rates other than in this catalog, where specific flexible pricing arrangements are allowed, subject to New York State Public Service Commission approval.

b. Discounted Rates for Schools and Libraries

1. Discounts for eligible schools and libraries and consortia shall be set as a percentage from the pre-discount price, which is the price of services to schools and libraries prior to application of a discount.

2. The discount rate will be applied to eligible intrastate services purchased by eligible schools, libraries or consortia.

3. The discount rate is based on each school or library's level of economic disadvantage as determined in accordance with the FCC Order or other federally approved alternative measures (as permitted by the Rules) and by its location in either an urban or rural area.

4. The discount matrix for eligible schools, libraries and consortia is Included as an attachment to this catalog.
