B. UNIVERSAL EMERGENCY TELEPHONE SERVICE 911

Type D Obsolescence (The service, as presently configured, is limited to the Hershey exchange. New installations will be rated on a cost basis)

1. General

Universal Emergency Telephone Number Service (911 Service) is an arrangement of Telephone Company central office and trunking facilities whereby any telephone user who dials the number 911 will reach the emergency report center for the telephone for which the number is dialed or will be rerouted to a telephone company operator if all lines to an emergency report center are busy. No charge applies for calls to the 911 number. 911 service can be furnished to only one subscriber per central office entity for completion of calls to only one emergency report center for each such entity at any one time.

B. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE 911 (Cont'd) (C)

2. Regulations

- a. The service is furnished to municipalities and other governmental agencies only for the purpose of voice reporting of emergencies by the public.
- b. When 911 service replaces an existing emergency number, intercept service shall be the responsibility of the agency. However, if the agency is unable to provide this service, the telephone company operator will intercept and forward the request for emergency aid for a period of at least one year.
- c. The determination of the public safety agencies which participate in a 911 service and the control and staffing of the emergency report center shall be the responsibility of the subscriber; provided, however, that at least one of the participating public safety agencies shall be in a law enforcement agency.
- d. 911 service is furnished for receipt of incoming calls only. If no emergency report center subscriber exists for a central office entity, a telephone user who dials the number 911 will be routed to a telephone company operator.
- e. The Telephone Company will recommend to the subscriber adequate trunking and equipment for the service. A sufficient number of lines and sufficient answering equipment should be subscribed for in order to handle adequately the incoming calls.
- f. Sufficient personnel should be provided by the subscriber to handle adequately the incoming calls 24 hours a day.
- g. Other exchange service shall be subscribed for at the same location as the emergency report center for administrative purposes, for the placing of outgoing calls and for receiving emergency calls relayed by the operator.
- h. The service is furnished with the understanding that the subscriber shall provide assistance on all emergency calls from the public, or secure or attempt to secure the assistance of the appropriate serving agency.
- i. One monthly bill shall be rendered for the service for the subscriber. The bill will not be prorated among participating agencies.

D. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE 911 (Cont'd) (C)

3. Conditions of Furnishing Service

The furnishing of this service shall not create any liability, direct or indirect, to any person who dials the number 911, or for whose benefit the number 911 is dialed. The Telephone Company's liability in furnishing service is set forth in Section B, Paragraph b.5 of this tariff.

4. Rates and Charges (for Hershey)	<u>Monthly Rate</u>	<u>Installation Charge</u>
a. Lines between emergency report center and central office which is the last switching point for 911 service, each	\$62.95	\$300.00
b. Answering equipment at emergency report center	Tariff rates and charges for equipment furnished	

(C)

(C)

* Where the central office building which is the last switching point for the 911 service and the normal central office building for the emergency report center location are not within the same primary calling area, mileage charges for the distance between central office buildings, as specified in Section 4 of this Tariff, also apply to each line.
