TERMS AND CONDITIONS

3. OBLIGATION OF THE COMPANY

A. The Company's obligation to furnish service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the provision of such service.

The following services utilize copper facilities and will only be provided subject to the availability of suitable copper facilities; in locations where, at the Company's sole discretion, it has determined to upgrade the network and to migrate services away from copper facilities, these services, features and signaling protocols are no longer available: Digital Data Services; Foreign Central Office Service – Business; Foreign Central Office Service – Residential; Foreign Exchange Service – Business; Foreign Exchange Service – Residential; Metallic Service; Program Audio Service; Secretarial Lines and Associated Telephone Answering Equipment; Series 1000 Channels; Series 2000 Channels - Type 2011, Type 2014; Series 3000 Channels - **Type 3001; Series 6000 Channels; Series 9000 Channels; Special Services - Voice Grade; Telegraph Grade Service; Integrated Services Digital Network (ISDN) - Basic Rate Interface; Centrex INTELLILINQ – BRI, Feature Group A, Ground Start and Reverse Battery Signaling, WATS Service, Switched 56 Kilobit Service, Lineside Basic Service Arrangement, Direct Inward Dialing Service on Analog Trunks.

B. The rates and charges quoted in this Product Guide provide for the furnishing of service and facilities where suitable facilities are available or when the construction of the necessary facilities does not involve excessive costs.

C. When excessive costs are involved for the construction of facilities, charges for such construction will be determined in accordance with the terms as set forth in Section 11, except as otherwise specified.

D. The specialized terminal equipment needed by persons whose hearing, speech, vision or mobility is impaired is available from the Company upon subscriber request on a monthly basis.

4. OBLIGATION OF THE BUILDING OWNER, PROPERTY OWNER, AND/OR CUSTOMER

You agree to provide us with the access and support required to allow us to implement, maintain and provide the Services. You shall ensure that the facilities or equipment provided by you are properly interconnected with the Services, facilities and equipment provided by Verizon. Verizon shall not be liable for any damages or losses caused by the failure of equipment, inside wire or other facilities provided by you or a third party and you shall be liable if such facilities cause damage to Verizon, our customers, and/or our providers. You are solely responsible for the selection, implementation and maintenance of security features for protection against unauthorized or fraudulent use of Services and Verizon shall have no liability therefore.

It is the responsibility of the building owner, property owner, and/or customer to provide a means of entrance into the building and adequate space and power requirements within the building which is satisfactory to the Company to provide for mounting the necessary terminal and station protection equipment.

Where, due to the type of construction of the building or the conditions imposed by the building owner, property owner, and/or customer, extraordinary expense is incurred by the Company, the building owner and/or property owner is required to pay the difference between the expense incurred by the Company and the expense which would normally have been incurred for the installation.

** This service has been withdrawn for residence on a statewide basis.

TERMS AND CONDITIONS

11. LIABILITY OF THE COMPANY

A. Service Irregularities

The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission or failure or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of the customer, or of the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.

B. Use of Facilities of Other Connecting Carriers

When suitable arrangements can be made, facilities of other connecting carriers may be used in conjunction with the Company's facilities in establishing connections to points not reached by the Company's facilities. Neither the Company nor any connecting carrier participating in a service shall be liable for any act or omission of any other company or companies furnishing a portion of such service.

C Indemnifying Agreement

The Company shall be indemnified and saved harmless by the customer against claims for libel, slander, or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities or the use thereof; against claims for infringement of patents arising from combining with, or using in connection with, facilities furnished by the Company, apparatus and systems of the customer and against all other claims arising out of any act or omission of the customer in connection with the facilities provided by the Company.

D. Defacement of Premises

The Company is not liable for any defacement of or damage to the premises of a customer resulting from the furnishing of service or the attachment of the instruments or apparatus furnished by the Company on such premises or by the installation or removal thereof, when such defacement or damage is not the result of the negligence of employees of the Company.

PENNSYLVANIA TELECOMMUNICATIONS RELAY SERVICE

A. GENERAL

The Pennsylvania Telecommunications Relay Service (PA TRS) is a relay telecommunications service for the deaf, hard of hearing, hearing and/or speech disabled population of the Commonwealth. The PA TRS is mandated by the Americans with Disabilities Act of 1990 to provide functionally equivalent telephone services that are available to other U.S. citizens, at no additional cost. The PA TRS includes both traditional relay (devices such as Teletypewriters (TTY) and Telecommunication Devices for the Deaf (TDD)) and captioned telephone voice-carry-over relay services (captioned telephone). These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company's switching equipment is arranged to translate the "711" calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with the Pennsylvania Public Utility's Order entered on February 4, 2000 at Docket No. M-00900239.

B. SURCHARGE

In addition to the charges provided in this Product Guide and the Company's intrastate tariffs, a surcharge will apply to all residence and business access lines served by this Company. This surcharge applies regardless of whether or not the access line uses the PA TRS.

This surcharge serves as the funding vehicle for the operation of the PA TRS, Telecommunications Device Distribution Program and the Print Media Access Service Program and shall be calculated by the Pennsylvania Public Utility Commission (the Commission). The Commission shall compute the Pennsylvania Relay Service Surcharge each year and notify local exchange carriers of the surcharge amount to be applied for the twelve-month period commencing with July 1, of each year.

The Commission may revise the surcharge more frequently than annually at its discretion.

Product Guide revisions will be filed whenever the Commission calculates a new surcharge amount and notifies the Company.

The following surcharge rates apply to all bills issued on or after the effective date of this Product Guide.

	Monthly Rate
Per residence access line	$0.04
Per business access line	0.04

Centrex lines will be charged on an equivalency basis as determined by the Commission.

C. RATES

Local calls will be charged at the applicable local flat rate or local measured service rate. Toll calls will be charged at the applicable toll rate found in the selected toll carrier's rate schedule or current Product Guide. If the customer has not chosen a long distance carrier, the default carrier's rates will apply for the toll calls.

LIFELINE SERVICE

B. REGULATIONS (Cont'd)

15. Residence Lifeline Service cannot be resold by the Lifeline customer or the Lifeline customer's agent.
