

HOME-BUSINESS SERVICE*

A. GENERAL

Home-Business Service is a dual purpose service intended to satisfy the communication requirements of customers who engage in business activities located in their homes. The service utilizes one individual line dial tone line with two telephone numbers, and includes one residence directory listing and one business directory listing. The telephone numbers are answered in accordance with a distinctive ringing sequence.

B. REGULATIONS

1. Explanation of Terms

Home-Business Service Line

A Home-Business Service line consists of an individual line dial tone line and a Home-Business Service package. Unless specifically prohibited, other options available with residence service may be added to the line.

Home-Business Service Package

A Home-Business Service package consists of one residence or primary telephone number, one business or dependent telephone number with distinctive ringing and one of eight local calling packages that provide a specified call allowance to be used only in conjunction with Home Business Services. Additional options may be added to the Home-Business Service service arrangement, but are not considered part of the Home-Business Service package.

2. Home-Business Service is only provided in a residence and is not permitted to supplant existing Business Service arrangements located in a business establishment. Only one such arrangement is permitted to the same customer on the same premises.
3. Home-Business Service usage will be provided as message or measured rate service only. This service may not be provided in combination with flat rate service to the same customer on the same premises.
4. A dependent or business telephone number associated with Home Business Service disconnected due to the establishment of a residence class of service, may not be reused for the residence service. Referral of calls will not be allowed from Home Business Service to a residence class of service.
5. Home-Business Service is not provided on a foreign central office, foreign zone, or foreign exchange service basis if dedicated interoffice facilities are required to provide such service.

* Effective December 20, 2004, Home-Business Service is no longer available to new customers. Moves, additions or changes to subscribers' existing service are not permitted.
