.03 The Company's bills are payable upon receipt. The Company may deal with customers whose accounts show very small balances by withholding the issuance of an invoice until the amount due from the customer reaches a level which, in the Company's sole discretion, is deemed large enough to justify initiating the billing and collections process. If the Company becomes concerned at any time about the ability of a customer to pay its bills, the Company may require that customer to pay its bills within a specified number of days and to make such payments in cash or the equivalent of cash.

.04 If a customer does not give the Company written notice of a dispute with respect to the Company's charges within six (6) months from the date the invoice was rendered; such invoices shall be deemed to be correct and binding on the customer.

.05 For residential and Small Business customers, a late payment charge of 1.5% may be assessed on payments not received within 31 days from the invoice date, where capabilities exist. The late payment charge will be applied to the entire balance of the customer's monthly invoice, including taxes.

.014 Thirty (30) days after sending the customer written notice of noncompliance with any other provision of this tariff if the noncompliance is not corrected within the thirty (30) day period.

The discontinuance of service(s) by the Company pursuant to this Section does not relieve the customer of any obligation to pay the Company for charges due and owing for service(s) furnished up the time of discontinuance.

12. TESTING AND ADJUSTING

Upon reasonable notice, the channels provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.
