

FOUR WIRE SERVICE ARRANGEMENT

A. GENERAL

Four Wire Service Arrangement permit switching that is designed to use four-wire facilities to be connected to the Company's normally provided two-wire service facilities.

B. TERMS AND CONDITIONS

1. Four Wire Service Arrangement are provided only in connection with Foreign Exchange Service, Foreign Zone Service and Foreign Central Office Service.
2. This offering contemplates the use of four-wire facilities between the local serving wire center and the switching equipment on the customer's premises, however, two-wire facilities may be used.
3. Transmission performance that meets the established standards of the Company will be obtained over facilities connected to a Four Wire Service Arrangement. If a customer requests improvement beyond this, additional equipment will be provided, where facility conditions permit, subject to additional rates and charges based on the costs incurred.
