SECTION 1 - APPLICATION OF TARIFF

- 1.1 This tariff applies to Message Toll Services within the State of Michigan where the respective rate centers are also located in Michigan.

The General Regulations of MCImetro Access Transmission Services, LLC apply to Message Toll Services, in addition to the regulations included in this Tariff.

SECTION 2 - DESCRIPTIONS

- 2.1 IntraLATA toll service is furnished for telephone communication between telephones in different local calling areas within the Grand Rapids LATA in accordance with the regulations and schedules of charges specified in this tariff. The toll service charges specified in this section are in payment for all services furnished between the calling and called telephone, except as otherwise provided in this Tariff.
- 2.2 The Grand Rapids LATA is an area defined in the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192. This LATA consists of an area in Western Michigan bounded by Lake Michigan on the North and West, Indiana on the South and the Lansing (517 area code) LATA on the East. The LATA generally conforms with the 616 area code.

SECTION 3 - TIMING OF MESSAGES

- 3.1 Unless otherwise indicated, all calls are timed in 6 (six) second increments.
- 3.2 For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.
- 3.3 For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.
- 3.4 Calling timing ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.
