

CARRIER COMMON LINE ACCESS SERVICE

The Telephone Company will provide Carrier Common Line Access Service (Carrier Common Line Access) to customers in conjunction with Switched Access Service provided in Section 6.

3.1 General Description

Carrier Common Line Access provides for the use of Telephone Company common lines by customers for access to end users to furnish intrastate telecommunications service.

Carrier Common Line Access is provided where the customer obtains Telephone Company Switched Access Service under this tariff.

Carrier Common Line Access is provided in all cases in which the customer obtains Telephone Company Switched Access Service under this Tariff.

Switched Access Service is provided to intrastate carriers which furnish intrastate MTS/WATS Service under this Tariff.

In addition, a Special Access Surcharge as set forth in 3.8 following will apply to jurisdictionally intrastate special access facilities provided by the Telephone Company to a customer, in accordance with regulations as set forth in 3.7(E) following.

Special Access facilities are intrastate facilities provided to customers as set forth in Section 7 of this tariff.

The Special Access Surcharge will apply to all special access facilities, unless exempted as specified in 3.7(E) (2), terminated at an end user's PBX or other devices, that connect the special access facility with local exchange lines or trunks, irrespective of whether the interconnection capability exists in the customer's premises equipment or in a Centrex CO type switch.

3.2 Limitations

- (A) A telephone number is not provided with Carrier Common Line Access.
- (B) Detail billing is not provided for Carrier Common Line Access.
- (C) Directory listings are not included in the rates and charges for Carrier Common Line Access.
- (D) Intercept arrangements are not included in the rates and charges for Carrier Common Line Access.

CARRIER COMMON LINE ACCESS SERVICE

3.2 Limitations (Cont'd)

- (E) Carrier Common Line Service is not available with the DNAL BSA.
- (F) All trunk side connections provided in the same combined access group will be limited to the same features and operating characteristics.

3.3 Undertaking of the Telephone Company

- (A) Where the customer is reselling MTS/WATS, MTS-type and/or WATS-type service(s), the customer may, at the option of the customer, employ ordinary local business exchange service at generally applicable business local exchange rates under the Local Exchange Services Tariff. Switched Access or Carrier Common Line Access Charges under this tariff will not apply for such access.
- (B) When access to the local exchange is required to provide an MTS/WATS-type service using a resold Private Line Service, Switched Access Service Rates and Regulations, as set forth in Section 6 following will apply. Carrier Common Line Access rates and charges as set forth in 3.8 following apply in accordance with the regulations as set forth in 3.7(G) following.
- (C) Where a multiline hunt group or trunk group arrangement is made up of 1) Lineside BSA, Trunk-side BSA-950 Option, Trunkside BSA-101XXXX Option, Feature Group A, B or D Switched Access Service and 2) business local exchange lines or other access arrangements associated with WATS or WATS-like services as provided in 3.3(B) preceding, Carrier Common Line Access Charges for such combined access arrangements with the exception of the DNAL BSA are calculated in accordance with the regulations in 3.7 following.
- (D) The Switched Access Service provided by the Telephone Company includes the Switched Access Service, other than the DNAL BSA, provided for both interstate and intrastate communications and the Carrier Common Line Access rates and charges as set forth in 3.8 following apply in accordance with the regulations as set forth in 3.7(F) following.

CARRIER COMMON LINE ACCESS SERVICE

3.4 Obligations of the Customer

- (A) The Switched Access Service associated with Carrier Common Line Access shall be ordered by the customer under other sections of this tariff.
- (B) The customer facilities at the premises of the ordering customer shall provide the necessary on-hook and off-hook supervision.
- (C) When the customer obtains private line facilities as set forth in 3.1 preceding, the facilities may be exempted from the Special Access Surcharge as set forth in 3.7(E) following. The customer who obtains such facilities from the Telephone Company shall furnish the exemption certification. Exemption certification shall be in the form of a written notification to the Telephone Company. The notification may be provided 1) at the time the private line facility is obtained or, 2) at such time as the facility is reterminated to a device not capable of interconnecting to the local exchange network or, 3) at such time as the private line facility becomes associated with a Switched Access Service that is subject to Carrier Common Line Charges. Exemption certification can also be provided for private lines obtained prior to the effective date of the surcharge.

If a written certification is not received at the time the private line facility is obtained, the surcharge will be applied. Exempt status will become effective on the certification date indicated by the customer, subject to the regulations set forth in 3.7(E) following.

CARRIER COMMON LINE ACCESS SERVICE

3.7 Rate Regulations (Cont'd)

(A) Surcharge for Special Access Service

(1) General

The monthly Special Access Surcharge applies to special access facilities arranged, as set forth in 3.1 preceding, on a per voice equivalent basis as shown in the following example:

<u>Special Access Facility</u>	<u>Voice Grade Equivalent</u>		<u>Surcharge</u>		<u>Monthly Charge</u>
Group	12	x	\$25	=	\$300.00
DS1	24	x	25	=	600.00

CARRIER COMMON LINE ACCESS SERVICE

3.7 Rate Regulations (Cont'd)

(A) Surcharge for Special Access Service (Cont'd)

(1) General (Cont'd)

In the case of multipoint special access facilities, one Special Access Surcharge will apply for each termination of a special access channel at an end user's premises.

The Telephone Company will bill the customer who orders the special access facility the Special Access Surcharge on each special access facility installed unless the special access is exempt from the surcharge as set forth in (2) following.

- (2) The special access facility will be exempted from the monthly surcharge if the customer provides the Telephone Company written certification that the intrastate special access facility termination is one of the following:
- (a) an open-end termination in a Telephone Company switch of an FX line, including CCSA and CCSA-equivalent ONALs; or
 - (b) an analog channel termination that is used for radio or television program transmission; or
 - (c) a termination used for TELEX service; or
 - (d) a termination that by the nature of its operating characteristics could not make use of Telephone Company common lines; or
 - (e) a termination that interconnects either directly or indirectly to the local exchange network where the usage is subject to Carrier Common Line charges such as, where the special access facility access only FGA and no local exchange lines, or special access facility between customer points of termination, or special access facility connecting CCSA or CCSA-type equipment (intermachine trunks); or
 - (f) a termination that the customer certifies to the Telephone Company is not connected to a PBX or other device capable of interconnecting the special access facility to a local exchange subscriber line.

CARRIER COMMON LINE ACCESS SERVICE

3.7 Rate Regulations (Cont'd)

(A) Surcharge for Special Access Service (Cont'd)

(3) Crediting the Surcharge

The Telephone Company will cease billing the Special Access surcharge when certification that the special access facility has become exempt from the surcharge, as set forth in (2) preceding, is received. If the status of the special access facility was changed prior to receipt of the exemption certification, the Telephone Company will credit the customer's account, not to exceed ninety days, based on the effective date of the change specified by the customer in the letter of certification.

Upon the effective date of the Special Access Surcharge, the Telephone Company will begin to bill such surcharge for special access facilities presently in-service. Payment of any Special Access Surcharge billed on special access facilities in service as of August 25, 1984, may be deferred, without penalty, for up to sixty days from the date of the first bill rendered for the Special Access Surcharge.

If appropriate exemption certification is not received by the Telephone Company by the end of the sixty-day deferral period, the billed Special Access Surcharges will become due. These charges, if unpaid, will be subject to a late payment charge as set forth in Section 2.4.1(B) (2) preceding. Customers who provide exemption certification within the first ninety days following the surcharge effective date, will be given credit for the surcharge effective date.
