

LOCAL AND TOLL PACKAGE*

A. GENERAL

Local and Toll Package is an optional residence intraLATA service plan. This plan permits a customer to receive the following for a flat monthly rate for each residence exchange access line enrolled in the plan: (1) Dial Tone Line with Touch Tone; (2) local calling; (3) Verizon Maryland LLC intraLATA intrastate Direct Distance Dialed (DDD) unassisted toll calling; and (4) a selection of optional Custom Calling features from the list of eligible Custom Calling features set forth below:

Anonymous Call Rejection
Call Block
Call Forwarding Busy Line/Don't Answer
Call Waiting
Caller ID - Number Only or Caller ID
*69
Three-way Calling
Ultra Forward®.

B. TERMS AND CONDITIONS

An eligible Dial Tone Line is one where the customer has selected Verizon Maryland LLC as his/her IntraLATA Toll Provider (ITP).

Unless a line's enrollment in the plan is terminated by the customer or the Company, a line will remain enrolled in the plan, as amended from time-to-time, with any applicable changes in rate, for as long as the plan continues to be offered by the Company. Customers may discontinue their enrollment in the plan at any time upon notice to the Company.

No more than four residence lines enrolled in the plan may be assigned to any one billed telephone number. The plan is not available with residential measured rate service or residential IntelliLinQ Basic Rate Interface (BRI) Service lines. The plan is not available with Foreign Exchange Service.

A residence line may be enrolled in the plan only if the historical average monthly Verizon Maryland LLC intraLATA DDD unassisted toll usage on that line, computed at DDD unassisted toll call rates before the application of discounts, during a six-month historical usage study period consisting of months with positive usage as selected by the Company, or during such portion (if any) of the six-month historical usage study period consisting of months with positive usage as selected by the Company that the line was in service, does not exceed \$50.00.

A residence line need not have been in service during the six-month historical usage study period selected by the Company, or during any minimum portion of the six-month historical usage study period selected by the Company, to be eligible to participate in the plan.

* Effective as of November 6, 2002. No longer available, limited to current customers with existing plans.

LOCAL AND TOLL PACKAGE*

B. TERMS AND CONDITIONS (Cont'd)

The Company may terminate a line's enrollment in the plan at any time, if the historical average monthly Verizon Maryland LLC intraLATA DDD unassisted toll usage, computed at DDD unassisted toll call rates before the application of discounts, during any six-month historical usage study period as selected by the Company, or portion thereof, exceeds \$100.00.

Upon such occurrence, the affected customer shall be notified that the ineligible line 1.) is being reverted to flat rate local service; 2.) requires the selection of another regional toll calling plan, or is being reverted to basic regional toll rates; and 3.) is being reverted to standard monthly rates for the selected optional services, subject to applicable discounts.

Customers enrolled in the plan are not eligible for promotional offerings related to the optional exchange services included in the plan, unless specifically provided for in the promotional offering.

This plan may not be combined with the Automatic Savings discount or any optional calling plan or package on the same line. The Local and Toll Package may not be added to any line on an account if Extended Area Calling or Consumer Opportunity Savings Plan exist on any line on that account.

Eligible intrastate intraLATA toll calls are those calls which are customer-dialed and completed without the assistance of a Verizon operator. The following types of calls are not eligible toll calls under the Local and Toll Package:

Call Trace (per activation)
Calling Card
Calls to 555/700/900/976/915
Directory Assistance
Operator-handled
Busy Redial (per activation)
*69 (per activation)
Time-of-day

The Residence Dial Tone Line Service Charge applies to requests for new and additional Local and Toll Package lines as well as moves of existing lines. However, the Service Charge does not apply when Local and Toll Package replaces existing Dial Tone Line service.

C. RATES

Customers enrolled in this plan will be billed at the following rate in lieu of the rates and charges specified in the Company's Local Exchange Services Tariff, the General Services Tariff and Product Guide, and the Long Distance Service Product Guide. This rate does not include any applicable taxes, subscriber line charges and non-recurring charges.

	Per Month	(I)
Residence Exchange Access Line, each.....	\$80.95	
* Effective as of November 6, 2002. No longer available, limited to current customers with existing plans.
