

1. DEFINITIONS

Certain terms used generally throughout this tariff for the Network Services of this Company are defined below.

Access: A connection between a Customer Premises and a Point of Presence of an Interexchange Carrier for the transmission of voice data or video/image information.

Alternate Access: Alternate Access has the same meaning as Local Access except that the provider of the Service is an entity other than the Local Exchange Carrier authorized or permitted to provide such service. The charges for Alternate Access may be subject to private agreement rather than published or special tariff if permitted by applicable governmental rules.

Advance Payment: Part or all of a payment required before the start of service.

Bit: The smallest unit of information in the binary system of notation.

Company: MCImetro ACCESS TRANSMISSION SERVICES, LLC, the issuer of this tariff, which is a Delaware corporation.

Customer: The person, firm or corporation, which orders, service and is responsible for the payment of charges and compliance with the Company's regulations.

Dedicated: A facility or equipment system or subsystem set aside for the sole use of a specific Customer.

Duplex Service: Service which provides for simultaneous transmission in both directions.

Fiber Optic Cable: A thin filament of glass with a protective outer coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message.

Individual Case Basis: A service arrangement in which the regulation, rates and charges are developed based on the specific circumstances of the case.

Local Access: Local Access means the connection between a Customer premises and a Company Point of Presence.

Mbps: Megabits, denotes millions of bits per second.

Network: The Company's digital fiber optics-based network
