

DISTANCE LEARNING SERVICE

A. GENERAL

This service provides the public switched network capability to connect video-equipped classrooms for educational purposes, in the same LATA within the state of Maryland, to allow two-way fully interactive audio and video. In addition, the network has the capability of future expansion to provide integration with switched voice and data services.

B. REGULATIONS

1. Definition of Terms

Distance Learning Service*

Allows a user to connect to the Distance Learning Network and participate in Distance Learning.

Basic Distance Learning Service

Allows a user to connect to the Distance Learning Network and participate in Distance Learning.

Enhanced Distance Learning Service

Includes all 'Basic Service' functionality. In addition, an equipment IP port is provided so that the user can connect to their IP Network.

Premium Distance Learning Service

Includes all 'Enhanced Service' functionality. For premium service, additional capacity (of an extra T-1) is added to allow the sharing of graphics and other visuals.

Host Site

A Host Site is a site originating an interactive session.

Site

A Site is a classroom or other educational location equipped with two-way fully interactive audio and video.

Session

A Session is a fixed period of time when scheduled sites are connected.

2. Availability of Service

This service is available to all public high schools, public community colleges, and public four-year colleges and universities. In addition, other organizations may apply for this service, if they are certified by the State Department of Education as being essential to the provision of distance learning to these public high schools, public community colleges and public four-year colleges and universities.

- * Effective November 15, 2007, Distance Learning Service is no longer available to new customers. Moves, additions, or changes to subscribers' existing service are not permitted.

DISTANCE LEARNING SERVICE

B. REGULATIONS (Cont'd)

3. There is no limit on the number of stations that can be connected in one session, however, only four stations may be viewed at any time. The stations currently being viewed in any session can be changed at any time at the discretion of the host site.
4. IntraLATA video paths are provided consistent with standard engineering guidelines, as defined by the Company.
5. Facilities, equipment and interexchange carrier fees required for interLATA connections between the switches are not included in the rates in C. following.

C. RATES

	<u>Installation Charge</u>	<u>Per Month</u>	<u>USOC</u>
Provision of Distance Learning Facilities*, per site	-	\$1,495	
Provision of Basic Distance Learning Facilities, per site	\$610.00	\$1,795	
Provision of Enhanced Distance Learning Facilities, per site	660.00	1,995	
Provision of Premium Distance Learning Facilities, per site	700.00	2,195	

- * Effective November 15, 2007, Distance Learning Service is no longer available to new customers. Moves, additions, or changes to subscribers' existing service are not permitted.
